¿NOS ENGAÑAN LOS EXTRATERRESTRES?

Las contradicciones de los mensajes revelados, AL DESCUBIERTO.

Hipótesis explicativas de las modernas revelaciones discrepantes.

¿POR QUÉ SE CONTRADICEN ENTRE SÍ LOS DATOS REVELADOS POR DIVERSAS FUENTES?

2

La revelación contemporánea no es obviamente monolítica, sino por fortuna multifacética. Incontables reveladores están trasvasando en el siglo XX una profusa información inédita desde superiores esferas de existencia, esclarecedora de la estructura del universo, el campo de fuerza energética divino, leyes naturales vigentes en el cosmos, la energía lóvica desegocentrizadora y la naturaleza de la realidad espiritual. La comunicación interdimensional resulta en general de un gran interés científico, filosófico y metafísico. Ya que el contenido de los mensajes parece coherente, inteligente y ético, lógicamente sus pretendidos autores hiperevolucionados del mundo intangible deberían ser veraces y fidedignos, incapaces bajo ningún concepto de mentir y engañar a su grey perceptora evolutivamente subdesarrollada. En consecuencia todos ellos, no hay que decirlo, estarían obligados a ofrecernos las mismas descripciones básicas de idénticos hechos y conceptos.

Pero hete aquí que los beneficiarios de la producción revelatoria enfrentamos una muralla insalvable: las evidentes, graves y flagrantes CONTRADICCIONES aparentes entre revelaciones independientes acerca del mismo tema. Sobre una cuestión concreta, unívoca, definida con precisión y de considerable trascendencia, un arcángel nos dice "A", y otro se descuelga con "Z". Este dicta "blanco", y el instructor cósmico que le sigue, impertérrito, "negro", y así sucesivamente, hasta sumirnos en la desesperanza.

¿Por qué este interminable y desconcertante conflicto entre verdades inspiradas? ¿A quién debemos creer, y qué aseveraciones hemos de rechazar como disparates sin sentido? ¿Cuáles son las fundadas razones que justifican la fabricación de exposiciones celestiales absolutamente incompatibles? ¿Conversamos por la vía del teléfono rojo intercósmico con indeseables, mentirosos y psicópatas del etérico? ¿Son los mediums y contactados víctimas de delincuentes astrales sin escrúpulos, cínicos artifices de una fría y deliberada campaña de decepción?

¿O es que la veracidad no es norma en otros recintos de allende el espacio/tiempo? ¿No son tal vez mutuamente excluyentes la honradez y la mentira? ¿Están ejecutando seres de otras dimensiones una monstruosa mixtificación, plasmada en millones de páginas <sup>PSEUDOCIENTÍFICAS</sup> insufladas en este planeta? Y si así fuera, ¿para qué? ¿Qué <sup>LARVADOS</sup> propósitos perseguiría tamaña mafia del embaucamiento colectivo? Y en tal caso, ¿cómo es que la policía interplanetaria no impide semejante <sup>ATRACTIVAS</sup> SUPERCHERÍA Y delito contra la verdad que nos hará libres? ¿O hay motivos convincentes para permitir este malsano lavado de cerebros a la raza humana? ¿A qué viene el que cada "contactante" de turno se saque de la manga una versión sui generis de la "auténtica" vida de Jesús, diametralmente opuesta a la de sus restantes <sup>INVISIBLES?</sup> colegas? ¿Qué hacemos con las docenas de teorías <sup>ATRACTIVAS</sup> discrepantes en torno a la constitución última de la materia, el espacio, la gravedad y el tiempo, que nos han endilgado los mentores ultraterrestres?

Nos preguntamos la causa de que muchos reveladores enseñen por ejemplo que la reencarnación es un fenómeno universal, válido en la creación total, mientras que otros predicán que aquí venimos una sola vez y cuando nos marchamos es para no volver. ¿Cuál acierta y <sup>QUIEN</sup> se equivoca?

3

Ya que todas las cosas han de tener un propósito definido en la vida, suponemos que la falta de coincidencia en la revelación contemporánea no se debe a la casualidad, sino que ha sido instituída con alevosía y descarada deliberación, una filtración de informaciones emponzoñadas plenamente respaldada por el ordenamiento jurídico imperante en la cosmosfera, racionalmente justificada por una constelación de profundas y complejas motivaciones, extremadamente importantes.

La razón del presente trabajo es precisamente analizar por qué ha sido necesario orquestar en la Tierra el extraño montaje de una catarata de datos revelados intrínsecamente controvertidos, que han sumido en un penoso estado de confusa perplejidad a la baraunda de adictos del "channeling".

Aportamos una breve compilación de reflexiones acerca de los posibles cómo y por qué del omnipresente antagonismo entre los diversos productos revelatorios, que quizás iluminen al lector sobre el misterioso fundamento de tantos puntos de vista irreconciliables en los modernos dictados psíquicos, el que los agentes reveladores raramente se pongan de acuerdo entre sí, y por qué la literatura descendida de los cielos contiene infaliblemente una suma de supuestas verdades, <sup>A</sup>contrarrestadas <sup>FOR</sup> el antídoto de otras tantas contra-verdades.

El problema de la contradicción estructural de las transcripciones telepáticas no es en modo alguno una intrascendente banalidad. Tal vez la humanidad se esté jugando su bienestar espiritual y progreso ético con la surrealista técnica revelatoria que nos ha tocado sufrir, asunto que debiera ser objeto de concienzudo estudio científico en las universidades e institutos de investigación.

Por de pronto a las víctimas de tan escandaloso absurdo revelatorio nos cabe un particular derecho al pataleo: estar advertidos, no tragarnos los burdos anzuelos que nos arrojan los <sup>TURBIOJ</sup> pescadores transdimensionales, ser conscientes de que estamos siendo carne de cañón de una vasta estrategia de información/desinformación <sup>DRÓGARNOJ</sup> harto inteligente, que hubiera merecido el aplauso de Nicolás Maquiavelo. "Defendámonos de los dioses", permaneciendo alerta, <sup>"ELLOS"</sup> conocedores de los trucos y señuelos con los que pretenden manipularnos, lo que nos permitirá cosechar oportunamente el trigo revelatorio, asaz hermoso y útil, devolviéndonos el boomerang de la cizaña a los anti-cósmicos profesionales de la revelación que se afanan en o extinguirnos con el curare, de paladar ambrosíaco, de sus flechas informacionales.

(APPARENT SERIOUS CONTRADICTIONS AMONG DIFFERENT CONTEMPORARY REVELATIONS FROM ALLEGED HIGHER DIMENSIONS).

**NATURALEZA DEL PROBLEMA:** En pleno siglo XX varios centenares -tal vez millares- de hombres y mujeres de todas las latitudes y condiciones sociales aseguran estar recibiendo información sobre el universo, la estructura de la realidad, la misión del hombre en el cosmos y las leyes naturales, proveniente de seres superiores más evolucionados que operan en esferas <sup>HIPOTÉTICAS</sup> <sup>SUPUESTAMENTE</sup> divinizadas del mundo invisible, y que están cumpliendo una <sup>PRETENDIDA</sup> misión de ayuda a la retrasada humanidad del planeta Tierra. Los datos presumiblemente revelados se nos ofrecen desde fuentes extraordinariamente numerosas y diferenciadas, y <sup>ACOSTUMBRADA</sup> coinciden con rara unanimidad en ciertas cuestiones básicas de naturaleza moral, como por ejemplo en que hay que combatir el egoísmo, amar al Padre y ayudar al prójimo. Sin embargo en otros temas muy concretos y definidos las entidades comunicantes suelen canalizar informaciones que pueden diferir ampliamente de una fuente a otra. Por ejemplo, y refiriéndose a la vida de Jesús, una entidad nos dice que murió en la cruz, otra asegura enfáticamente que fue crucificado pero sobrevivió, y una tercera afirma que el que pereció en el madero fue otro colocado en su lugar. Como se ve existe una aparente contradicción entre las tres distintas versiones, que nos llevan a un callejón de difícil salida: ¿Mienten dos y uno dice la verdad, los tres están despistados, o todos exponen hechos parcialmente ciertos?. ¿Creemos a uno solo de ellos?. ¿Pero a cuál?. ¿O mandamos al trio a paseo porque se están <sup>BURLANDO</sup> de nosotros?. Sería una pena, desperdiciar <sup>ASÍ</sup> las enseñanzas de tales comunicaciones, con frecuencia de considerable interés. En apariencia se constatan contradicciones insalvables entre las distintas versiones de la doctrina revelada. ¿A qué se deben?. Pues no lo sabemos, y eso es precisamente lo que preguntamos. Lo que sigue es un intento de centrar las ideas sobre algunas de las posibles explicaciones del chocante dilema de que los transmisores de la hipotética verdad no se pongan de acuerdo, sin que les importe dejarnos en un desagradable mar de confusiones:

**1ª):** Las comunicaciones no son de origen exógeno, sino que provienen del subconsciente humano, del inconsciente colectivo de ciertos grupos o de la humanidad entera, o bien de arquetipos raciales o nacionales. Dada la heterogeneidad de tan complejas fuentes no es raro que cada una vaya por su lado.

**2ª):** Las contradicciones se evidencian en la superficie, son sólo aparentes, por nuestra falta de perspectiva de la totalidad, de la que sólo percibimos partes aisladas e incompletas. En el fondo las diferentes versiones no son opuestas, sino complementarias, matizando cada una de ellas aspectos particulares de la realidad.

**3ª):** Las contradicciones sólo se dan cuando se aplica la lógica clásica aristotélica. Los pares de Opuestos (bueno-malo, blanco-negro, etc.) pueden ser conciliables en profundidad, ambos "ciertos", válidos y no mutuamente excluyentes. Y tal vez haya que arrinconar en el cuarto de los chismes el famoso "Principio del Tercio Excluido".

**4ª):** Los relatos de la vida en el "más allá" pueden diferir porque grupos de personas con determinadas ideologías pudieran sufrir diferentes experiencias post-mortem, si es verdad que en el mundo "astral" el entorno lo crea el propio individuo con su energía mental, de acuerdo con sus creencias estereotipadas. Es decir, el que teme el infierno cristiano lo sufrirá, y el que anhela disfrutar las huries mahometanas las fabricará con su pensamiento. Y todos estarán diciendo la verdad.

**5ª):** Lo que existe no es simple ni lineal, sino extremadamente complicado, tal vez de una complejidad prácticamente infinita.

La realidad es pues polivalente, hipercompleja y multidimensional, permitiendo la existencia de versiones no coincidentes, que representarían aspectos parciales del esquema de las cosas, fragmentos aislados escasamente significativos sin considerar el todo al que pertenecen.

6\*): La Creación es un conjunto de universos paralelos o realidades alternativas estratificados en bandas frecuenciales, dimensiones o esferas de existencia separadas por sus respectivos niveles de vibración. No habría contradicción real si las transmisiones se refieren a o describen distintos "planos" vitales.

7\*): No existe una Realidad "real", objetiva y absoluta, independiente de los seres que la perciben y en parte la "fabrican" con su estructura psicológica y aparato de percepción. Por lo tanto el transmisor o el medium, o ambos, pueden estar creando sus propias versiones individuales de la realidad "exterior", ambas equivalentes e igualmente válidas y "reales", y que naturalmente pueden diferir.

8\*): Cada revelador "es un mundo", como ocurre entre nosotros, y cuenta su propio universo interior, muy teñido de subjetivismo. Sus palabras no pasan de ser opiniones personales, y pueden no parecerse ni por el forro a la de su vecino igualmente dedicado al deporte de la revelación.

9\*): Los agentes transmisores pueden estar equivocados o mal informados, si es que saben casi tan <sup>POCA</sup> verdad como nosotros, y más bien debieran estar en la banca mirando a la pizarra, y no en la tarima. Se limitarían a transferir de buena fe su docta ignorancia.

10\*): Entre los agentes reveladores pudieran estallar rivalidades y celos profesionales, y algunos introducirían detalles espúreos para contradecir a un competidor y restarle prestigio. Tales enemistades cósmicas resultarían improbables entre seres de alto desarrollo espiritual.

11\*): El transmisor ofrece la verdad "A", y el medium la tergiversa con sus propios prejuicios inconscientes, ideas y opiniones personales, transformándola en otra verdad "Z". Similar destrozo del texto original pueden realizar otros que intervienen en el proceso revelatorio: dirigentes del grupo al que pertenece el medium, "correctores de estilo", acciones de censura, editores, etcétera.

12\*): Con cada grano diversificado de revelación se pretende hacer mella en un limitado grupo de seres humanos, predispuestos a admitir esos conceptos por sus condicionamientos históricos, culturales y sociológicos, con el fin de ayudarlos a evolucionar, aun a costa de recurrir a "muletillas de verdad" defectuosas, pues más vale una verdad imperfecta pero asimilable que otra más exacta pero incomprensible, o que ninguna verdad en absoluto. Así pues cada cuerpo doctrinal revelado se destinaría a pequeñas agrupaciones de ciertas ~~áreas geográficas~~ áreas geográficas, razas y tradiciones religiosas, retazos de los únicos rudimentarios "guisos de verdad" que son capaces de tragar, para que se vayan aviando. Más tarde, cuando crezcan en sabiduría y experiencia, se les proporcionará <sup>PAELLAS</sup> doctrinales mejor elaboradas por chefs de la cocina francesa, pues el régimen dietético revelatorio depende del estómago que ha de digerirlo.

13\*): Los arcángeles se dirigen ~~al hombre~~ al hombre como nosotros les hablamos a los niños, endilgándoles burdas simplificaciones de la verdad, porque hasta que no alcancen una madurez mental son incapaces de entender otra cosa. A medida que la raza humana incrementa su coeficiente de espiritualidad, la revelación se va haciendo más sofisticada y describe con <sup>MAJOR</sup> exactitud la situación real, pero mientras <sup>TANTO</sup> nos dejan caer bondadosas mentirijillas adaptadas a la embrionaria mentalidad infantil, esquemáticos engaños ~~que cumplen~~ que cumplen la misión transitoria de aupar a los salvajes-niños en la escala de Jacob. Y estos eficaces embustes pueden diferir unos de otros, según se lleve a cabo la degradación de una verdad compleja en su quintaesencia de tebeo para crios.

14a): Los rollos que sueltan ex-cátedra los reveladores son básicamente correctos, pero al mismo tiempo entidades malignas desencarnadas, dotadas de cierto poder y ejercitando legítimamente su libre albedrío, entremeten en la conciencia del "canal" o medium conceptos fraudulentos, con el fin de introducir confusión, restar credibilidad al mensaje y desprestigiar la enseñanza transmitida. La disminución de la coherencia, lógica intrínseca y eficacia del texto por esta adición críptica de datos absurdos o inexactos puede ser enorme, hasta el punto de que nadie crea una palabra de esa mezcla caótica de insensateces y excelsas "píldoras" filosóficas.

15a): A veces no se trata de un artero gazpacho de verdades y mentiras, sino que la totalidad de lo revelado tiene su origen en la ingente masa de entidades diabólicas que vagabundean por el bajo astral, infiltrando en la mente humano tentaciones e ideas perversas. En este caso, y para que no nos olamos la tostada, una parte del material puede venir empaquetado con un maravilloso aspecto espiritual, y la podredumbre salpicada aquí y allá con habilidad científica, de tal manera que el conjunto resulte altamente negativo, y que a los perceptores les sea casi imposible cribar el trigo de la cizaña ni defenderse de los efectos corruptores de una mezcla tan inteligente y bien disfrazada.

16a): La actividad revelatoria global se encuentra centralizada y firmemente controlada por seres subdivinos con legítima autoridad delegada por el Creador, que permiten, con plena conciencia de lo que está ocurriendo, que los espíritus que infectan las regiones purgatorias intercalen atrocidades en las exposiciones ofrecidas por seres superiores. Las razones por las que los "ingenieros siderales" autorizan tan ultrajantes anomalías han de ser lógicamente muy poderosas, como por ejemplo:

A): El principio del libre arbitrio es un postulado sagrado en toda la Creación, sin ninguna excepción. Si ángeles caídos o individualidades relativamente desarrolladas que rondan en los planos infernales del mundo astral adoptan la decisión de diseñar revelaciones-fraudes e instilarlas en el ánimo de los mortales, nadie, ni siquiera Dios, moverá un dedo para impedirlo. (Otra cuestión diferente es que estos asesinos de la verdad paguen luego muy duramente sus fechorías por el mecanismo inexorable de la ley del karma).

B): Si se nos ofreciese un bloque de revelación único, perfecto y monolítico, nos condenarían al más calamitoso ostracismo intelectual y moral, pues para que no se anquilese ni caiga en la imbecilización por la rutina, el hombre necesita ir conquistando continuamente el conocimiento por medio de un esfuerzo consciente; sólo al que busca se le dará, nos han condenado al rudo trabajo de entresacar los árboles de la verdad uno por uno de un inmenso bosque con las especies vegetales arrebujadas en una maraña casi (no del todo) inextricable, y allí sobre la marcha, sin tratados de Botánica a mano, nos obligan a distinguir la noble caoba del vulgar pino piñonero, de tal manera que la verdad jamás resulte evidente e incontestable.

C): Si se nos regalase una verdad absolutamente clara y lógica, resultaría evidente por sí misma, y la gente se vería literalmente obligada a aceptarla, con la consiguiente anulación de su sacrosanto libre albedrío. Por lo tanto la revelación necesariamente ha de pergeñarse de forma incompleta y con elementos que ofrezcan dudas, al objeto de que el producto final no resulte totalmente convincente y a sus consumidores les quepa la opción de rechazarla o aceptarla libremente

D): Los gobernadores de los mundos dejan que circule una verdad un tanto caótica, mezcla de oro y pacotilla, por el mismo motivo por el que permiten la existencia del mal, para que se dé el contraste (entre el bien y el mal, verdad y mentira, etc.), y a los humanos les quepa elegir por propia voluntad entre varias opciones alternativas, y todo ello para que poniendo en juego libremente su ingenio y trabajo o estupidez y pereza, puedan ganarse el palo o el terrón de azúcar, el premio o el castigo kármicos autainpuestos en la Manifiestación Universal.

17a): Las consecuencias de un dificultoso caos revelatorio, cuyas hipotéticas causas se han relacionado anteriormente, no son en todo caso de preocupar, pues afectarían a un núcleo infinitesimal, prácticamente despreciable, de la población del planeta. La inmensa mayoría del pueblo es influida, si acaso, por una sola de la miríada de porciones revelatorias que circulan en la actualidad: son católicos, mahometanos, marxistas, seguidores de Urantia, espiritistas, discípulos de Gurdjieff, simpatizantes de la Findhorn Community y así sucesivamente, con exclusión de los demás cuerpos doctrinales; creen en una sola cosa, y lo otro, ni se molestan en averiguar que existe. El inconveniente de una verdad aspersada a la humanidad en la forma de millares de razones doctrinales independientes, cada una de su padre y de su madre, y a veces francamente contradictorias y hasta mutuamente excluyentes, es que la persona que se tome la trabajera de investigar cuidadosamente un baul de estas cápsulas revelatorias tan mal emparentadas, caerá en un espantoso abismo de confusión, si es que antes no se ha provisto de las oportunas cautelas y de un adecuado entrenamiento para abrirse paso a machetazo limpio en la selva revelacional sin acabar devorado por las fieras. Pero al fin y al cabo, ¿quién se molesta en estudiar varias revelaciones, comparándolas entre sí para apropiarse el contenido positivo de cada una de ellas, arrojando al cesto de basura la ganga restante? Pues prácticamente nadie, algún chalado espiritual por ahí suelto, o rarísimos especímenes de hambrientos buscadores de la verdad a ultranza, una ínfima minoría que se contará con los dedos de pocas manos. No cabe duda que estos locos por la verdad pueden acabar seriamente dañados por el siniestro y abrumadoramente polifacético potpourri de la revelación mundial. Pero también cabe pensar que cuando se atreven a aventurarse por tan procelosos caminos será por algo, a esas alturas tal vez ya hayan generado los suficientes anticuerpos para resultar inmunizados contra la olla podrida de la maldita revelación. Y tampoco hay que olvidar que el que mucho arriesga mucho gana, pudiera ser que los dividendos de la peligrosa expedición al Everest -el otro Monte Análogo- en busca de la verdad revelada sean fantásticos, inconcebiblemente remuneradores, nada menos que un El Dorado de conocimiento que lleva a las puertas evolutivas de la misma fusión con el Padre. Quién sabe. Por si las moscas desgranemos una oración por estos audaces aventureros de la verdad, pues es muy probable que la estén necesitando rabiosamente.

18a): Otras motivaciones no identificadas, que justifiquen las aparentes contradicciones que se observan entre las diferentes especies revelatorias. Rogamos al vecino, a la Jerarquía, o a quien corresponda, que por favor incurran en un acto revelatorio más y resuelvan de una vez el misterio de por qué tenemos que aguantarnos con una revelación que no hay Dios que la entienda.

19a): Los detalles incongruentes, inexactitudes y "toques" absurdos pueden ser introducidos en la doctrina directamente por los propios técnicos de la revelación, a sabiendas y con toda premeditación. ¿El fin justificaría los medios? Al parecer sí. Salpicando aquí y allá un escrito racional con "boutades" estúpidas se le convierte en un mensaje inofensivo de cara a las masas. El gran público desdeñaría la enseñanza por esta sabia ingeniería del desprestigio, pero sin embargo una minoría alerta y advertida hará caso omiso del "ruido de fondo", apartará la hojarasca verbal añadida y se irá al fondo del asunto, y así todos contentos, la población general no resultará afectada, y al mismo tiempo los "buscadores de la verdad" encontrarán el móvil de sus investigaciones, información objetiva sobre la realidad, originada en el Espacio. Vivir para ver, o de cómo está permitido engañar a la gente común, para que una elite incremente su "cultura exógena".

20a): Todas las diferentes versiones contradictorias entre sí existen integrando una realidad total inimaginablemente compleja y polidimensional, y en tal caso los profesionales de la revelación no estarían mintiendo ni representando una comedia. Los tipos de realidad posibles o "probables" postulados por "Seth", según comunicaciones recibidas por la medium Jane Roberts, justifican esta provocativa y revolucionaria afirmación que abunda en lo expuesto en la posibilidad 6a.

21a): Tal vez la clave de las contradicciones reside en las palabras de Gene Kieffer, fundador del Kundalini Research Institute: "The more we come up against the impenetrable enigmas of psychic phenomena, the more we fractionate our personalities. There are infinite numbers of separate realities. There is no single underlying truth to inert meditation".

22a): Por una explicación parecida se inclina el medium británico A. Farnese, que en 1.896 escribió un libro revelado sobre el destino después de la muerte titulado "A Wanderer in the Spirit Lands". Su invisible comunicante le insinuó que en la Creación de ninguna manera existe una "Verdad", camino de salvación o experiencia post-mortem que sea absoluta y uniforme para todos los seres. Por el contrario lo que predomina es el criterio de un amplísimo abanico de toda suerte de oportunidades, una inmensa variedad de situaciones para dar juego a muchas elecciones alternativas del libre albedrío, y evitar así la monotonía y la standardización de la vida en el cosmos. De esta manera, y concretándonos a las experiencias post-mortem, cada grupo humano diferenciado (según nacionalidades, razas, rasgos culturales, desarrollo intelectual, temperamentos, creencias religiosas, escuelas de pensamiento, etc., etc.) será protagonista de situaciones distintas, de acuerdo a sus creencias, deseos y aspiraciones, y en función de todas las características de su "personalidad", lo que implica una gama inacabable de posibilidades "contradictorias". En lo que se refiere a la Reencarnación, sólo algunos grupos humanos la experimentan (porque la esperan y tienen fe en ella, o porque es una técnica evolutiva eficaz para ellos, etc.), pero en cambio otros conjuntos de personas no reencarnarán una y otra vez en este mismo planeta, sino que correrán distinta suerte en otros centros de experiencia. (Una posible forma de que se cumpla la ley del karma, sin necesidad de reencarnar, es haciendo que cada persona viva mentalmente (sin experimentarlas en un entorno físico material) las situaciones que ha merecido protagonizar como efectos de las causas que ella ha puesto en juego). Si todo esto esto fuese cierto, el aparente caos revelatorio adquiriría un sentido, ya que cada agente revelador estaría describiendo parcelas autónomas, diferenciadas y no excluyentes de la realidad total, no necesariamente contradictorias entre sí, sino cada una pudiéramos decir que separada, distinta y con un conjunto de propiedades muy particular y único. La riqueza casi infinita de oportunidades libremente elegibles, y la grandiosidad de tal universo, son sencillamente inimaginables.

23a): El Dr. Zelrun W. Karsleigh, destacado "Contactee" con 22 años de experiencia canalizando informaciones transdimensionales (de gran profundidad e interés) en la Universarium Foundation de Portland (Oregon), opina del siguiente modo sobre el posible origen de las contradicciones en los datos revelados: 1º): Se deben en parte a la enorme masa de "formas mentales" (Thought-Forms) acumuladas en el Eter o atmósfera astral del planeta, que crean confusión y distorsionan el contenido de la verdad transmitida. 2º): Muchos errores recibidos provienen de entidades del bajo astral. 3º): Los libros o mensajes que niegan o no consideran debidamente la Reencarnación pueden tener por autores a seres extremadamente evolucionados, pero que sin embargo nunca han experimentado existencias encarnados en la Tierra. Estas entidades tal vez vengan de otras galaxias exteriores a nuestra Via Láctea. "ONASPE" es un libro revelado que puede servir de ejemplo a este respecto. 4º): Para enfrentar este dilema, la Verdad ha de ser necesariamente "cribada" de forma muy personal por cada individuo separadamente, y todos nosotros estamos obligados a realizar esta evaluación o discriminación (qué es lo "verdadero", y qué no lo es tanto), con la ayuda de nuestra "guía" o iluminación interior.

24a): Veamos lo que opina al respecto el Axminster Light Centre británico, tras consultar el problema con las entidades ultradimensionales de las que reciben informaciones: A): En estos críticos momentos de profundos cambios para la Tierra, una inmensa cantidad de seres están intentando ayudarnos desde el mundo invisible, transmitiéndonos informaciones desde muy diversos estadios evolutivos, y variadísimos planos de existencia. Tales Comunicantes no son de ningún modo perfectos, sino que, al igual que los simples mortales, poseen serios fallos y defectos. Ellos nos ofrecen sus propias conclusiones individuales, que no pasan de ser meras opiniones personales. Y con bastante frecuencia caen en el error y se equivocan, por lo que nosotros recibimos datos inexactos.

B): Los instrumentos humanos que canalizan sus mensajes tampoco son perfectos (perfecto sólo es el Padre, no lo olvidemos), y esto da lugar con frecuencia a distorsiones e interpretaciones personales incorrectas por parte del medium, que adulteran la genuína verdad transferida. C): Lo que podemos llamar "realidad" no tiene sentido más que a una escala rigurosamente individual. Lo que es realidad para uno, no resulta necesariamente realidad para otro. Y, para una misma y única persona, una realidad no lo es verdadera-mente hasta que no ha sido realizada por ese individuo, es decir, en tanto en cuanto no la vive en su íntima experiencia de ser humano. D): La única manera de poder discriminar con "certeza" lo que es verdadero y lo que es falso reside asimismo en la investigación individual de la verdad. E): La forma más eficaz de llevar a cabo tal discernimiento de carácter personal consiste en la meditación. El mejor atajo, si es que hay alguno, es dejar de leer libros sobre la verdad revelada, y aprender a meditar. Las únicas consecuciones realmente valiosas provienen de nuestros propios hallazgos durante la meditación. Por igual procedimiento podemos someter a comprobación personal las verdades ajenas que otros han encontrado. F): Una vez que obtenemos nuestra propia verdad utilizable a través de la meditación, dejará de preocuparnos el dilema de las contradicciones en los datos revelados, pues con nuestra verdad, naturalmente, nos bastará. G): La Reencarnación es el destino de tan sólo algunas personas, pero no de todas. Esto se debe a que las experiencias vitales son extremadamente numerosas, y varían unas de otras en grado infinito.

25a): La vidente Patricia, del Axminster Light Centre británico, en su boletín "THE OMEGA PAPERS" (Autumn 19-77), sugiere que la Creación es un conjunto indescriptiblemente vasto en sus inagotables gamas de variedad y diversidad, regido por un principio general de la más absoluta unidad, coexistente con un insondable desarrollo de la diversificación a extremos prácticamente infinitos. En un universo tan extremadamente multiforme y polifacético es inevitable que surjan problemas a la hora de definir y evaluar lo que es la "verdad", dificultad muy acentuada en los niveles evolutivos inferiores. En el mismo sentido actúa nuestro lenguaje actual, incapaz de expresar numerosos aspectos de la realidad, lo que introduce inexactitudes y distorsiones en las revelaciones obtenidas por este medio de comunicación, ya que así lo que nos llega son semiverdades que originan confusión, pues es imposible verter en un escrito lo que es inexpresable en palabras.

26a): Por su parte Miss Mary Swainson, que también en Inglaterra recibe comunicaciones de la entidad "Gildas", pone de relieve que en el mundo espiritual se está llevando a cabo un gigantesco volumen de trabajo asistencial y revelatorio, que se manifiesta en una enormidad de aspectos distintos, a través de incontables caminos, "idiomas", maneras y formas, grandiosa riqueza instituida para que la totalidad de los seres que pueblan el cosmos cuente con las suficientes oportunidades de aprendizaje evolutivo, cualesquiera que sea su capacidad, características individuales y posición en la escala de Jacob. A su vez el "contacto" se ofrece desde numerosísimos niveles del mundo invisible, que difieren sustancialmente entre sí, y se transfieren mensajes utilizando diversas técnicas comunicativas. A medida que ascendemos, el aparente poliformismo de la verdad tiende a desaparecer, y en la cumbre la verdad es una, cualquiera que sea el "idioma" en que se ha traducido. La situación se complica todavía más debido a que cada uno de nosotros posee un distinto nivel de comprensión, desde el cual la verdad puede parecernos en oposición a cómo la ve el vecino. (En rigor ambos tenemos razón, sólo que desde nuestros respectivos puntos de vista). Cada individuo exige una vía de aproximación a la verdad que es única e irrepetible, un "idioma" totalmente personal, cuya consecuencia es que toda unidad intencional está "condenada" a discriminar la verdad por sí misma, a separar el trigo de la cizaña por sus propios medios, pues el grosor de la malla del cedazo de su hermano, por definición, nunca podrá coincidir con <sup>el</sup> suya. O lo que es lo mismo: vivimos en un interesantísimo universo, diseñado a la más maravillosa escala individual, donde usted y yo contamos con todas las oportunidades de perfeccionamiento "ad infinitum", con tal de que por libre elección decidamos echar mano de ellas. O, como dice Phylos "The Tibetan", a través del medium

Dr. Zelrun W. Karsleigh, de la Universarium Foundation de Portland, Oregon: "All things are real, upon the particular plane of existence."

27a): El italiano Eugenio Siragusa dictamina que el conflicto entre las distintas revelaciones de nuestra época se debe a que las criaturas externas que transmiten las informaciones utilizan otra lógica no siempre comprensible para nosotros. Sus aseveraciones deben ser entendidas como lo que realmente son desde el punto de vista de los Informantes, y no según nuestra limitada e imperfecta lógica terrestre. Por otra parte muchas personas reciben dictados parcial o totalmente falsos, ya que no provienen de entidades superiores, sino de sus propios Egos Superiores, o de almas desencarnadas de escasa sabiduría.

28a): En opinión de Levi M. Arnold, que en 1852 publicó en Nueva York el libro revelado "HISTORY OF THE ORIGIN OF ALL THINGS", las revelaciones de todas las épocas, si proceden del espíritu de Dios, concuerdan siempre. Pero al mismo tiempo pueden existir comunicaciones discordantes, causadas por voces extrañas, fenómeno debido a la imperfección de los mediums, que no someten como debieran su voluntad personal a la del Creador. Por otra parte lo que predomina en el universo es una infinita variedad, la diversificación llevada a extremos inagotables. Por tal motivo ocurre que en la Creación de Dios el conocimiento de una parte, nivel o esfera del Todo, de ninguna manera implica el conocimiento de otra parte. En este sentido no es válido inferir por analogía.

29a): Por su parte Mrs. Illiana, que en Brookfield (Massachusetts) se mantiene en contacto con otros niveles vibratorios, en la sede de su grupo "New Age Teachings" recibió el 21 de Febrero de 1980 un mensaje sobre las aparentes discrepancias, que pudieran explicarse por la fuerte pugna que se está llevando a cabo en esferas superiores entre dos grupos, las Fuerzas de la Oscuridad que se oponen a las de la Luz. Las primeras están interesadas en crear confusión, y de ahí la existencia de "reports" que entran en conflicto entre sí, lo que exige de nosotros que ejercitemos en alto grado la discriminación. Por otro lado sucede que en nuestro planeta convive una gama humana extremadamente diversa, integrada por millones de personalidades de muy dispares dotaciones intelectuales y morales, lo que hace necesario el que el Reino de la Luz seleccione Canales (Mediums) con cualidades expresivas nada parecidas entre sí, de aquí que podamos leer el mismo mensaje expuesto en centenares de formas distintas, lo que no quiere decir que sean en sí contradictorios, sino únicamente que ~~no~~ no coinciden en la manera de ser formulados. Como cada intelecto los comprende de diferente forma, a algunos les parece que entran en conflicto entre sí. El problema se agrava porque nuestro lenguaje es dramáticamente inadecuado para trasvasar la verdad espiritual. Según Illiana en caso de enfrentarnos a dos enunciados contradictorios, nos ayudará a discriminar entre ellos el estudio de los respectivos mediums que los transmiten. La probabilidad de que un "Channel" esté conectado con las esferas positivas del mundo invisible será mucho mayor si se manifiesta con claridad de modo que todos lo comprendan, si nunca transmite mensajes públicos que reflejen una personalidad egocentrista, ni profecías fatalistas que no puedan ser alteradas por la conducta <sup>FUTURA</sup> de los afectados, ni cobr<sup>E</sup> por sus servicios excepto las donaciones que libremente reciba, y que no use títulos o atributos de prestigio y poder, ni se vincule al sistema económico y político establecido.

30a): El Maestro Saint Germain ha informado al medium argentino Oscar Carlos Badolato de que ciertas supuestas comunicaciones atribuidas a habitantes de Marte y otros planetas, etc., no son auténticas, sino que proceden de personas terrestres con potentes habilidades de transmisión telepática que emiten sus descabelladas teorías, las cuales son captadas por un "Channel" o <sup>RECEPTOR</sup> que esté en armonía o en la misma "longitud de onda" que el emisor, y este receptor las atribuye equivocadamente a superhombres o maestros galácticos.

31a): Carla L. Rueckert, coautora de "SECRETS OF UFO" -un libro transcendental para comprender el Omniverso-, sugiere que estamos recibiendo informaciones de muchos grupos o sociedades interplanetarias e interdimensionales que difieren grandemente entre sí, y de ahí la disparidad entre sus respectivos mensajes. Por otro lado una serie de entidades del mundo astral se hace pasar por extraterrestres, y transmiten datos falsos que generan confusión. Dejando "reposar" sin prejuicios toda esta masa de datos, finalmente pueden discernirse ciertos modelos o patrones orientativos. Y por medio de la meditación se obtienen respuestas a este <sup>DELICADO</sup> problema, siempre a nivel individual.

32a): B. Kenadjian, presidente de la New Age Action Group, (Alexandria, Virginia), da a entender que en los planos celestiales existen los mismos problemas que en la Tierra, a pesar de que allí el entorno sea distinto y no exista cuerpo físico. Básicamente las mismas entidades habitan ambas esferas. Y al igual que entre nosotros las autoridades o líderes no se ponen de acuerdo entre sí sobre muchas cuestiones, y no siempre son sinceras ni tienen razón, estando envueltas además en notorios intereses creados, algo similar ocurre en el mundo invisible, lo que origina sus correspondientes efectos en el sistema de comunicaciones entre ambos niveles. En cuanto a la Reencarnación, no se trata de un supuesto universal y de alcance igualitario, es decir, ni todos reencarnamos en la Tierra ni todos emigramos a otros orbes, más bien estamos ante un tema de naturaleza no pública y general, sino privada y muy personal. Las decisiones sobre si retornamos, o no, al plano físico, no son de conocimiento público, sino materia de estricta intimidad que adoptamos a escala individual, con el auxilio de nuestros guías o mentores. Por otro lado el "más allá" es el recinto donde se practica la más absoluta segregación social de todo el universo; allí la gente de ninguna manera se mezcla, sino que los de la misma condición se asocian en grupos apartados e independientes. Únicamente los que mantienen iguales creencias se reúnen entre sí, lo que implica que existen pocas oportunidades de discutir en común diferencias de opinión, y de ahí el notable y muy acusado "compartimentalismo" (cada loco astral con su tema, y cada cabra en su propio corral del Etérico) de la actividad revelatoria. Literalmente un sinnúmero de grupúsculos, aislados en "bolsas" de la realidad post-nortem autosometidas a una especie de cuarentena, nos están bombardeando con paquetes ideológicos altamente diferenciados, consistentes en opiniones personalísimas sobre la naturaleza de la realidad, puntos de vista de validez estrictamente individual, y que tal vez "no funcionen" al ser transferidos a corporaciones con otra mentalidad. La situación se complica aún más debido al hecho de que la mayor parte del aprendizaje evolutivo se realiza aquí en la Tierra y no en los cielos, por lo cual "allá arriba" es probable que predominen las actitudes saturadas de prejuicios, satisfechas con sus estrechos clichés mentales, todo lo contrario a la mente abierta y al interés en la verdad pura y objetiva. ii

33a): Sus Maestros invisibles han comunicado a Thelma B. Terrell ("City of the Sun", Columbus, Nuevo Méjico) lo siguiente: I): Los mensajes que son dictados desde un reino superior no descienden como podría suponerse directamente hasta nosotros, sino que bajan digamos escalón por escalón, atraviesan muchos niveles de realidad intermediarios, en cada uno de los cuales surgen diversas interpretaciones y codificaciones, como si las entidades de cada "piso" adaptasen la idea primitiva y <sup>RE</sup>enviasen hacia abajo su propia versión de la misma, y de esta manera lo que recibimos dista mucho del pensamiento original, que se nos entrega considerablemente deformado. II): La información es asimismo violentada por la mente inconsciente del medium receptor. III): Existen también "interferencias" técnicas, comparables a las de nuestras emisiones radiofónicas. IV): Del mismo modo se producen perturbaciones ocasionadas por fuerzas oscuras, por seres desencarnados de escasa altura evolutiva. V): Las diferentes terminologías complican aún más la situación, el mismo concepto puede ofrecerse con diversas presentaciones. <sup>VERBALES.</sup> VI): Ya de por sí en los reinos inateriales existen corrientes y vibraciones antagónicas, y esta tensión o conflictividad ha de reflejarse en las transmisiones informativas que de allí nos llegan. VII): El transcurso del tiempo y sus unidades de medida no se parecen nada entre ellos y nosotros, lo que les origina serias dificultades, y por esto se deben evitar las preguntas relacionadas con épocas o momentos cronológicos concretos. VIII): Al igual que cada uno de nosotros se encuentra en una posición evolutiva muy determinada, nuestros Comunicantes a su vez nos hablan desde sus respectivos niveles de desarrollo y entendimiento, que difieren sensiblemente entre sí, es decir, se dirigen a nosotros Maestros muy evolucionados, y otros cuyo avance espiritual es bastante más inferior, y por consiguiente la verdad se emite desde muy diversos ángulos. IX): "Ellos" no son omniscientes, dicen sólo lo que han sido capaces de aprender, y deberían empezar siempre sus discursos (cosa que desgraciadamente no hacen) con un "En mi opinión", "Por lo que yo sé", etc.. X): La revelación no es estática, sino dinámica y progresiva, y en cada etapa histórica se nos van ofreciendo gradaciones de la verdad cada vez más amplias, profundas y complejas. XI): La Jerarquía transdimensional tiene muy en cuenta este problema, al que considera de gran trascendencia, y cuya resolución implica muchos y graves obstáculos.

Sus miembros están haciendo un gran despliegue de esfuerzos para coordinar toda la masa revelatoria que se está canalizando hacia la Tierra, y conseguir que las informaciones captadas manifiesten una mayor unidad. Si no fuese por esta actuación organizativa de conjunto, el caos que reinaría en la maraña revelatoria sería mucho mayor. XII): La ambivalencia y el polimorfismo de la verdad revelada nos ofrece al menos una ventaja, y es que nos obliga a aprender a discriminar, a un utilísimo y obligatorio ejercicio de discernimiento que constituye una poderosa herramienta evolutiva. Dicha criba o indagación en pos de averiguar lo que es "verdadero" para el agente que la practica, cuenta con una ayuda infalible en el Cristo interno, fragmento del Padre Eterno o chispa divina que todos llevamos dentro, el cual nos guía eficazmente en el confuso laberinto de la verdad, con tal "que naturalmente le consultemos con ánimo sincero de aprender.

34a): Lou J. Kunstbeck (Roseburg, Oregon) consultó el conflicto entre las revelaciones con sus comunicantes habituales Monka y Soltec, y en Marzo de 1980 recibió la respuesta que resumimos del siguiente modo:

A): En el problema de las revelaciones divergentes incide un gran número de variables. Cuando el sujeto experimenta y vive personalmente un aspecto observado de la vida, este cúmulo de variables que influyen tiende a disminuir.  
B): En el Multiverso de Dios predomina la diversidad y la variedad.  
C): En la escala evolutiva, tanto para los mortales como los desencarnados, hay un inmenso número de pasos, etapas o posiciones, casi tantos como individuos existen, y por consiguiente igualmente grande es la cantidad de puntos de vista u opiniones diferentes. Cada uno de estos "casilleros evolutivos" existe por un propósito o motivo útil, y todos ellos son necesarios, inclusive los más inferiores o aparentemente negativos, pues para subir a un determinado escalón hay que haber pasado antes por el que le precede.  
D): Incontables son también los seres espirituales que nos ayudan, operan desde niveles o esferas muy diversos, y su capacidad de comprensión es radicalmente distinta entre ellos, aunque a nosotros nos parezca que deben integrar un estamento homogéneo. No lo saben todo ni mucho menos, y cada uno tiene un punto de vista particular sobre una misma cpsa, que depende precisamente de su "punto evolutivo" individual.  
E): En el vasto trabajo revelatorio, por estar plagado de obstáculos y dificultades, y para maximizar los resultados que se buscan, se aprovechan todos los recursos y oportunidades disponibles, que son ciertamente muchos. Una infinidad de comunicantes se afana sin descanso intentando traspasar informaciones diversificadas (adaptadas a cada nivel de comprensión). Con la ayuda de los individuos sensitivos, se intentan transmisiones por todas las vías y procedimientos técnicos posibles. Se "llama" a muchos eventuales colaboradores, y hay que esperar a que cada persona con cualidades psíquicas dé libremente su consentimiento.  
F): Existen dificultades técnicas intrínsecas de comunicación entre ambos mundos, que hay que vencer trabajando. La verdad que proviene del "bloque espiritual" precisa de una "reconversión" o adaptación para que resulte asimilable en el plano físico-químico, y en este proceso se pueden originar "traducciones" incorrectas que incorporan errores.  
G): El receptor o medium puede contaminar el mensaje con "adherencias" de su propio Ego, colorear fuertemente la información con su vocabulario y creencias personales.  
H): Ciertas entidades interesadas en que las masas resulten engañadas y confundidas introducen a propósito datos inexactos.  
I): El mismo elemento de decepción puede provenir no ya de un personaje astral impostor, sino de la misma conciencia global colectiva del planeta, o de ciertos grupos dominantes que aplican negativamente su fuerza creativa.  
J): De un modo muy general las cosas no son lo que aparentan ser, literalmente las apariencias engañan. Y las palabras que describen un ente o situación no son en modo alguno la cosa en sí misma descrita.  
K): La revelación es adaptativa a las cambiantes condiciones históricas y culturales. No tiene sentido comparar el contenido de libros revelados que fueron dictados en momentos <sup>Y LUGARES</sup> distintos. Al pueblo se le va "largando" conforme mejoran sus tragaderas, y lo que se les dice hoy no lo hubieran comprendido ayer. Cada período de la evolución humana requiere sucesivas adaptaciones de la misma verdad básica, que se amplía y profundiza para satisfacer los numerosos y modificables niveles de la conciencia de las masas. Es poco sabio deducir conclusiones definitivas del contenido actual de los libros revelados, pues a su vez en el futuro tendrá lugar una expansión y refinamiento de los mismos. En el pasado la verdad había que ocultarla o disfrazarla con alegorías y símbolos esotéricos, pero en nuestro tiempo ya no es necesario, ahora la revelación se vierte en lenguaje claro

L): Para captar la verdad que a cada uno nos es útil no nos queda otro remedio que discriminar, aprender la propia verdad que nos sirve mediante la inevitable experiencia personal de lo -para nosotros- verdadero y de lo falso. Viviendo así las situaciones llegamos a discernir la verdad **13** interior, la que tiene sentido en el fondo del corazón, pues no hay una única respuesta para todas las cosas, y mucho menos para la totalidad de los sujetos. M): La verdad revelada puede ser aprehendida por todo aquel que esté preparado para recibirla y desee colaborar en el plan divino. Pero también hay otros que se resisten continuamente a ella, y que niegan la verdad disponible porque no cuadra con sus criterios personales. Éstos gozan del privilegio de rechazarla libremente, a cambio de rezagarse en su crecimiento interior.

**35a):** Arthur H. Garside, "contactado" que trabaja en solitario en la República de Sudáfrica, opina que las contradicciones en la revelación se han de dar necesariamente, porque aquí estamos para aprender, y hemos de hacerlo a través de pruebas y obstáculos que nos ponen en nuestro camino para que logremos finalmente superarlos, y una de estas útiles dificultades consiste justamente en un sistema revelatorio complejo y difícil, cuyo esclarecimiento nos exige esfuerzo, un trabajo discriminativo de indagación, realizado el cual ponemos orden en el aparente caos revelatorio, y al mismo tiempo elevamos nuestra posición evolutiva. Las discrepancias se explican asimismo porque inclusive en los planos de más alta vibración existen acusadas diferencias individuales de opinión entre los diversos "Inspiradores", en virtud de distintos niveles de evolución, espiritualidad, formación, comprensión y demás. Y comparable heterogeneidad se presenta también entre los mediums o receptores de la información.

**36a):** Otra "contactee" de Scottsdale (Arizona), Francie Steiger, nos dice por carta lo siguiente: "There is one vision that exists and it leads us to God. Depending on the awareness of the visionary, or the receiver, they see a particular level or area of that vision, and color it with the belief constructs that exist as well as perceive it through the eyes of an already existing belief they feel is true. They feel the level they have seen is all that exist, yet there was much more. For all visions are connecting and but one truth."

**37a):** - Samuel G. Partridge (Grass Valley, California) ha preguntado a sus presuntos comunicantes arcangélicos el motivo de las revelaciones no coincidentes, y en su boletín "NEWS FROM THE MOUNTAIN TOP" de Febrero 1980 ha publicado la respuesta obtenida, que según él proviene nada menos que del Padre Celestial (Heavenly Father) en persona. Tan elevado personaje viene a decir que en estos días críticos existe una gran urgencia en transmitir el máximo volumen posible de información cósmica, por lo cual se están recibiendo muchos mensajes a través de centenares de <sup>IMPROVISADOS</sup> instrumentos humanos, buena parte de los cuales son nuevos en esta actividad y carecen del suficiente entrenamiento, y además con frecuencia se dejan llevar por tendencias egocéntricas y se satisfacen en dictar revelaciones que llamen la atención y estimulen su Ego, para conseguir lo cual sacrifican parte de la verdad recibida y la transforman en un contenido original y diferente, que sorprenda y excite a su "público". En esta actividad de distorsión se ven a su vez ayudados por ciertas entidades invisibles, que se complacen en lanzar informaciones fraudulentas con el fin de confundir. Así pues los datos genuinos acaban siendo parcialmente erróneos tras un proceso de supresiones, alteraciones del contenido original y añadidos posteriores. Pero hay aún otro motivo más para que se produzcan las referidas inexactitudes: a veces éstas son "radiadas" así, equivocadas desde su mismo origen, con un propósito deliberado, es decir, que desde las esferas superiores se nos catapultan verdades, pero también conceptos falsos. Por otro lado las comunicaciones provienen de toda suerte de niveles evolutivos sumamente diferenciados, por lo que no es de extrañar que diverjan notoriamente unas de otras. Y añade asimismo algo curioso: que esas informaciones están como si dijéramos "flotando en la atmósfera", a disposición general o poco menos, y que se las pueden apropiarse y re-transmitir gentes sin las necesarias garantías morales. Ante esta situación difícil y compleja estamos obligados a poner en juego un intenso esfuerzo personal de discernimiento, para separar, siempre a nivel individual, lo cierto de lo espúreo. Este imprescindible trabajo de criba y selección de conceptos revelados es una gran e intransfe-

**38a):** El Maestro Kuthumi, en "The Voice of Universarius" (Portland, Oregon) de Agosto 1979, comenta su comunicación transmitida el 11 de Julio del mismo año, sobre la gran controversia que existe entre los diversos grupos "ideológicos" que reciben revelaciones, la mayoría de los cuales cree con absoluta firmeza en la Reencarnación, y en cambio, como llamativo y desconcertante contraste, y también como excepción a una regla muy general, unos pocos grupos, pero de notable relevancia, niegan categóricamente la existencia real de los fenómenos reencarnatorios. Muy importantes hitos anti-reencarnacionistas son los monumentales tratados "Oahspe" y "The Urantia Book", ambos revelados en los Estados Unidos de América. Kuthumi da a entender que las sucesivas re-encarnaciones de las mismas almas en nuestro planeta son ciertas, y que las entidades etéricas que dictaron "Oahspe" y "Urantia" niegan estos hechos reales debido a que ellas no han vivido encarnadas en nuestro medio, y provienen de áreas físicas y dimensionales (de otras galaxias y niveles de vibración, etc.) extremadamente diferenciadas o "alejadas" del nivel físicoquímico en que los mortales vivimos, y que por tal motivo ellas no saben nada de la Reencarnación y este tipo de realidades no existe en sus vivencias conscientes. Por otra parte en el mundo invisible hay muchas Organizaciones, que son enormemente distintas unas de otras, y a veces están en mutuo desacuerdo, e incluso estallan guerras entre ellas. Kuthumi admite que los que estudian muchas diferentes filosofías de diversos orígenes se enfrentan a un panorama enormemente confuso, y que resulta difícilísimo encontrar un orden, correlaciones o pautas comunes en este caos doctrinal, aunque también indica que cuando se ha logrado componer trabajosamente la "lámina de conjunto" de este extraño puzzle o rompecabezas, entonces se advierte que no hay un conflicto real entre las exposiciones divergentes. Añade que "The Urantia Book" es un cuadro válido de la Creación, y específicamente de la vida de Jesús. Dice que "Oahspe" niega a Cristo, no porque Jesús no haya existido, sino porque el Nazareno no existe en el curriculum consciente de los Comunicantes de este gran libro. Esta digamos "ignorancia cósmico-arcangélica" no se da sólo en "Oahspe" y "Urantia", sino en muchos otros volúmenes de verdad revelada, pues sus autores provienen de esferas de realidad inimaginablemente separadas y/o dispares. 14

**39a):** Paul Solomon, líder de un grupo espiritualista en New Market, Virginia, nos explica en una amable carta que resulta difícil expresar en palabras conceptos de otros niveles de conciencia sobre los que carecemos de referencias familiares. Lo que parecen contradicciones no son más que diferentes modos de expresar la misma cosa. La Reencarnación, por ejemplo, en un plano o nivel consiste en una serie de vidas sucesivas en un mismo entorno, y en otra esfera de realidad distinta puede significar el desarrollo evolutivo en diferentes mundos de una espiral. También ocurre que la información transmitida es filtrada a través del sistema de creencias del medium que la recibe. Y a su vez puede provenir de numerosos "centros emisores" muy diferenciados, algunos de los cuales poseen pocas dotaciones de inteligencia y sabiduría. De cualquier manera en toda comunicación hay algo de interés que merece ser aprendido. Una vez que se han recibido los datos revelados, lo que procede es discriminar interiormente lo que es verdadero, separar el oro de la hojalata con nuestro propio discernimiento personal, aunque siempre abiertos a nuevas creencias y verdades, y al cambio, cuando éste sea necesario.

**40a):** El 27 de Enero de 1980 una alta personalidad desencarnada que se hace llamar Djwhal Khul comunicó a la Universarium Foundation que inmediatamente después de leer verdades reveladas que parecen contradictorias o confusas conviene examinarlas en profundidad durante un corto periodo de meditación, al objeto de distinguir entre lo verdadero y lo falso con la ayuda de la iluminación interior.

Y en lo que se refiere a la Reencarnación ésta es una materia relativa. El que tras una determinada existencia en nuestro medio ha logrado aprender a través de la experiencia las lecciones que necesitaba dominar y que motivaron el que tomara un cuerpo físico, no precisa reencarnar, y cuando muere es transferido a otros mundos más desarrollados donde a su vez deberá superar otras "asignaturas" más complejas. En cambio los que por su escaso trabajo o falta de interés fallan en asimilar las enseñanzas a ellos destinadas y contenidas en las experiencias que sufren, se obligan a sí mismos a retornar una y otra vez a la Tierra, hasta que obtengan a pulso un "aprobado".

**43a):** Dr. L. Miller, de la "Universal Benevolence Brotherhood" (Boulder Creek, California), nos remite en Mayo de 1980 la siguiente interpretación: Dios nos revela puntos de vista diferentes, de sus muy variadas "mansiones"; adaptados a los niveles de comprensión que nosotros mismos somos capaces de aceptar. Una aseveración que en un momento determinado nos parece la verdad absoluta y última, más adelante, conforme progresamos en espíritu, la encontraremos insignificante y rondando la falsedad. Ciertas verdades son tales sólo para los que creen en ellas. Cada individuo contempla un mundo personal y diferenciado, con particulares niveles y variedades de verdades, que a él le parecen correctas. Examinando la verdad que sirve a otros nos aproximaremos a una mejor comprensión de la verdad última, y a este respecto sólo Dios puede revelarnos el cuadro completo de la realidad. Sólo compartiendo y comparando diversas opiniones lograremos recomponer una más coherente imagen del puzzle universal en el que estamos enfrascados. En las muchas "mansiones" divinas existen mundos contenidos a su vez en otros mundos, universos dentro de otros universos. Dios nos comunicará sus grandes verdades cuando hayamos aprendido a escuchar humildemente como niños, una vez conquistados el egocentrismo y el falso orgullo, sin olvidar que una condición para ello es una dosis casi infinita de paciencia. Otra regla es que El jamás nos revela un conocimiento cuya comprensión nos resulta imposible, es decir, se nos incrementa la ración y calidad de verdad conforme se ensanchan nuestras tragaderas. Somos seres de tan sorprendente complejidad que podemos estar en un plano muy elevado en ciertas cosas, y a la vez en un nivel inferior en otras. De un mismo texto -por ejemplo la Biblia- se pueden derivar muchos niveles alternativos de comprensión. Para comunicarnos con nuestro Padre interno -del que podemos obtener toda la verdad- necesitamos práctica, aprender a hacerlo como cualquier otra cosa de la vida, un adecuado entrenamiento, método, muchas horas, y constancia.

**44a):** Stanley Bedford, en su admirable y optimista obra "DEATH: AN INTERESTING JOURNEY", pone de relieve que, en una determinada época, un solo espíritu es elegido para trasladar una nueva revelación a la humanidad, con el fin de evitar que se cree un estado de confusión, toda vez que dos distintas entidades no pueden entregar un mismo mensaje en exactamente iguales términos. Por otro lado una típica dificultad -entre otras muchas- en la comunicación interdimensional reside en que el receptor humano ha de trasladar a palabras una información que le es dada por medio de una imagen mental, y esta traducción puede hacerse bien o mal, o dos mediums tal vez nos ofrezcan versiones discordantes de la misma "película astral". En cuanto al momento, volumen y calidad de las comunicaciones, sólo se nos da lo que es bueno para nosotros conocer, y se suprime cuidadosamente el conocimiento de aquello para lo que no estamos todavía preparados. Otra ley es que, según damos, así recibimos: el que trata a los demás con más simpatía, comprensión y afecto, conseguirá más conocimiento en justa compensación. Pero en todo caso siempre se controla la cantidad de información, y ésta se nos pasa tasada y con ciertas limitaciones, pues si se nos revelaran de golpe todos los misterios de la vida perderíamos el interés que nos mantiene en tensión y nos permite avanzar. Las preguntas sobre cuestiones concretas de nuestra vida mundana no son por lo general respondidas, para no interferir nuestro libre albedrío, toda vez que son decisiones que debemos adoptar nosotros mismos. La Reencarnación es un tema de libre elección individual, y rara vez un mismo individuo vuelve más de tres veces al medio terrestre.

**45\*):** En "CONVERSATIONS WITH THE BEYOND" Doris H. Buckley nos recuerda que siempre hay una serie de entidades maliciosas rondando por el mundo invisible, que nos ofrecen información errónea y carente de imparcialidad, como obstáculo en nuestro camino de asimilación de la verdad. Otras están dispuestas en todo momento a "revelarnos" lo que deseamos oír, a confirmar los deseos y puntos de vista de nuestro propio ego personal, sin que les preocupe que éstos sean verdaderos o falsos. Porque en Lo Inobservable hay mucha "gente" ignorante y mal informada, y en sus comunicaciones encontramos tanta o más inexactitud que en los medios de comunicación social de nuestra vida diaria. En ambas situaciones necesitamos evaluar lo que se nos ofrece, y ejercitar el discernimiento personal. A veces lo que se nos da resulta verdadero para un determinado estado de desarrollo evolutivo, pero incierto para otro nivel de crecimiento espiritual. Al igual que aquí no toda la letra impresa es infalible, otro tanto ocurre con lo que viene del mundo espiritual, lo que implica que no debemos aceptar indiscriminadamente todo lo que se nos envía. La Verdad nunca cambia, tan sólo se modifica su percepción por el hombre conforme éste progresa. La verdad última es simple y comprensible para todos. Cuando nos llegue una información que por el momento no comprendemos y que parece contraria a nuestra razón, es aconsejable archivarla para una futura referencia, cuando haya mejorado nuestra capacidad de comprensión.

**46\*):** La pareja de mediums británicas Ruth White y Mary Swainson ilustra nuestro dilema del siguiente modo, en "GILDAS COMMUNICATES": "Also very often strong ideas are brought from earth life, through death, which make "this side" experience appear to the soul as he has always imagined it to be. I refer to these things since, in trying to build up a picture of what to expect of life on other planes, you may often meet quite startling inconsistency between those whom you have every reason to suppose to be reliable communicators. Remember always: experience can often be what the individual makes it; there will never be any accurate scale for scientific assessment of the basic experience of life, for it is an experience which has as many facets as there are individuals who partake of it". (Los subrayados son nuestros).

**47\*):** El escritor espiritualista argentino Juan R.A. Lobaczewski piensa que "Dios mismo y las autoridades cósmicas respetan el libre albedrío de todas las entidades del mundo físico y astral, y no pueden por esta razón no permitir la llegada de informaciones que traen confusión y engañan". Añade que nadie nos entregará nunca una verdad incontrovertible, sino que cada uno debe elaborar su propio e intransferible "pan de verdad", y aceptarlo como tal cuando así lo sienta profundamente en su corazón y en su espíritu, cuando su Yo Superior o Dios interno le dicte que "esto es verdad". Pero con todo esta aceptación no debe ser dogmática sino temporal y provisional, porque es deber del ser humano analizar e investigarlo todo, y mantenerse abierto a otras posibilidades que puede sugerirnos el proceso de desarrollo espiritual.

**48\*):** Nos llega asimismo <sup>MISIVA</sup> de Watson M. Conner (Kentfield, California), más o menos en los siguientes términos: Los Reveladores se encuentran seriamente limitados por la estructura mental, la cultura y el vocabulario del medium transmisor, aunque éste sea de lo más puro. Algunos receptores contactan con información que es auténtica pero muy antigua, que existió por ejemplo hace 5.000 años pero que ya no es aplicable en nuestros tiempos. Otros allegan del mismo modo datos ciertos, pero no para nosotros, sino con una validez exclusiva para otros planetas, sistemas solares o niveles dimensionales. El Todopoderoso puede haber puesto en juego más de un Plan de Ascensión evolutiva alternativo, y en consecuencia la Reencarnación es un proceso que no tiene por qué ser ni necesario ni suficiente, y así un Revelador oriundo de otra estrella o esfera de realidad puede negar los nacimientos sucesivos porque no los ha experimentado en su origen. Por otra parte no todo son contradicciones en la Revelación, sino que también se constata una profunda armonía y unidad en ciertos temas básicos, lo que debe ser tenido en cuenta antes de elaborar un juicio fundado de

49a): Del grupo neozelandés "Heralds of the New Age" recibimos las siguientes sugerencias: En el universo existen muchos niveles diferentes de inteligencia y desarrollo evolutivo, y así cada Comunicante nos habla desde su propia posición individual en "el otro lado". Por este motivo, y al igual que ocurre aquí en la Tierra, cualquiera de nosotros puede recolectar de otras dimensiones una multitud de opiniones distintas sobre un mismo tema. De aquí que no debemos depositar excesiva confianza en los pretendidos contactos espirituales, pues aunque algunos tienen un elevado origen otros en cambio pueden provenir del propio subconsciente del medium o de otras dudosas fuentes. Así pues no supongamos que todas las entidades son "agentes sagrados", pues algunas saben todavía menos que nosotros. Porque si sus creencias y puntos de vista ya eran preconcebidos y estrechos, no cabe esperar que en el Más Allá cambien de la noche a la mañana, ya que la muerte no nos revela todo en un instante. El hecho de que un grupo avanzado reciba vulgar "información de Kindergarten" podría significar que sus miembros están demasiado ávidos de conseguir el ansiado contacto. Y a la vista de la poca solidez de los datos extradimensionales más nos vale empezar a sustituir la búsqueda con el intelecto por la intuición, utilizar la inteligencia que nos ha dado Dios, y escuchar la voz interior del Yo Superior, pues dentro de nosotros mismos podemos conocer la Voluntad del

ABSOLUTO.

IGNACIO DARNAUDE ROJAS-MARCOS

Cabeza del Rey Don Pedro, 9 - (2.º B)

41004 - SEVILLA (Spain)

50a).- La "Association Sananda & Sanat Kumara, Inc.", de Mount Shasta (California), en misiva del 20-3-1980, comenta que ciertos compendios ocultistas recibidos por transmisión telepática no provienen de ámbitos de Luz, sino de fuentes astrales involucionistas, tenebrosos poderes empeñados en la perpetuación de la ignorancia y la confusión en el "ganado" humano, y responsables de las contradicciones que infectan muchos tratados espiritualistas y convierten en escépticos a los buscadores sinceros de la verdad. Para alcanzar sus turbios fines recurren a la estratagema de mezclar en inteligentes dosis lo verdadero y lo falso en los textos psicografiados. Los más refinados llegan incluso a ofrecer más de lo primero que de lo último, artimaña maquiavélica para colar de tapadillo y sin levantar sospechas la desinformación entremezclada. El procedimiento para dirimir esta ambigüedad calculada consiste en pedir al Ego interno una aclaración al dilema, hasta que la respuesta llegue por vía intuitiva. Existe por ende otro tipo de paradojas y contradicciones meramente aparentes, que desaparecen como tales conforme elevamos gradualmente nuestra comprensión y las examinamos desde una nueva y más profunda perspectiva.

51a).- Por su parte el hombre de negocios canadiense Maurice B. Cooke, que ha publicado una docena de interesantes títulos dictados por "Hilarion", ofrece en su opúsculo "DARK ROBES, DARK BROTHERS" (TORONTO, 1981) la siguiente explicación: Los encumbrados ejecutivos que administran el universo permiten las actuaciones entrópicas en nuestro planeta de una especial categoría de entidades dimensionales, pertenecientes a la llamada "Praternidad de las Tinieblas" ("Dark Brotherhood"), que se dedican a instalar discriminadamente pulsiones negativas de carácter materialista (odio, resentimiento, venganza, poder, ambición, sexo, dinero, crueldad, etc.) en la mente y "feelings" de aquellos mortales que en su fuero interno les otorgan gustosamente la venia a su maléfico preselitismo, por tratarse de hombres y mujeres en un primitivo estadio de subdesarrollo evolutivo, que aparcan durante un tiempo su ascensión espiritual y han elegido libremente protagonizar los mundanales placeres de la

sensualidad, el egoísmo y el dominio de otros seres humanos, en parte para aprender mediante estas experiencias (útiles a entidades todavía en su infancia evolutiva) determinadas lecciones aún no asimiladas. Tales agentes incitadores de comportamientos antisociales son necesarios y cumplen una función provechosa en esa etapa, toda vez que con sus arteras instigaciones al mal estimulan una gimnasia moral que fortifica el autocontrol y la voluntad de lucha contra el error de aquéllos que han optado de motu proprio por las leyes naturales.

HONRAR

El éxito de la ingeniería psicológica de la tentación está garantizado, por el hecho de que a los primitivos inmigrantes arribados a nuestro atrasado orbe se les dotó de un germen innato de predisposiciones egocentristas y tendencias a un rudimentario goce pasional de la vida, con el fin de atenuar un exceso poco práctico de misticismo, e incorporarles un bagaje emocional adaptado a la dura lucha por la existencia en un ambiente semisalvaje y competitivo, y asegurarles así la supervivencia en un mundo hostil y agresivo de feroz egoísmo individualista. La gigantesca manipulación orquestada para inducir a las masas hacia el mundo, el demonio y la carne cumplió asimismo otros objetivos complementarios: potenciar el proceso de individuación de los seres (que previamente carecieron de identidad independiente, en el seno de alguna suerte de alma colectiva), y cribar por decirlo así justos de pecadores, los inmunes a la corrupción por un lado, y los que prefieren dejarse seducir en grupo aparte, con el propósito de homogeneizar la población terrestre.

El colectivo de la oscuridad no campa por sus respetos en el plano astral, sino que opone sus prerrogativas y derechos a la "Fraternidad de la Luz" ( "White Brotherhood" ), el polo opuesto compensador exigido por el sistema cosmológico dualista en el que nos desarrollamos, facción integrada por jerarquías cuya avanzada posición evolutiva implica actitudes heterocéntricas y un modelo de conducta lúbrica en consonancia con las normas de la positividad cosmosférica: desinterés, ayudar y dar, espíritu de servicio al bien común y al funcionamiento óptimo del todo.

Ambos bandos son equivalentes e igualmente legítimos e imprescindibles desde un punto de vista cósmico, y en conjunto ofertan a la especie humana una mercancía ideológica bipolar equilibrada al cincuenta por ciento, sin coerción alguna al libre albedrío de los individuos, facultados para asumir preferencias personales y adoptar decisiones autónomas, responsabilizándose a la par de sus consecuencias.

Las comunidades paralelas del altruismo y la perversidad, que ejercen su influjo desde otros niveles vibratorios, rivalizan por conquistar cuotas del mercado humano, mediante sugerencias mentales y "prontos" intuitivos a personas predispuestas. Ambas trabajan en paridad y ostentan un grado similar de poder en orden a inducir compulsiones internas en sus víctimas terrenales, bien entendido que se encuentran constreñidas por las severas restricciones de respetar escrupulosamente el libre albedrío y el karma individual de las criaturas, que no les es lícito vulnerar.

Cada grupo infiltra su propia cosecha filosófica -ética y antiética respectivamente- en <sup>señales</sup> ejércitos de mediums reclutados por los dos contendientes, que imparten sus enseñanzas específicas a las selectivas parroquias de carne y hueso que han atraído tales doctrinas por sus particulares actitudes y tablas de valores.

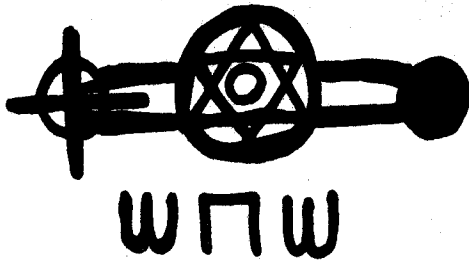

Las huestes enemigas en la bíblica batalla de Armagedón se ceden una a otra "clientes" encarnados o contenidos doctrinales, tras minuciosas negociaciones que culminan en pactos entre caballeros (que han de alcanzar la preceptiva aprobación de jerarquías superiores), en un régimen de toma y daca, intercambio de ventajas y mutuas concesiones.

Las fuerzas que preconizan la verdad y el amor acuerdan verbigracia consentir a sus malévolos oponentes entreverar sin previo aviso ciertos párrafos contaminados con falsedad y absurdo en los textos lógicos y verídicos transmitidos a un contactado a su servicio. Y a cambio se beneficiarán de intercalar (también sin advertir a sus futuros lectores) sus propios escritos congruentes con las leyes universales, en los discursos prometeros del confucionismo y la decepción dictados a otro sensitive utilizado por las hordas antiespirituales.

Culminamos la presente relación -no exhaustiva- de explicaciones al uso acerca del insoluble misterio de las contradicciones, a todas luces insalvables, que vuelven inservibles los catecismos revelados en la era espacial por muy diversas escuelas de pensamiento de allende el espacio/tiempo.

Con la salvedad de que los consumidores de la revelación se encuentran tan frustrados como inermes e irritados por la tramposa manipulación del gateo por liebre ejercida por los profesionales incorpóreos de la corrupción, enfrascados en ilustrarnos con las más excelsas verdades, deterioradas adrede con sus propias lacras y miserias conceptuales. Para no caer en sus mismos vicios los revelémanos deberíamos perdonar a esta escoria celeste, a pesar de que saben a ciencia cierta lo mucho y malo que se hacen.

VISIONS MAGAZINE.

My dear Manuel,

Thank you for your very precious letter.  
It is such an important enquiry. One which I  
myself want to enquire of God.

To the initiate who reaches cosmic consciousness  
through many trials there begins as this initiate  
enters a jealous cosmic war mentally with the dark  
forces.

The higher ascended masters reside in the ultra violet  
spectrum and the deceiving lower ones in the infra  
red where they may be photographed on high speed  
infrared film.

Many are the messages we of initiation must throw  
away as false, even though signes JESIAS OR GOD.  
For this we ask the holy spirits gift of discernment  
which is given only to a few the bible says, perhaps  
because we receive it by trial and error.

Lord JESIAS (Ascended christ) has appeared PHYSICALLY  
in the flesh to a group on Australias west coast.  
They wrote quickly to me on the east coast describing  
him exactly as he appears on the cover of VISIONS.

In December I am going over to West Australia to  
witness another physical appearance whereby I will  
receive a concrete message of JESIAS by physical  
touch and contact where there will be no interruptions  
from lower astrals.

At this time, next XMAS Jesias has said he will release  
to the world an answer to your very question in  
my VISIONS book, titled: "TO THINE OWN SELF BE TRUE."

When I make this contact I will send you an immediate  
dictation of what we shall be given.  
I am just letting you know I have not forgotten you.

Dear Ignacio;

USA

Thank you for your letter. I apologize for not answering sooner, but I have been traveling and lecturing all over the world. I was in Barcelona the end of April for the "Day of the Books." When I return home for a while I am confronted by a mountain of letters, which I am now attempting to answer.

You have asked a complicated question about why does some channeled information disagree on identical subjects. I do not think there is a clear and simple answer to your question. You must remember that any information that is channeled is coming through a human vehicle. The belief systems of the vehicle or individual are naturally going to influence or censor the information, even though they would consciously deny this. As the saying goes, "The taste of the wine is influenced by the container it passes through." This may not be the answer you are looking for, but it is the best I can come up with at this time. In my experience, the majority of information has been remarkably similar, not contradictory. But you may have found some that is. This is possible, because I do not read other people's material. I do not want to be consciously influenced by what I read, so I try to avoid this.

I suggest that you take everything you read, and ask lots of questions, and then (after much thought and deliberation) only accept what feels accurate to you. You should rely on your inner instincts.

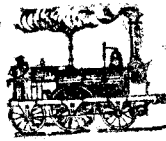

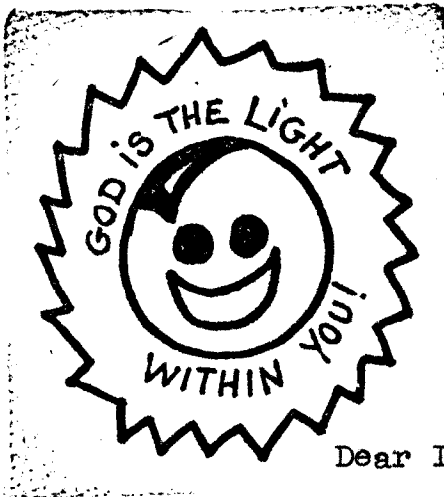

I am sorry I cannot help with the mathematical question, because I am very illiterate in that area. I will keep it on file, and if the opportunity arises I will ask the question. But I cannot promise any results.

Thanks for your interest in my work. Two of my books have been translated into Spanish, and more will be translated in the future. You will find that they touch on many metaphysical topics. I am enclosing a catalog of all of my books, in case you are interested.

Sincerely yours,

Dear Ignacio Darnaude Rojas-Marcos en la Luz,

I received your letter today and I am very grateful to know of your ideas in the present God Plan for this corrupt world.

\* Today in spite of the various differences that exist in so much of the New Age Work not all of it is altogether bad for The Masters say That one must have an open mind and accept that which you feel you need and reject that which you feel you do not need in your present condition of Spiritual Evolution.

After so many years of "religious" lethargy, many people in their own enthusiasim to help in the God Plan are themselves going the way of many distractions - instead of staying with the simplicity of God's teachings mainly "Do unto others as you would have others do unto you" that is the main "social law".

T. A. But what then is the main spiritual law? It is simple again that we as Temples of The Light and as such we possess the Divine Attributes within us. We must recognise that there is no god outside of us in some far away heaven waiting for us to go to "him" or "her". WE ARE DIVINE radio stations and we must use these qualities in our own consciousness to always RADIATE LIGHT from our God Mind at all times.

Hence it is that one man RADIATING LIGHT from his consciousness is doing more good than 500 people distributing literature without an understanding of their own Inner Light Divinity. Comprende usted?

My spanish is very slow at this time but I am trying to improve it.

Because of the very cold climate in Canada and also because of the very bad conditions in the U.S.A and Canada at this time, I decided to live in peace and quiet here on Gran Canaria. I have been to Gran Canaria many times since 1954 so I am much at home here with many friends who live here also.

If you are an economist you must know that the whole "civilized" world is actually very "un-civilized" in its economic laws which are opposite of what all the spiritual laws for economics are. The arabs are now realising this and "no interest" banking is a first step. In USA today 20% interest (crime of usury) is bringing money into the country instead of money that seeks productive ends. But how can productive money come in when they are taxed so heavily? So Mr. Volker is helping the big money boys make 20% at the same time destroying his own nation's productivity. The cure is so simple - STOP the PRINTING of paper money!

God bless you my dear friend in Expanding Light,

Dear Sr. Darnaude:

Thank you for the list of metaphysical groups which you have compiled. It is very impressive and we appreciate being included on the list. Thanks!

We appreciate your dilemma in which you find yourself after reading the ideas and beliefs of so many differing groups. The leaders of each group, as well as the members of that organization in question, are on different levels of mental and spiritual understanding. It is something like school. Some are in first grade, some are in what we call middle school, or junior high school while others have reached high school. Some have completed the high school curriculum and have stopped formal education while a few have gone on to university. Even fewer of the college students become graduates and a very small number obtain Masters and Doctorate Degrees. Each organization, I feel sure, does its best, with what understanding it possesses. It is imperative, therefore, that a sincere student of metaphysics and things of a spiritual nature, find those organizations (or organization) which appears to him as being on his level and preferably, beyond his immediate understanding, so he can progress in knowledge, wisdom, and understanding.

The fact is that most organizations are out to gain as member members and followers as possible so as to make as much money as it can. These groups are on a very low physical level in my judgement. There are thousands of organizations on this globe, and 95% of them, we are told, are not spiritual, and therefore do not teach too much truth. We hope and pray that our Foundation is one of the 5%, and we believe we are, because we have two wonderful Beings now in the physical body, who help us: Lord Keleus and Lord Zarathustra. (There are thousands upon thousands of Lords, mostly on the 12th plane. Many people think there is only one Lord called "Jesus." True! He is a Lord and is THE Lord of this Piscean Age and is our Planetary Teacher for this Age, but there are many others.)

Those who are real Lords on the Spirit planes do not go around telling how great they are. We always discount any person or any organization which appears to be on a big ego "trip". The real reason we are in the physical body on this physical plane is to learn - and to learn spiritual knowledge. It is not to amass a fortune or make a big splash before the public, appearing to be something they are not. The second big reason we are on this physical plane is to accomplish our life's mission to the best of our ability, for if we don't, we have to return in another body at another time and finish the job.

Remember, that those who write books tell you what they learn according to their level of spiritual development and understanding, and that is why 95% of them are so wrong - money is their goal - money and power - not truth - Cosmic truth. God did not make money. Man did. God has knowledge man needs and yearns for. Seek first God's knowledge and the understanding will be given to you.

If we can be of further help, please let us know. We'll do our best.

Most sincerely yours,

Dear Ignacio,

Please find enclosed the " PRELIMINAIRE " of our net. This is not very much in fact, but this will give you already an idea of what we are, and doing. You should now, that we are not interested in outside informations on subject; we can easily cover ourselves. We have our inside source of information without having to refer to any author of any book.

When you are in permanent contact with what you call " Extradimensional Authorities " where would be the need looking for a less " Perfect " source of information as there is no human impression in our theories and no influence of the personality of the personne translating the studies.

We are not trying either to make more adepts, as we are not concerned being a lot or only a few , the importance is to know ourselves, individually, what we are up to.

Each one of us has a spiritual évolution which is very respectable, but we are not allowing ourselves to impose what we know, as it would go against spirituality itself.

\*(understand)

You will automatically\*that the notion of what people call " god " is very different for us. People could call a lot of things " god " but what is it really ?

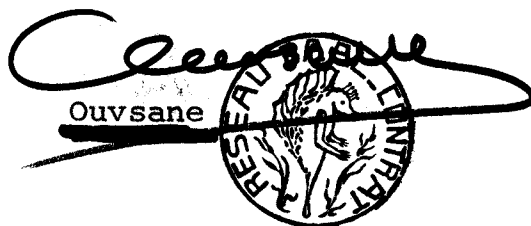

This is a very long subject , which I would prefere not discuss as this might make me harm more than help if I don't know the person I am talking to.

I think I will stop there, and without wanting to hurt you I would like you to think about this:

Study through too many sources of information can only confuse your spiritual search because sooner or later you will be confrontated with differences between them and then it will be maybe too late to choose.

I have choosen, and very satisfied, I wish the same for you.

Re your inquiry of March, 1980, entitled, WHY REVEALED DATA FROM DIVERSE RELIABLE SOURCES DO CONTRADICT EACH OTHER?;

On 9-22-79, you were mailed basic A.T.A. Base Operation literature. Among this literature was a sheet telling about our publication S. DAY REPORT.

S. DAY REPORT is now into its 5th Issue. By obtaining this current Issue #5, you will find your only Positive Perfect Fact answer to your above mentioned inquiry. The answer is in the LETTERS IN/LETTERS OUT section.

The answer given is based upon The Perfect Facts of Universal Law and are non-debatable, in that they are not based upon any opinion, theory, or religio-scientific philosophies, nor from the demonic sources of diverse direction, BUT RATHER FROM THE GREAT CREATOR YAHWEH'S MASTER MONADIC MEASURES, carried in the belly of HIS Positive Son's Command Starship Ark, which is based at A.T.A. My dear Mr. Marcos:

Truth in your world is relative to you, and the viewpoint as to what Truth really is, evolves along with the individual. I've found many things that seemed contradictory...blatently so. When this occurred, I left my mind open on the subject, and now and then looked at both sides. Usually, I discovered the apparent contradiction merely meant that the two channels were looking at it from two different points of view.

You'd be surprised how many times this looks as if one or the other has made a mistake when, if they'd actually pursued the matter far enough, they would have met half way. Today it is raining. Tommorrow the sun shines. A writer tells today of how stormy this area is, and tomorrow, a different one tells how delightfully warm and pleasant our town can be. The two reports are published and no dates are given. The results looks like a contradiction, but it is not.

I don't know if these observations help. If the contradiction refuses to resolve itself, tho it usually does, a look at the individual's aura will often show where he stands in his unfoldment and why he saw what he did. Perhaps what he saw and says is truth for him, and he will experience it that way, while someone else will go thru an entirely different period of growth.

One's world comes forth as a mirror of what lies within him (or her). One man's meat, poisons someone else. To me, my neighbor is a lovely person who never gossips. To my cousin, she may be a snoop, back-biting shrew. In my world, I may only allow people to exhibit their God Natures and I find them glad to do so.

I've never found predictive contradictions that couldn't be resolved by saying, "So be it in your world, to you. In mine, I decree harmony where you may see discord." "Ten tousand shall fall at thy right hand and it shall not come near thee," because the lesson is not thine. Wars may come, while many remain at peace. The lesson for you seems to come alight.

Sincerely,

*Frances McKay*

IN GOD WE TRUST

My dear Ignacio Darnaude,

Thank you for your question, "why revealed data from diverse reliable sources do contradict each other?" Obviously, if the sources contradict each other they are not all reliable.

To explain this phenomenon, I start from the premise that whatever is true on the earth plane is also true on the heavenly planes. After all, because I am among those who believe in reincarnation, I ask, "do not the same souls inhabit both spheres, with and without bodies as the case may be?" Do all so-called authorities agree on any subject here on the earth plane? Are they all right in their opinions? Often, are they not equally sincere? I realize sometimes they have a vested interest in a given position-- notably, religious authorities.

According to our understanding, the process of reincarnation is a private, personal matter

one works out with one's mentors, would you <sup>②</sup> go around discussing your personal financial problems with anyone you meet? In the same way, decisions made about return to earth life while on the etheric planes are not a public matter for all to see.  32

Perhaps you have heard it said that heaven is the most segregated place in God's universe. like associates with like. Therefore, people who have similar beliefs flock together, and this would also imply that they do not have much chance to thrash out differences of opinion so to speak.

I am sure you have observed that people are not as open minded or interested in pure truth as they may think themselves to be. In general, they are quite satisfied with their views, whatever they may happen to be. Furthermore, most of the learning of a soul takes place here on earth, not in heaven.

I hope my answers (which are based on our etheric communications) will be of some help to you. With love and blessings, sincerely,

COMMANDER ASHTAR  
Nov. 10, 1983

BY Rodehaver

Greetings in the Light of our Creator. I am Ashtar and I greet you on your evening of Nov. 10, 1983.

In my communication this evening I will discuss a few questions that have been put to our channel and perhaps in subsequent communications we can answer a few more.

The first question that I will "make a stab at" is the question: why is there contradiction in the material received by channels; why do they all not get ~~the same answer~~ on the same subject by those who communicate through channels? Of course I cannot speak for all channels and all communicators and all communications, any more than you could speak for others on your planet, so I would not attempt to do more than conjecture.

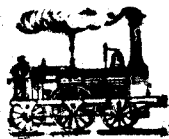

I would say that all those who speak through channels are not Ascended Master, or Angels, or Archangels, or Lords or highly evolved members of the hierarchy. My conjecture is that a large number of channels are receiving messages from astral entities. Now, there are many levels of spiritual development limited to the astral plane, from the lower astral up unto the highest astral plane level - just below the mental plane. There are many who have a great deal of intelligence and who are serving the Creator in the best way they know how. But there are also many on the astral plane who are not knowledgable as they would wish you to believe that they are. Probably the preponderance of messages being received through channels is coming from the souls on the astral plane.

Some of the information, of course, is valid, but a great deal of it is not valid. There are those on the astral plane, for instance, who do not seem to care to investigate to the extent that it is necessary for them to believe in the doctrine of reincarnation. ~~It may be hard for you to understand that people on the astral do not know about or accept reincarnation, but it is true, and some day they will find out that it is.~~

The fact that there are so many communicators on the astral, makes it difficult for those of a higher caliber of spiritual development, for the earthlings cannot tell the difference because the astrals use names of the Ascended Masters and Teachers, or if they do not use well-known names, they describe themselves, usually, as being a member of the Great White Brotherhood or a loftier being than he really is. This is my explanation as to why there are conflictions and contradictions in the material being received by channels.

As to whether there is more than one universe: it is our understanding that although we are confined to one universe, there are many, many more, and our assumption is that other universes are similar to our own in operation, in construction and in content. Space is limitless, and there is no waste in our Father's House. I suppose that solar systems, galaxies and universes could be compared to the body of a Great Being, and the way a solar system operates with the planets circling the sun could very well be compared to an atom with its neutrons, protons and electrons circling

the nucleus.

It is well-known by all those studying metaphysics that all is One and all time is Now. So if all is One, and all parts that we see as separate are not separate, then it is futile to pull that "One" apart and expect answers to questions that concern the cosmos and which would be very hard for earthlings to understand if the explanations were forthcoming. My point being that: why wonder about obtruse subjects when the time could better be spent in understanding the Law of One. There is also a well-known saying, "As below so above, as above so below," which could be taken into consideration in pondering cosmic verities. It is indeed an accurate statement.

As to the question concerning the Urantia Book: I am familiar with this book in a general way and I understand that it was channelled. I also am of the opinion that it is a valuable book for the student to study, but why it does not believe that there is an astral plane, that there is such a thing as reincarnation and that there is such a thing as karma, is beyond the scope of my ability to answer. I would consider this quite a serious flaw in the book because indeed these things are reality and one book cannot make them otherwise.

Perhaps I should explain to our regular readers of these communications that I am answering questions that have been sent to the channel from one of our brothers residing in Seville, Spain. It was not one of our regular readers who provided these questions, for as you know, most of them have been answered at one time or another in these communications that are being received by our channel from various communicators.

It is very understandable to us that these questions concerning the other planes and the cosmos are prevalent in the minds of the peoples of Earth. They do see much confliction between what their scientists tell them and what we communicators tell. But, although we try to give you as much information as possible, we know we can never really succeed in answering all your questions because the other planes of reality are so very difficult to explain in the languages of earthlings. They have to be experienced. And, as you have been told so many times, all planes of reality are levels of consciousness. It is the consciousness of the MAN BEING that makes each level what it is, from the physical plane on which you live, up to the highest planes, and there are some beyond our knowing.

When it comes down to describing the universe in one word, then that one word is CONSCIOUSNESS.

I will leave you now in the Light of our Creator. I am Ashtar. Adonai.

March 24, 1980

35

Dear Ignacio,

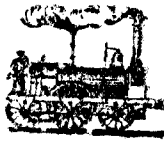

Thank you for your inquiry concerning reasons behind contradictory information from various channels and groups. Following is our reply, based on over twenty years experience.

- 1) Most channels are not willing to cleanse and to purify their own consciousnesses.
- 2) Many seek mostly personal glory and material benefits.
- 3) Many are not honest, but copy others and make up things.
- 4) Many are trying their best, but it is (so easy to make mistakes in Earth's low vibration.) The ascended masters must allow channels to learn, and to develop over many lifetimes; thus, many errors are made.
- 5) Ascended masters usually do not interfere with mortal will of channels and teachers, but leave them, and allow karma to balance.
- 6) Many who claim to be masters on other realms are not that.
- 7) Too many students and followers do not try to discern truth.

I work in a person-to-person basis.

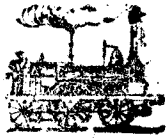

I have a simple message to the MEDITERRANEAN  
People in general: Take great care and precautions  
of the water supplies and water purification  
systems. Water is life! Without pure water -  
there is no future. The 3<sup>rd</sup> world peoples are  
determined to survive and some have ruthless  
leaders and sabotage will be a major device to  
undermine the Western world.

For all people ————— examine the

Dear Ignacio,

Your Newsletter has been passed around and has come to me. You ask for help concerning discrepancies in your revelations. Enclosed are some pages from the Universarius journal which may be of help. (please excuse poor photocopies).  
*MARIA 3.1978. ETC. (Dr. CURRIE)*

I did ask for guidance on your behalf, and the following is what I received:

- Q. "Why do our Spanish brothers receive so many conflicting communications?"
- A. "This is to be expected. These people are unsettled to a great degree and have not reached that State of Balance which is so necessary to be as perfect channels as possible. There is not much that can be done to alter this State at the moment. The main thing is that they continue to receive and not be downhearted at the conflicting nature of their communications.  
"Take heart, our beloved brothers in Spain. WE ARE EVER WITH THEE. Persevere, lose not thy hope. TRUTH will ever be present in what you bring through - it may be a little 'disguised' as it were."
- Q. "Why are our brothers so unsettled?"
- A. "It is their inherent nature. They are not a placid nation."
- Q. "Why cannot much be done at the moment? Do you mean by themselves - or by the Ascended Ones?"
- A. "Our energies are concentrated in other more important directions at this time. They can help themselves by becoming calm and harmonious in all situations. In these latter days we have brought through the (higher) energies to people who normally would have been left longer to work on themselves (as it were), for every little helps now."

I do hope this is of help. Another channel was given that 'While one is receiving a communication one's vibrations are being raised" so that all channels are advancing while working to strengthen their contacts.

Love and Harmony,

*Grace Swales*

Instrument by reason of many thousands of incarnations or Lifestreams upon many Planets, including the Planet Earth. But this is not always so, for there are Literally hundreds of those Channels and Instruments of Light who have transcended the condition of overshadowing or inserting their own conscious or subconscious beliefs into the messages and lectures which are given either in trance or in full consciousness. Now weigh my words very carefully, for I do not wish to convey any implication of discrepancy or error which may come into any transmission of any kind from any Channel or from any Source. For if the Channel or Instrument is thoroughly dedicated to receiving eternal and everlasting Truth from the Source of all Truth, then that Truth or message will be authentic undefiled and pure, as Truth should be.

Well then you ask, what about the Truth that is coming from me through this Channel of Light, from our beloved Colleagues and Co-Workers, and our Beloved Kuthumi, whose authentic message you have just listened to. We cannot say that it came from the source of all Truth, for it was relayed through an Ascended One who has also vouched and dedicated His Life many millenniums ago to the dissemination of only Divine and Everlasting Truth. And yet we, no matter how many millenniums or eons of time we have acquired in the experience of disseminating that Truth, we are not infallible. Upon very rare occasions -- due to our personal perspectives, there may enter into our transmissions -- (I use the word our, or I AM not unique in this) -- a slight coloring of our own concepts. And if per chance, the Channel through whom we are speaking is a neophyte and has not yet fully matured his or her Channelship and given his/her complete consciousness over to the Divine Truth which is transmitted in relay fashion from us to the Channel, then much error can at times, be detected.

Now this is not confined, my beloved, to those who are termed Channels or Instruments and we will also include those who are termed Mediums, although we have told you many times that the word Medium has attached to it somewhat of a stigma as far as the Spiritual Hierarchy is concerned. And yet, we use many so-

TRUTH

GRACE SWALES

Good evening beloved. Dr. Curtiss speaking again in this Holy Sanctuary of Light, Love and Life. We, all of us, welcome all of you to our presence and your presence to ours, as we for a few moments dwell with you in Spirit and in Truth, in order that we may become close and closer together, knit in a tapestry of Divine Knowledge, Understanding and Truth.

We welcome all of you again. Whether you are our regular Chelas or occasional ones, matters not to us, for it is only the Spirit and the Soul that assembles. The flesh is only the outward manifestation, of the Soul. So our Souls welcome your Souls. And may we meditate and discuss together certain aspects of Truth.

Therefore, the subject of my brief talk with you this evening will be the simple subject, "Truth". A subtitle could be, Human Truth versus Divine Truth. This would seem to imply that there are two categories of Truth. And so there are, notwithstanding the fact that all of your beloved Mentors, including our beloved Wayshower Jesus the Christ, have told you that Truth is everlasting and Eternal. This is Divine Truth. And indeed it is everlasting, infallible and all encompassing, and contains every element of all of the Knowledge of our Creator's Omniverse of whatever category or portion of that Omniverse.

Well then, you think perhaps that all that we give you, all that the Great Teachers of all time have given you, is 100% Eternal and Everlasting Truth? Not so, my beloved. However we do not wish for one moment to disillusion you or imply that this is not Truth, for it is Truth, intermingled in both categories. If it stems from a human medium, Channel, Instrument or whatever you wish to call them, then it is most likely that it will be somewhat slanted to human truth, or Truth which has been instilled into the Channel or

38

7

called Spiritualist Mediums to bring to the Earth-plane Eternal Truth as we know it. So, again and again we admonish you to condemn nothing that you do not fully accept or understand, until you have the complete consciousness which will enable you to differentiate between these two categories of Truth; human Truth, and Divine Truth.

So, at the risk of being contradicted, there are two categories of Truth; I may carry this still further, outside of the area of Channelship, and that is into the Esoteric teaching profession. For there are literally thousands of spiritually qualified teachers who have dedicated their lives and their all to the dissemination of Divine Truth, and yet they are still dwelling in the human form. They, as well as every other human form, are subject to many, many human vicissitudes and characteristics. So, I will make a very broad statement and one which I AM authorized by my Colleagues to make and that is, that there is not a Spiritual Teacher upon the Planet Earth at the present time, who has transcended completely every element of humanhood.

Oh, it is true that many of them have approached, perhaps, the 100% mark, but there is yet still a little spark of human consciousness which enters into their teachings, no matter how evolved or esoterically perfect they may seem to appear, to their students. This is also a difficulty which arises many times because the student worships the teacher or perchance the Channel, as a perfected Being, thinking and assuming that no error of any kind whatsoever may emanate from their lips or mind or hearts. This is not 100% correct and no student, no Chela should worship their Guru or Teacher as a God or as a perfected Being. They should adore Him, they should respect him, they should follow him avidly and with great desire and purpose of Life. Worship is only for that One who is worthy of that worship and that is our and your Creator, Divine Intelligence, God, Yahweh, or whatever Name you desire to give Him/Her.

Oh, my beloved Chelas, don't think for one moment that we also are Perfected beings. We have made the Ascension. We have been assigned responsible post-

\* tions in the Spiritual Hierarchy, not because we are Perfected Beings, but because we are Capable Beings; we have had experience which enables us and conveys to our superiors the knowledge that we are capable of administering certain sections or functions of the administration of the Hierarchical Government of the Earth --- that is all. And the Higher we go in our echelons of command, it is assumed that the more perfect we become. This is essentially true, but even that may not be 100% correct, for there is none perfect, except God. Did not your Beloved Wayshower Jesus (perhaps the most Perfected Being that has ever graced your Planet) say that there was none perfect -- even including Himself, but God?

Therefore, if any Guru, any Mentor, Any Channel or any Medium makes the assertion that they are perfect or have all knowledge, all understanding to the exclusion of all other philosophies or instruction, then you may rest assured that they have much yet to learn. They may and do have and are able to teach very High Truths, very High Divine Truths, even though they still maintain an element of relative human Truth. Even though their human concepts are lacking in some elements of Divine Truth, this does not mean for one moment that they are incapable of teaching Divine Truth.

Many of your Mentors have told you that they use whatever <sup>HUMAN</sup> material is available to them, whose consciousness and ability is open to receive Divine Truth, even though many times it is colored by the consciousness of the Medium, Channel, or Instrument. But, there is a continual effort on our part to correct any of these errors and perfect the receives and ability of the Channel to convey through their vocal cords or their fingers at the typewriter or with their pen, Divine Truth which we convey to them. There are literally hundreds and perhaps thousands of very fine authentic Channels and Instruments who use not at all their vocal cords to convey Divine Truth, but transmit it from their consciousness to the printed or written page. And thousands upon thousands of reams of Divine Truth have been and are now being given and printed by way of this method of transmission. This is just as valid and authentic as that which is now

39

emanating from the vocal cords of our beloved Channel of Light.

Oh, there is so much more concerning Truth that I might elucidate to you, but I think I have given you a synopsis or at least an outline in order that you may be able to differentiate between human truth and Divine Eternal Truth. This, of course, is the theme which we have and are continually instilling into your consciousness -- the ability to use your Higher-Self, your Mighty I AM Presence, in order to differentiate between human truth and Divine Truth.

In Closing, I may cite you to the very simple statement of our beloved Jesus-Sananda, the Wayshower, when he was on trial and when asked a question about Truth, said that, "I AM the Way, the Truth and the Life." What did he mean? He did not mean that He, the human Jesus, was the Truth, the Way and the Life, but the Christ; the I AM -- he said "I AM". Perhaps if he had put a "the" before it -- "The I AM" is the Way, the Truth, the Life, it might have saved many millions of disillusioned Souls down through the centuries who have assumed that the human Jesus was the Way, the Truth and the Life.

This was just a side issue, and yet I felt it was a good concluding remark to make as I close my little talk with you this evening, for it is only the "I AM" that is the Way, the Truth and the Life, -- for there is no other. Oh, again, there is human truth, but only Divine Truth is emanated and projected from the "I AM", the Source of All Truth. And may each of you, every individual who reads our words from the printed page, every individual who reads the millions of printed pages from other valid and reliable sources, find and know that Truth; that Divine Truth which is indeed the Way, the Truth and the Life.

I'm Dr. Curtiss, your Mentor now receding, and we will not have a Guest for you this evening, due to the lateness of the hour, and yet we will entertain a few of your questions in the forum which we will now proceed with without further words from me.

There are here with me at the table, Beloved Lord Michael, Nikola Tesla, and Dr. Sri Soudah who has come in. So now if you desire to ask a few questions he-

fore beloved Lord Michael gives us his Benediction we will entertain them for you.

Q. I have a question Dr. Curtiss. (yes, my beloved) In this situation developing in Texas -- has that got any bearing on the Grand Canyon situation when the Mississippi Valley was pushed up, when the Grand Canyon went down? GRAND CANYON

A. Not specifically sir, but the Grand Canyon is a generator of Christ Energy, a generator of Psionic energy from the Earth and this was the purpose of the construction by the Glacial period of the Grand Canyon. It was to assist the Earth in later years of purification and generation of constructive forces which would help to counteract the negative ones. There will be in the forthcoming changes in the Earth, very little change in the Grand Canyon from its Source to its end. I do not know whether I answered your question. (Yes, that is correct alright Thank You.)

We will now stand with Beloved Archangel Michael.

ARCHANGEL MICHAEL:

Bless you, Bless you, Bless you, Love you, Love you, Love you, Protect you, Protect you, Protect you, Energize, Energize, Energize, each of you and give you all of the Virtues inherent in your physical, mental and Spiritual makeup that you, our beloved Disciples of Light, our emissaries, may carry on and multiply those virtues, that Light, that Love, that Life, so that you may become indeed the Light of the World, and that the World may recognize that Light! Perhaps it will not at the moment, but there will come a time when your Light will shine so bright that it will be reflected around the entire Globe and will be multiplied, absorbed, renewed and sent out to the other Children of Helios and Vesta. 10

For the Planet Earth, in a very short space of time, as we reckon time, shall take its rightful place in that Family, in which it has been a recalcitrant and disobediant "child" and gotten into much, much trouble. But its redemption is nigh, and you, my beloved, are a vital part of its redeemers. So, may your redemption draw nigh, your personal redemption, that you may apply it to the redemption of the inhabitants of the Planet upon which you chose this time to incarnate and be-

Dear Mr. Darnaude,

We are in receipt of an undated and unsigned memorandum, <sup>ON CONFLICTING REVELATIONS</sup> on the reverse side of which we find a rubber stamp giving your name and address.

For that reason, and because the circumstances clearly set forth in the memorandum are those which are matters of concern for this Foundation I am addressing this letter to you, enclosing copy of a memorandum outlining the origin, nature and scope of our activities, along with a copy of our catalog and price list. Our publication of works by and about Emanuel Swedenborg, scientist, philosopher and theologian (1688-1772) address the chaotic ideological conditions now prevailing throughout the world, two hundred and fifty years ago, and his works have recently attracted the attention of an increasing group of scholars in many countries. We are currently negotiating with commercial publishers of Spanish language editions in response to a growing demand for these works from overseas modern readers of ethnic latin origin and write this letter under the impression that you would find this literature of deep interest to you.

At the present time we have only two titles in print in Spanish: Introduccion al pensamiento religioso de Swedenborg, by J. H. Spalding (\$3.75 postpaid), and Luz en mi oscuridad, by Helen Keller (\$2.75 postpaid) dealing with Swedenborg's contribution to the literature of the age of Enlightenment, which you might care to acquire.

With every good wish we remain,

Yours faithfully,

Dear Mr. Rojas-Marcos,

It is sometime now since we received your paper with your card attached, and we apologise for the delay in getting back to you.

I have shown your paper to our Chairman, Mr. Richard Grave, who has suggested that we send you the enclosed booklet - The LINKAGE - drawing your attention to the last paragraph on p. 5. and we hope that you will find this helpful.

Once, long ago now, putting forward many of the questions you have posed, this very simple answer was given to me : -

"Suppose 5 Entities from a far distant Planet were dropped on to Earth in order to discover, what this planet was really like - One Being was dropped in Iceland, the land of snow, ice, igloos seals and sleigh-dogs. Another in Central Africa, wild Bush, 'black' people, wild animals, elephants, lions, and often terrible bush fires. Another in China, a land of ancient Cultures, temples, and yellow-skinned people, a fourth in India, brown-skinned people, masses of them, great heat, many temples, vast rivers etc., etc., and finally one in Piccadilly Circus, London. White-skinned, people always in a hurry, rushing around their town in funny looking tins on wheels?!

In course of time these Beings are recalled to their own Planet to give an account of what this planet is like - each one, having to declare - in truth - what he had found.

Can we not see them almost coming to blows, each one insisting that his answer WAS the correct one and truth, and all the others - were talking non-sense!

Were they? Were they not each giving, within their limited experience, what they KNEW to be truth, and were not all these answers in fact - aspects of truth ? TRUTH to the finite mind being as many faceted as a diamond ?

So, maybe, according to the dullness or brightness of the fallible human mind are the interpretations of the Universal Truths that are channelled down to us and mis-represented or perverted en route because of the pre-conceived ideas persistent in the minds of the recipients? ABSOLUTE TRUTH must be completely INFALLIBLE - far beyond the capacity of the finite mind to envisage or to understand - hence, perhaps the Paradox of Truth and of Causation ?

Knowing as surely as we all must do, something of the wonders of CREATION of which we can only be the instruments and guardians - and NOT the producers of LIFE - can we not REJOICE in the knowledge of the SUPREME CREATOR and in gratitude serve Him NOW in the Sharing

Dear Friends in Spirit

17 March 1980

Your statement of inquiry is the most eloquent expression I have yet seen, regarding the subject of: CONFUSION which has been spread near and far, in the past few years. I am thankful that you have put such questions into your own words and have sent them out (to many, I hope.)

Obviously I cannot attempt to fully answer your questions, nor do I claim any magic ability to call forth a Celestial Being to answer them for me. The only true and dependable Source of such information is-- so simplified that it often is rejected by those who seek a more phenomenal expression of the truth they wish to find.

In some, ego has been inflated by false "messengers" until the Channel has become disconnected from the REAL SOURCE OF TRUTH, The HOLY SPIRIT of CHRIST, the Comforter whom JESUS promised would come to all who would receive HIM, and would make all things known to us. If we do not depend upon Him, but seek instead the "familiar spirits" (as they are mentioned in the Holy Bible)-- we cannot expect to receive of His Truth.

The BIBLE still contains the most dependable information that is available upon the Earth today. Unfortunately it has been cast aside by the very ones who need it most if they are to find what they seek. Within its teachings, are those very things which we need to know amid today's turmoil and confusion. USING THAT AS A GUIDE, a measuring rod for any and all other information which we have to consider, the true information can be found, and further information for these times now coming forth, stands that test. If it does NOT stand that test, it should be rejected as misleading.

Jesus warned that false teachers and false prophets would come, and that already the antichrist teachers had gone out into the world and were spread abroad, and would deceive many. (WE are living in the time of the fullness of their efforts,) and only by HIS help and WITH HIS HELP, can we sift it all out and receive the truth through our own High Consciousness - not through the consciousness of any other human being. Things which may be truth for one person, may not apply as truth for another individual.

But the basic information should be harmoniously available to all who seek it. NO telepathic Channel is infallible and none should claim to be! Even some of the Channels whose intentions are of the very best, are not always immune to the interfering spirits who claim to be some great Being of Light in order to deceive many. The more "gifted" a psychic is, the more danger there is of this happening, especially if one's own consciousness is fully under control of the incoming entity. (I have NO talent for functioning in that way myself, nor do I wish to develop any.)

THIS, from my own High Consciousness, is the best and only answer which I can give you, for your question as to the mysterious reasons for the confused teachings that have been given--and are still being given by many. I hope it may help.

May God Bless and Guide you in all of your seeking.

WHY DOES REVEALED DATA FROM DIVERSE, RELIABLE SOURCES CONTRADICT EACH OTHER?

46

Contemporary revelation is obviously not monolithic but fortunately multifarious. (Many people are receiving messages from a source which may or may not be authentic)

In our Twentieth Century many are performing a selfless and precious work as selected channels which seem to be endowed with godly mediumship. They are conveying profuse, unedited information dealing with the structure of the Universe, God's Energetic Force Field (higher spheres of existence) Natural Laws, Love and Spiritual Aspects of Reality.

(There are levels of mediumship - in a trance or a waking state. Word for word or translated from symbols. (Read Alice Bailey's book, WHITE MAGIC, pp 177 - 185)

Transdimensional communications are, in general, of an incredibly deep interest from the scientific, philosophic and religious viewpoints.

(Science is beginning to be more aware<sup>of</sup> the many dimensions which exist and are doing research and lab testing - finally recognizing the aspects of Kirlian Photography which was developed many years ago.)

Since the messages themselves show such an intelligent and ethical content, logically their hyperevolved (?) authors must be earnest, trustworthy entities who, of course, cannot deceive nor lie to participants. And they all, therefore, needless to say, should give us the same basic descriptions in regard to identical facts and concepts

\* \* \* \* \*

One of many opinions possible is herewith submitted as a comment on the above.

As a student on the path of the higher learning, my feelings and awareness of what you are seeking is similar to all students on the path. Why the Diversity? That is one of the Laws of the Universe as taught by the Master D.K. in books written by Alice Baily. There are over 20 volumes and I suggest you seek them out and begin to read. They are very intellectually presented and give the Laws of the Universe from the Multiverse down to the tiniest Atom - all in relationship with each other. However, the Unity in Diversity soon becomes apparent.

HIGH POINT FOUNDATION  
647 North Madison Avenue,  
Pasadena, California 91101  
Phyllis Ward

The Bible teaches - "In My House are Many Mansions." This relates to this Universal Law of Diversity. There are many people coming from different directions seeking to arrive back to their Father's House. It is like a Wheel. There is a hub in this wheel which is the essential Truth. However, when we leave our Father's House, to experience life in the material form, we choose differing paths to find our way back. This is where the Principle of Reincarnation comes in. Each lifetime is a day in school until we learn the lesson for which we incarnated. We may take many lifetimes to learn one lesson well (Ten Commandments). However, as we evolve up the ladder we may be perfecting one Truth and learning several more as a part of the whole. Just as you learn higher math, you use all the beginning processes to learn Calculus which is more abstract. You then begin to apply what you have learned as a totally conscious beingness.

We here deal with the multifarious and complex transdimensional communications received. Since we all are at (different) levels of evolvement, with differing experiences which have combined to create levels of consciousness, we have a level of awareness which we seek to convey to others - where we are right now. We know that we know more than many people, but the problem is - we get caught in the glamour of what we think or do know, without realizing that there is much more to learn. It is like an eighth grader being able to teach a third grader how to read. What is necessary is to continue to be aware that what we know is only a part of the whole.

At this moment I am feeling very insignificant as to what I know and do ask for guidance from my own Higher Self. In earnest, that is where the answer always lies. Allow the Soul or Higher Self to tell the Truth. What may be Truth today will change and there

A DISPENSATION OF BLESSING FROM SANAT KUMARA (THE ANCIENT OF DAYS)

"The coming Solar Eclipse (August 10 1980) will be a fiery Baptism for the Planet Earth. The majesty of the Sun, the influence of the Sun will be felt by every embodied soul. This will be the Energy of the King of the Heavens. This will be Sanat Kumara's great Baptism of Solar Energy upon this Planet. You as a channel (and all Light-Servers) are requested to keep a three day vigil before, during and following the Eclipse.

Let ALL of My Beloved Ones open the door of their being, and give the calls for Enlightenment, Purification and Transmutation, and a Changing of the physical form, and the opening of the Third Eye. For this will be a potent time for those who serve the Light of God!

In the proportion that you have Light, Light will be given you abundantly. Present yourselves in prayer, in calls, in Light during those three days for Healing and Help and Deliverance from Earthly weights that so easily beset you.

The Solar Eclipse shall pour down upon the Earth from the Ancient of Days great Rays of cleansing and healing and glorious blessings. Then is the time to open your mouth wide, and give forth with the mouth, the desires of your hearts, whatever they may be, and the King of Glory shall supply all your needs as well as your desires.

As the moon is but a reflector of the Light of the Sun, so shall those who serve the Light at this Eclipse, be reflectors of the Light of the King and the Ancient of Days.

I am Sanat Kumara. I send this message that all of My Beloved Ones may take this great step forward into the Power and Glory of the Aquarian Age."

The above was recorded at Cancer Full Moon via the channel "Tuella", of the City of the Sun - a small community in New Mexico, U.S.A.

It is passed to you without comment but for any necessary action you are impressed to take.

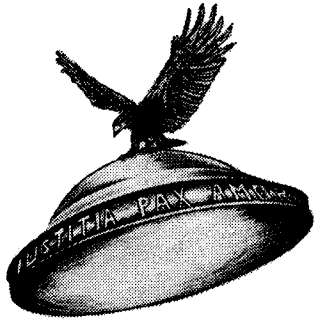

We would, however, remind you of the Message from Mary, the Mother of Jesus to the four girls in Spain on 1 January 1965 in which she referred to a phenomenon similar to fire or LIGHT, to be seen by everyone: "It will be as if our sins will be revealed to us."

You are also referred to Revelation and Daniel Chapter 7: 9, 13 and 22 in which it is shown that the Ancient of Days has to come before the Son of Man.

God loves you, Aquarius!  
God bless you!

Muy querido Hermano en Cristo,

Quisiera por la presente agradecerte los interesantes documentos que tuviste la gentileza de enviarnos. El origen es unico aun si los efectos son varios, y el sentiero que sigues es destinado a llevar hacia los conocimientos superiores, hacia el conocimiento y la consciencia de la verdadera natura de la Suprema Inteligencia que llamamos Dios. Nuestros caminos, Hermano querido, tienen una unica y misma meta : poner en practica las leyes divinas que nos enseñò el Maestro del Amor JESU-CRISTO.

Querido Ignacion, tambien quisiera informarte que dentro de unas semanas, recibiras un opusculo mensual realizado por unos hermanos de Barcelona y traducido directamente de los opusculos italianos. Estos contienen gran parte de los ultimos comunicados recibidos por Eugenio y provenientes de estas maravillosas creaturas del Cosmos. Con todo el corazon, espero que su contenido te gustara e interesara.

Sin mas particular y en nombre de todos nosotros, recibe un fuerte y carinoso abrazo. Que el Padre Todo Poderoso ilumine siempre tu Espiritu de profunda sabiduria y de Santa Paz.

Dear Friend:

As you might guess, a diversity of material comes to my attention at The Light Centre. I always try to read all the various publications and communications, because I find most of it has an interesting message and point of view and is shared with sincerity. Fortunately, we receive little that is of a negative nature, but if I do find it disturbing, I merely drop it in the waste basket and forget it.

I am not disturbed by predictions of great earth changes that will bring distress to mankind. I can see, that unless man begins now, to change his ways and learns to live in harmony with his fellowman and the planet, that these cleansings might become necessary...it is so predicted in the Holy Bible. However, it is not necessarily so. Man has free will, and he can choose to ignore the teachings of the Masters, who have walked this Earth before him, and the warnings given by the Space People, and thus bring disaster upon himself. But he can also choose to learn to live in peace and harmony with all Life-forms and thus nullify or at least modify the dire predictions.

You will find, as you read our publication, that we do not deal with negative ideas. That is not the nature of our work. We are committed to teach all who are ready to learn, how to become Christed ...one in consciousness with the Divine Self within, and the lessons we offer to our readers, we also use and practice, as we seek to lift our consciousness, and thus the vibrations we radiate into the world. We are learning to master this world of illusion, so that we may live in the 4th Dimension...the expanded Conscious Awareness of the Aquarian Age.

As a group, we were advised by the Masters to refrain from eating all flesh foods, no alcohol, tobacco, coffee, tea or cola, and we passed these suggestions on to our readers, to accept or reject. Even in the group, the individual was free to decide what he or she was ready to eliminate from their life-style. It is not enough to pray for the Kingdom of Heaven to become visible on Earth. One has to put forth a little effort to prepare to meet the increasing Cosmic radiations coming into Planet Earth. Flexibility and change are necessary. The whole Universe is changing and expanding and man must also. He has come to the crossroads where there is little time left for hesitation. A choice must be made...whom will you serve...the little personality self that lives only for the pleasures of the moment or the God Self ...the You, you were meant to express...the You that overcomes death, refusing to see anything but Perfection, until all that is less than good dies out of his world for lack of attention.

These teachings are not new. They are a part of the Ancient Wisdom withheld from man, because he wasn't ready to be trusted with it and the teachings of Christ Jesus, that haven't really been tried because, unless you have set your foot upon the Path of Christhood, they are ideas that seem impractical and foolish.

Some psychics and even some channels, who are not in touch with the Love and Wisdom Plane of the Masters, are drawing from the astral realm. This realm, which is still closely associated with Earth, is peopled with the thought-forms created by man, and those souls not evolved enough to ascend to the Heaven Worlds, and is also the realm from which the Brothers of Darkness operate. Like Earth, it is a realm of duality, Light and Dark, good and evil, positive and negative, so the guidance is not always trustworthy. Those channels or Light Workers

(over)

who are able to contact the Masters, bring forth messages that are helpful and positive in nature. The Masters never give advice or tell you what to do, tho They may explain the basis of your problem.

In the end, the only true guide and Source of Wisdom for each individual lies Within. It is your own God-Self...the Father-Within, that each one must seek out for himself. Each one travels the Path to Godhood alone...no one can do it for you.

I hope that between the two of us, the answers given will be of some help. Copies of our publication were sent first class, surface mail. I hope you have received them.

Love and Blessings

New Message about the Changes

By Gildas - June 1978

51

Some of our readers may have read the correspondence in New Humanity following the publication of Gildas's August 1977 message on the changes, which you have all had. There have also been so many conflicting messages from various sources that we thought it timely to ask Gildas for an up-to-date and fuller statement which he willingly agreed to give.

Gildas:

I am sorry that once more you have suffered this anxiety about conflicting messages concerning the changes. There are many levels at work here, and it is a major concern of some guides and some groups to stir people up and to make them realise that the world is even now in a phase of "change". At one time it seemed that mankind would be precipitated into the new conditions in an extremely violent way, though it would all have been right and different and reached a new level afterwards, but the trauma and shock were to be avoided if possible.

{ A very delicate balance has been negotiated over some years between the opposing forces, and now, as I have told you before, a major victory has been attained, a turning point reached, and we are confident that all is very much more controlled, and that cataclysmic universal shock and trauma to mankind will be avoided, and the New Age will dawn in harmony, peace and beauty, with a very wide recognition of and readiness for the new conditions. This puts the estimate of when this state will be achieved some way further ahead than in the next four years. }

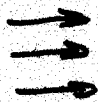

It is essential, however, that all who consciously follow the path should experience within themselves the knowledge that trauma of great intensity could have been a part of these changes. The greater issues need to be resolved and "acted out" on every level, and there does need to be an awakening, by a somewhat negative manifestation, on all levels, and as universally as possible, in the years preceding the change. It is thus that conflicting messages are in circulation; but I am rather concerned about the intensity of the effects that some of these messages are having, hence my stress on the positive side, and on positive thinking and expectation. We do not want panic-stricken groups moving to new areas which are considered "safe", for instance. This would greatly upset a certain balance of distribution of levels of knowledge and experience which we must endeavour to maintain. ⊕

When the world enters the New Age, or the time of change, living conditions, the experiential range, the form of matter will be different and more rarefied, and a new phase of universal karmic redemption will be entered upon; there will be a whole positive shift of levels. Some of these changes will be brought about by a tilt of the earth's axis, and by certain new constellations in the entire solar system, which will attract some disasters of every kind, both natural and brought about by the powers over which man has control; but such is the balance that has been achieved that these will be minor and localised when compared with what we once feared would happen. There will be no major or large-scale breakdowns in communications and essential services, or new and greater experiences of disaster than have already been known in recent times. The tilt of the earth's axis is happening gradually, and all the things which must be a part of man's experience, because of the karmic factors involved, will happen before the changes, and to those who need to be in the midst of such happenings for various reasons necessary to the total pattern of man's destiny. Axis }

The earth plane, when the changes have taken place, will not cease to be an area for physical incarnation and experience; the known patterns will continue on a different level. The new forms and ease of communication with and knowledge of other planets and other levels of being will

Evil

I have emphasised latterly the need for healing, and have turned much of my attention, along with many other groups, to this task; but experience is part of healing and growth, and in the harmonious wholeness which we seek to achieve, the negative states must be recognised as necessary to the total harmonious growth.

52  
\*

In considering preparations for these new happenings, and the very considerable difference into which the world and mankind must grow, it is, as always, necessary to see and to respect the many levels upon which knowledge and preparation can take place. A great many of you are already very attuned to the positive possibilities and have contacts with this side of life, and access to the spiritual possibilities within your experience; thus you have lightened and prepared your being in many ways, possibly over a considerable period of time. It is not then for you that the messages which demand extremely practical preparation levels are intended. For many, a down-to-earth, practical experience forms part of their awakening and growth, and can be transmuted at the right time on to other levels. Thus an exercise in self-sufficiency or well-digging can become a part of spiritual preparation, but not all have to go through this particular level of experience.

Each individual will prepare in his own specific way, and those who are of like mind and direction are already being drawn into groups to work together. It is inevitable, then, that there should be some conflicting information and ways of seeing the same experience which lies ahead for all. If you can see that this is inevitable, and understand and respect the many idioms and ways, and yet remain true and faithful to your own inner guidance and knowledge, then you will come very harmoniously through these times and very surely remain upon the path which is yours to tread.

All is very carefully protected, and each step in these crucial times is minutely observed; there is an immense amount of work for us to do on this side, and again very many aspects to this work.

At the moment those who are in incarnation, or coming into it, bring with them a great many karmic tasks, and often need to live lives that have much change in them and several phases, in order that all the "karmic ends" may be "tied up", before the new level of karmic redemption begins.

The changes will come, and they will be most wonderfully satisfying and beautiful to all who experience them, whether still in earth incarnation or from the next phase of life. The lead-up to these times will be full of many experiences, some negative, but all very necessary, and of great diversity, and perhaps with some feeling of confusion; basically the pattern is strong and secure, and the coming age may be approached with confidence and serenity. }

Q. A question was asked in America as to what exactly you implied by the sentence in your August 1977 message: "Over the past few years a delicate and difficult balance has been negotiated."

Gildas:

In "the delicate balance which has been negotiated" I was referring to the immense battle on a much higher level which has been fought between the pure forces of darkness and light. This has of course had many manifestations on every level within your experience too, but (I was not intending to be specific about areas here)

to examine it in any way. The two ways of life are quite different, and there is some way to go yet before it is safe to make contact in the physical sense. It is possible though to send out general telepathic thoughts of friendliness and light, and these positive efforts will help much more than a negative attitude of fear of the unknown.

54

While stressing that those from other planets are in general beneficent and wishing to extend knowledge, and are curious as you are about other races and forms of life, it is also necessary to say that inevitably there is the other side of the coin and there will be the occasional negative manifestation from other worlds. This again springs not necessarily from true hostility or evil intent, but from ignorance and fear, and the growing knowledge that explorations from this planet are also being made into space, which are potentially dangerous and threatening to other races.

There is no real possibility of brain-washing. The knowledge of other races and their powers are different, and if a positive attitude is not adopted, the intense and understandable fear which can be engendered by other-worldly manifestations can put you in a weakened position. If you are grounded in a positive recognition of your own strengths, which are not less but different, there should be little difficulty even with those who are of negative intent in retaining complete integrity at every level.

As the changes approach and certain barriers in communication are broken down, a common meeting point will be established; the whole picture will become very much clearer.

In summary, then, be cautious about these attempts at contact, but positive, and try to send positive thoughts to those who often require help, or are trying genuinely to be of help and service to a brother race.

Q. What then of the idea, still so frequently mentioned, that when the changes are physically imminent UFOs will come in large numbers to evacuate many of earth's population, perhaps temporarily, to a similar planet prepared for them?

Gildas:

A mass evacuation of people from this planet by another race or other beings is certainly not feasible or part of the plan. The earth plane needs to remain, for a great stretch of time to come, very much as it is, as (an area of existence) in order for development, and this is why we work so continuously to keep any disturbance, as the changes approach, at a minimal level. It would certainly not serve our purpose, then, to have many in earth incarnation removed from the planet, even if for a relatively short time. These thoughts and visions of this sort of thing happening spring mainly from human fear of what may happen, and (the seeking of an answer to survival in the face of insurmountable difficulties.) The difficulties will not be insurmountable, and you will be very guided and protected.

Ignacio, my dear friend,

This daily examination has helped me in identifying the influences of undesirable entities directed toward me.

If you will read chapter 22 in the Book of Lika of OAHSPÉ a better understanding and purpose of this exercise using this form can be obtained. It is not easy to do, but above all - be honest to yourself and keep this record in a safe place away from the eyes of anyone.

By making twelve copies of this form, you will have space for every day of the year. Then, at the end of the year, you can make a just evaluation of your efforts; or for that matter you can observe your efforts on a more frequent basis if you like.

May the All Highest ever guide you.

# ULTIMATE REALITY 59

by Pat Martin

It was as though I were a bird and had an overall view of a drama going on below me. First of all I saw a young man sitting cross-legged, meditating. He was dressed in the clothes of a Buddhist monk. While I watched, he suddenly went into an ecstatic state of bliss, from which he jumped up and proclaimed, "I have seen God, I must go and tell the world what this bliss is like." He called it Nirvana. I then saw him set off on his journey across the world, convinced he would set the world free.

The story then took me to another part of the world, to a room with strange signs and symbols on the walls and floor. A man sat at an altar with candles and incense and all sorts of paraphernalia. He was intensely absorbed in a pile of volumes, and, as I watched him experimenting and mumbling certain words, he suddenly stopped and a look of sheer joy came over his face. After a few moments he grabbed up his books and slung them into the fire. He shouted for joy, and proclaimed, "I will tell the world I have merged with that Cosmic Consciousness."

Then I went across the world to a place where a Yogi sat concentrating. He was practising Raja Yoga, mind control. He too broke through into an untold state of bliss and cried, "It is Samadhi; I must tell the whole world how to get there."

The next scene was in a little church where a man knelt in prayer. As I watched him, a great emotion overcame him, and he wept and cried, "The Kingdom of Heaven, the peace which passeth all understanding. I will begin a Christian mission and tell all of this blessed state." Off he went.

Finally, my story took me to a beautiful country scene by a stream. There sat a mystic, deep in thought, trying to find words to express his feelings for the beauty, the splendour of nature all around him. Suddenly his eyes caught the reflection of himself in the stream; his body went very still, a peace spread over his face, and tears came into his eyes. He was transfixed, hypnotised, and held for what seemed ages. His brow smoothed out, the tension left his face, and an untold bliss came upon him. He grabbed his pen and his pad and scribbled away trying to describe this beauty and this love, for which he could find no name.

At this point I could see all these men travelling their different paths to tell the world. From different points on the earth eventually they all landed at the same spot, and, on meeting, began excitedly to convert one another. All were enthusiastically trying to tell of their experience. Much to their amazement, none could find words to convey the experience itself (there being no words to describe it anyway). One kept trying to explain that Samadhi was THE ultimate experience; another was saying, "No, Cosmic Consciousness is the ultimate reality, your experience is just a step on the way to this." The Christian was frantically calling out, "The Kingdom of Heaven is within; when you find that, you will have found peace and all your sins will be forgiven through Christ."

I could see all this going on below me like a drama on the stage; in fact that is what it was, the great drama of

life taking place, and the whole earth was the stage. From this point, the voices started to fade away and the scene carried on like a mime play. The figures were all striving to make their points, to assert their truth as the ultimate truth, all trying to convince the rest that their own truth was the highest and that if only the others would give up their experience of truth and see it as a trip of the mind, then they too would experience the ultimate. Each one of them was saying the very same things, yet each was convinced that he and he alone was right.

The voices were completely gone now, so all I could see and feel were their expressions and their inner feelings. I realised that each one had had his first taste of God, and also that they had all fallen into the same trap, the snare that awaits all who experience the reality for the first time. It was the snare of spiritual pride, whose offspring is arrogance which kills humility.

As I continued to watch the silent drama, I was shown that this subtle veil of pride prevented each of them seeing that their experiences were ONE experience; that there IS only ONE ultimate reality, and therefore only ONE experience of it. It showed me that words, names, labels so often hide the truth, and that, if just one of those men had been able to see beyond his own set of symbols, names and words, he would have 'caught' and realised the truth of the other men's experience, recognising it as the very same truth as his own.

I, too, now realise that the greatest tribute and praise we can ever give to God, or truth, is SILENCE; and that one who had in fact realised the true reality would instantly recognise another who had realised it, no matter what name each gave to its source. He would see and feel way behind and beyond all words and names.

*Mary Swainson of Oadby sent this article to us after having read the small item in our issue 27 (page 2), 'Truth has no labels . . .', and the letter by Richard Raper also in that issue (page 17), and our comments thereon.*

*This was a true dream or vision, experienced between 9 and 11 p.m. one night, when Pat had gone early to bed, very tired. After it, she woke refreshed and spent most of the rest of the night writing it down, as she felt she must.*

*Subjectively she took the dream as a 'warning' in her own life, for she has herself tried the many paths, and has recently come to a point of balance and stillness and peace, beyond them all, in her own growth. She is a Yoga teacher, unspoiled by too much education!*

The strongest heart will faint sometimes under the feeling that enemies are bitter, and that friends only know half its sorrows. The most resolute soul will now and then cast back a yearning look in treading the rough mountain-path, away from the greensward and laughing voices of the valley.

Dear Ignacio,

thank you for your last mail with the enclosures for which I asked and thank you for them again. Can you imagine, that 15th century galleons delivered mail faster than today's ships? It took three months, theirs took two months. Anyway I am glad it arrived.

Ignacio, what do you think of it? Do you think these people killed that poor woman. Terrible crime. Did they do it? As I read you have investigated that affair.

It would be hard to understand that such advanced beings would do anything like this.

Has anyone heard from them ever since? On the other hand it could be done by ONE man alone who is well informed and has the money.

Our friend tells us that "they" did not do it and will try to find out more.

Ignacio, there is no possibility that revelations coming from mere beings, even if more advanced than we are, would equal to the Revelations of Echen, who is indeed the Son of God, and whose image has never appeared as such anywhere on this planet except in slightly different form to the Incas and to Joseph Smith, which face is now carved into the stone called the "Sun Stone".

This face seems to appear in the apocalyptic junctions of our Destiny. Can you send me the address of that Ramala Center, I will send them the ULTIMO. I want to also thank you for your remarks in the ULTIMO, from which I see your scientific approach in reading it, and for Mr. Ribera's address.

I cannot see how the New Age can appear without the presence of the Gentilite people who are scheduled by Lucifer to be wiped out from the face of this Earth.

By doing this, the third generations from today will be NO MORE HUMAN, but subhuman, as the dehumanization of the Gentilite original Creation will annihilate the Divine origin of the Gentilite.

Up until now we have only ONE clue to the immortality and existence of the SOUL and SPIRIT, and this is the ability to recognize a BEAUTY, when we see it. This recognition is automatic because we really do not know what makes "beauty" beautiful.

This recognition is the Divine spark in us planted there by God Himself. Without this we would be like animals who do not recognize and reflect beauty impulse.

This comes through our ~~HEXAX~~ Central Nervous system. This ability TO RECOGNIZE ~~plus reasonability~~ makes us HUMAN. The expansion of this ability makes us SUPERHUMAN. The conditions of this expansion are based on external and internal impulses sometimes not dependent on man himself. When this comes externally we call it a supernatural intervention, when a man was somehow chosen to be the one to be developed into an higher being than just a man.

But this does not come free and without effort on man's part. It is not really "free" gift, but a result of man's work and divine

Hand legs Triangles nose  
and all about in our  
Three gears steel pieces

selection.

I do not know if Brad Steiger is interested in helping us, it seems he has not fully understood the meaning of the Apparition of Echen, which is not just another "miracle" or paranormal phenomenon as he seems to think, because perhaps the Gentilite people are specifically involved. But I might be wrong, he is certainly a very knowledgeable and nice man.

Some people cannot understand that God, the real God, the infinite Spirit, is NOT the one the Old Testament and the New is talking about this being a very childish Jewish concept mostly political. Ron Gorton calls him the "biggest killer of all times" threatening 492 times in these books to kill anyone who doesn't agree with him.

Well, this concept of "God" is on the way out, as the catalytic Visitation of Echen to cause another enlightened step forward, is here. Yes I pay for it too, being persecuted here and there resulting in economic consequences to me etc., but the truth is the truth, and regardless the consequences we have to preach it.

Ignacio we may go to Europe for visit one of these days, so I hope we can meet and talk a little personally.

So, please don't forget the address of that Ramal Center. Again I really appreciate your sending me the letters. Hoping to hear from you soon again I am,

The Swedenborg Foundation, founded in 1849 under the name of the American Swedenborg Printing and Publishing Society, changed to its present name in 1929. We are an autonomous publishing body independent of any church organization. Our activities are focused on maintaining a flow of the theological works of Emanuel Swedenborg into the mainstream of religious thought.

Gifts from generous donors make it possible to supply these books to the public at or under cost of publication. As a tax exempt, non-profit corporation, contributions are considered tax deductible. During its lifetime this organization has distributed through sales or gifts, over two million volumes of Swedenborg's writings and related works.

We do not evangelize nor do we promote any religious doctrine as such, but operate on the thesis that the parameters of the theology propounded through Swedenborg reach far beyond the christian world and that no religious education - christian or non-christian - can be considered well rounded without something more than a superficial acquaintance with this theology.

Dear Sir:

I have taken my lunch hour to write this to you.  
I am the Coordinator here at High Point Foundation.  
Its purpose is to teach Psychosynthesis, a  
Psychological Process developed by Dr. Roberto  
Assagioli, M.D. of Florence, Italy.

We feel it is important for each of us to understand  
ourselves more fully and in that way the world will  
become a better place in which to live. It is the  
process of - if you want things to be better, begin  
with me. Clear up my angers, hates, frustrations,  
and the many areas in which we hooked in on the wrong  
button being pushed within us.

I appreciate your letter in that it has given me an  
opportunity to analyze where I am coming from and  
hopefully share common needs to know. Your sending  
out your communique out to the world should bring  
in some interesting responses. I would be interested  
in hearing some of them. Particularly I am interested  
in hearing what you have discerned from them.

I will continue with your questionnaire at a later  
time.

Actually, I feel that when I reread the attached that  
I can come from a new place and will say some things  
differently.

Dear Friend Ignacio -

Your note of the 17th arrived very promptly with its enclosures for which I thank you.

Yes, have run into a number of seeming conflicts in high class material and wondered some of the same things that you have. If you do not consider this too presumptive, will list some of the reasons given in writings for the contradictions:

1. The Revelator is limited to the vocabulary and some of the mental processes of the channel, even the purest.
2. Some channels tune into records which are authentic but existed 5,000 years ago and do not apply: or to some other planet or star.
3. The question of rebirth does come up often, and have read that in the Almighty's Ascension Plans, there is more than one, and a Revelator from another Star might not have encountered our system.
4. Cannot put my finger on any one special quotation at this point, but have read a number over the years.

Despite the contradictions, there are a number of harmonies in Revelation that we can accept, and are incorporated in the highest material, such as:

1. We are coming to the end of the Age, with exact time unknown.
2. As individuals, each can receive internal Revelation for one own guidance, if we try hard enough.
3. We are immortal and on an Ascension plan that goes forever. Etc., etc..

Though have never completely read "THE URANTIA BOOK" and do not understand all of it, the work did expand comprehension of the Cosmos at least 1000%. It did not aid me in efforts to grow in daily life: here was helped by the Mentor and the Solographs, and others.

Have just returned from a 23 day trip to New Zealand, and will work with the New Age Light Group there. At present, they are disseminating "THE NEW TESTAMENT OF LIGHT", and I will aid with this in the USA. Will enclose a copy: please give it a try.

15 February 1980

Dear Ignacio,

Are you not our friend and Brother in the Light of the Most High God?

We, the five spiritual Amazons of this east Devon Group of Light Workers, are gratified by your most kind letter of appreciation of 2 February 1980.

Everything in the world is moving at a great pace now, and all Light Workers are aware of the significance of this great movement, and look forward with joy to the aftermath of that which is to come.

Ignacio, we are ALL part of a harmonious WHOLENESS, which is Divine, and therefore, distance and time mean little to us, and in the near future, will be senseless. We all find it very difficult to grasp certain truths, despite all instructions, as we still think with our little 3-D impressed minds!! However, the expansion of Cosmic Consciousness is beginning to take an effect, and, although we still "see through the glass darkly," as St. Paul said, there are traces of pure light within the darkness, and they reflect back at us now and then, so that the blinding light when it does come will not entirely stun us with its brilliance!!

We are aware that many communicators are terribly verbose. But the essence of all the teachings remains the same:

- To seek the Christ Light
- To find the middleway or golden mesme or balance
- To attune to the Universal Intelligence

→ ( The teachings stress OUR importance (more correctly, our Communicators stress this), or impress our egos(!), as an individual or group in order to gain our attention and aid.... We poor mortals are being manipulated in all manner of ways to fight for the Truth and the Light... and it is only by patting us on the back and flattering us a little that they can persuade us to work hard for the Cosmic Cause!

And they stress the need 'to walk in the Light' in order to change the physical body!

So be it....

The general concensus of opinion among many Light Workers now is that war is imminent, but that it may be delayed, like the economic crash, for a matter of months, and that the planetary alignment of 1982 in all probability will trigger off the axial tilt of the planet. So, if this is so, we haven't much time left.

Take care of yourself. We send you our love and the Peace that the world cannot give. All blessings.

Patricia

Dear Ignacio,

Thank you for your letter of 18 January and all the enclosures. These have left us wondering whether you subscribe to all these Centres and that is why you are so bewildered! The Centres listed are but a tip of the iceberg, as there are many thousands of groups scattered throughout the world of which little is known. They do not send out literature, and they bear no name, but they pray and send out the Light.

As requested, I have asked our Communicators to comment on the diversity of material from which contradictions arise. I enclose their reply. I am also sending you a list of books which you should read which will help to clarify matters for you, although the short cut is to stop reading, and learn to meditate.

In the circumstances, Ignacio, I am not posting to you all the other material for which you have asked as it would not help you at the present moment. You may find the personal contact with Mr. David Hartnell-Beavis helpful as he is a wise soul.

Yes, women are to share the responsibilities in the New Age!

With all blessings from the five Spiritual Amazons!

You will receive our quarterly mailings in due course.

RE: IGNACIO AND HIS QUESTIONS

Question:

Please comment to enable a reply to be sent to Ignacio.

Answer:

Men's wisdom is foolishness with God!

Our Brother must learn to meditate, so that he may become discerning and know, with inner-tuition, that which is true, and that which is false. Then, he will no longer be concerned in these matters.

Very many beings are answering the call to help the earth and its inhabitants at this critical time - men, angels, Masters and Members of the Spiritual Hierarchy. They are not perfect, since only the Father is Perfect! Neither are the instruments through whom they communicate (MEDIUMS) perfect! Therefore, misinterpretations exist and persist.  
BY THE CHANNEL.

Also a great preponderance of communicators exist on the various Astral Planes, where a communications system has become well-established, and many of these still possess the faults and failings which are the lot of man (in the flesh). They voice their own conclusions, and are often in error. For instance, reincarnation is the fate of some, but not of all, since Life experiences are many and infinite. } \*

Only the Father knows the Hour of Change, and the steps leading to that Moment of Change - not even the angels (the Space messengers) know, but the Father alone, as the Master has said.

There are as many predictions and opinions and conclusions as there are individuals concerned! Likewise, forthcoming events depend for their timing on the little wills of men.

Only the half-crystallised forms may be read on the Akasha, and these may be broken down and changed by prayer and the application of the sustained Power of Light!

Therefore, Ignacio should not be overconcerned at the inaccuracies which abound. It was foretold that this would be so, and lead to greater confusion and chaos. But out of the chaos shall come the Christ, the Consciousness which shall reign over all.

We bless you.

Dear Ignacio;

USA

Thank you for your letter. I apologize for not answering sooner, but I have been traveling and lecturing all over the world. I was in Barcelona the end of April for the "Day of the Books." When I return home for a while I am confronted by a mountain of letters, which I am now attempting to answer.

You have asked a complicated question about why does some channeled information disagree on identical subjects. I do not think there is a clear and simple answer to your question. You must remember that any information that is channeled is coming through a human vehicle. The belief systems of the vehicle or individual are naturally going to influence or censor the information, even though they would consciously deny this. As the saying goes, "The taste of the wine is influenced by the container it passes through." This may not be the answer you are looking for, but it is the best I can come up with at this time. In my experience, the majority of information has been remarkably similar, not contradictory. But you may have found some that is. This is possible, because I do not read other people's material. I do not want to be consciously influenced by what I read, so I try to avoid this.

I suggest that you take everything you read, and ask lots of questions, and then (after much thought and deliberation) only accept what feels accurate to you. You should rely on your inner instincts.

I am sorry I cannot help with the mathematical question, because I am very illiterate in that area. I will keep it on file, and if the opportunity arises I will ask the question. But I cannot promise any results.

Thanks for your interest in my work. Two of my books have been translated into Spanish, and more will be translated in the future. You will find that they touch on many metaphysical topics. I am enclosing a catalog of all of my books, in case you are interested.

Sincerely yours,

*Dolores Cannon*

Dear Friend Ignacio -

Your note of the 17th arrived very promptly with its enclosures for which I thank you.

Yes, have run into a number of seeming conflicts in high class material and wondered some of the same things that you have. If you do not consider this too presumptive, will list some of the reasons given in writings for the contradictions:

1. The Revelator is limited to the vocabulary and some of the mental processes of the channel, even the purist.
2. Some channels tune into records which are authentic but existed 5,000 years ago and do not apply: or to some other planet or star.
3. The question of rebirth does come up often, and have read that in the Almighty's Ascension Plans, there is more than one, and a Revelator from another Star might not have encountered our system.
4. Cannot put my finger on any one special quotation at this point, but have read a number over the years.

Despite the contradictions, there are a number of harmonies in Revelation that we can accept, and are incorporated in the highest material, such as:

1. We are coming to the end of the Age, with exact time unknown.
2. As individuals, each can receive internal Revelation for one own guidance, if we try hard enough.
3. We are immortal and on an Ascension plan that goes forever. Etc., etc..

Though have never completely read "THE URANTIA BOOK" and do not understand all of it, the work did expand comprehension of the Cosmos at least 1000%. It did not aid me in efforts to grow in daily life: here was helped by the Mentor and the Solographs, and others.

Have just returned from a 23 day trip to New Zealand, and will work with the New Age Light Group there. At present, they are disseminating "THE NEW TESTAMENT OF LIGHT", and I will aid with this in the USA. Will enclose a copy: please give it a try.

Dear Ignacio,

A. H. GARSIDE

Thank you so much for your letter received when I came back from a 3 week visit to Rhodesia. Sorry to be so late in replying. You have asked many questions and let me try to answer them briefly at this stage for I have a pile of mail waiting for me to get through. You ask me to send you issues of my 'newsletter', its price and so on - well, I do not produce a 'newsletter' and if I did there would be no charge whatever, not even postage. What is done under 'Spirit' direction through me is always quite free when it comes to distribution, because I give out the Truth as I receive it, and the Truth is 'God' Itself. 'God' must never be for sale! I shall be forwarding to you some literature that has been written up thro' me from time to time, and perhaps a tape recording some talks given by the Control using me - do not offer me a donation for this material, please, for I shall only refuse to accept. There are no 'New Age' operative centres in S.A. as far as I know, and I belong to no organisation whatever. I am a 'loner' - I 'walk alone' doing whatever I am asked to do by my 'Inspirer' or 'Originator', and I am thankful enough to be able to do that little bit for humanity. I possess nothing of this world's goods except what I carry in a suit case, and I exist on an old age pension of roughly R100-per month. I stay with people wherever I am sent and am looked after adequately regarding food, clothing and shelter. I am looked after by 'Spirit' where my health is concerned, just so long as I am prepared to do the Will as revealed to me to do, and so for the past 20 years I haven't had need of so much as an aspirin. Now you know a little more about me you can see that I am not quite like other people in that I have been trained ONLY BY SPIRIT, which is the 'still, small Voice within' that I hear speak to me so clearly at all times, to give to me instruction, request, command and so on, and all I do is obey without hesitation or question, and give to this Voice my full allegiance over and above all other considerations. I have been cut off from the business, social and domestic fields of the world, so that I am quite free of man to come and go wherever the Will instructs. In this way I 'walk' a Road that is free of pitfalls, obstacles and snags, free of problems and responsibilities, except to do the Will at all times to the best of my ability. Whilst operating in this fashion it is the Will that provides all that is necessary to keep body and soul healthily together, gives to guidance for my footsteps, protection from all forms of harm and comfort that, despite appearances perhaps, all is well. I am 'out of this world' as it were, and take no orders from man on Earth. I like it this way, and so through me 'Spirit', the 'WILL' operates as I have been trained. I started this training course as it were, just three months or so after my wife was taken into 'Spirit' in 1960, and this left me free of the domestic field, to do what I was told without inconveniencing anyone, especially family.

Anyway, that in brief is my story, and I have travelled to UK, New Zealand, Australia, round South Africa here and Rhodesia for years, and in May, next month, I am off to the USA for a period of six months or more. All my 'tours' have been sponsored, of course, because I have no material wealth to see to my own transport, and so 'God' provides if you like, otherwise I simply cannot carry out my orders from that Inner Source. No two 'Messengers', 'Mediums' or 'Instruments' are alike, operate alike or are impressed by Higher Authorities alike. Even on the Planes of Higher Vibration there are differences of opinion about this and that because of level of evolution of 'Inspirer', and medium, of education, of spirituality, of understanding and so on. Of course, you will get contradictions with the outpourings from all these different Sources, even from the Highest Source of All, simply because man is here to be tested, tried and learn. Some come to Earth, reincarnate, to make amends for karmic debts incurred in a previous Life span, and so on. BUT, and this is given out very strongly through me time and again, WORRY NOT ABOUT THAT WHICH HAS NO BEARING ON YOURSELF, YOUR CHARACTER DEVELOPMENT, YOUR PRESENT AND/OR YOUR FUTURE. Concentrate solely upon DOING THAT WHICH RIGHT IN THE SIGHT OF RIGHTEOUSNESS, SIGHT OF ALL GOODNESS, WHICH IS 'GOD', AND BE glad of the opportunity to exist, to glorify 'God' in this only way it can appreciate. Jesus set the pace for all of us, doing GOOD and BEING GOOD.

There is very little space in an aerogramme letter but it is the best form of letter I can find for overseas correspondents. I shall be glad to write again to you, if you wish for answers to specific questions re 'Spiritual matters', and that which affects you as a man. Reading too much only confuses but it is inevitable that you are going to die, and when you do you will find that you have only discarded this less form to continue existing in another form, just like the one you have just discarded, but made of ether and is called the 'Soul'. In this 'soul', counterpart body dwells the MIND, the LIGHT, the SPIRIT, the LIFE FORCE which is all part and parcel of the UNIVERSAL MIND, LIGHT, LIFE FORCE AND/OR SPIRIT. We and God are One Unit, but we are not yet fully aware of this relationship otherwise we would not be treating our 'neighbour' as harshly, cruelly as we do sometimes; Anyway, adopt the motto, 'WE LIVE TO SERVE', but when we do so we are asked to watch our MOTIVES, that they are pure and not selfish. Be cheerful, happy and contented at ways if you can, doing what you are able for those less fortunate than yourself and you will not go far wrong. There are no Arch Angels on Earth and so one must never try to be one; we all have weaknesses of character to get rid of and NO ONE ELSE CAN DO THAT FOR US, ANY MORE. THAN ANYONE ELSE MAY BREATHE FOR US, LIVE FOR US, DIE FOR US AND SO ON. Cheerio, God bless you in your work, and very sincerely yours,

EACH "CHANNEL/INSTRUMENT" IS DIFFERENT. EACH HAS A DIFFERENT VOCABULARY; WORD USAGE. A WORLD-WIDE BROADCAST WOULD BE "PICKED-UP" AND WRITTEN, OR SPOKEN FORTH DIFFERENTLY BY A NUMBER OF "RECEIVERS." WORD USAGE, YET THE GENERAL CONTENT WOULD BE THERE, IF THERE WERE NO CONTAMINATION FROM THE SELF, OR OTHER.

A MESSAGE BEAMED TO ONE CHANNEL, WHETHER DIRECTLY TO ITS "SCRAMBLER," OR USING THE VOICE BOX IN OVER-SHADOWING, OR PARTIAL, OR COMPLETE CONTROL OF THE PHYSICAL VEHICLE, THE "SCRAMBLER" WOULD STILL BE INVOLVED. IF THERE IS STRONG POWER, THEN MUCH OR EVEN ALL OF THE CHANNEL'S VOCABULARY OR PERSONAL BELIEFS MAY BE "BY-PASSED." THERE ARE MANY VARIABLES INVOLVED. THE "SCRAMBLER" IS THAT PORTION OF THE BRAIN THAT "CONVERTS" INPUT SIGNALS OF THOUGHT FROM ONE DICTATING A COMMUNICATION EITHER BY DIRECT THOUGHT OR "THROUGH" A TRANSMISSION DEVICE. IN THE "CONVERSION" THEN IS A SIMILAR CONDITION MET AS IN TRANSLATING ONE EARTH LANGUAGE TO ANOTHER. ON EARTH INDIVIDUALS HAVE DIFFICULTY COMMUNICATING WITH EACH OTHER USING THE SAME LANGUAGE. IT SHOULD BE NO SURPRISE THEN THAT COMMUNICATIONS FROM OUTSIDE THE PLANET COULD BE MIS-TRANSLATED GIVEN ALL VARIABLES. THAT IS THE CHANCE TAKEN THEN IN THE ATTEMPT TO ASSIST HUMANITY. EVERY POSSIBLE AVENUE IS TRIED THAT HELPFUL INFORMATION AND GUIDANCE MAY BE RECEIVED BY THOSE ON EARTH. NO STONE IS LEFT UNTURNED, NO METHOD TOO "BIZARRE." IN RECENT YEARS THIS HAS BECOME EVEN MORE EVIDENT BY THOSE ON EARTH THAT ARE SENSITIVE AND OBSERVE SOCIETY IN DETAIL.

WHEN THE "SPIRITUAL GROUND" IS PARCHED AS LONG AS IT HAS BEEN ON EARTH, THEN CONTINUED "WATERING" IS REQUIRED, UNTIL THE DROPS OF WATER, (TRUTH) FIND OPENINGS TO ENTER AND STIMULATE INTEREST IN LIFE AND ITS MANY IGNORED FACETS. MANY ARE THE ANECDOTES AND "PARABLES" THAT CIRCULATE TO SHOW THAT EVERYONE HAS A DIFFERENT VIEW OF THE SAME THING, AS THE THREE BLIND MEN DESCRIBING THE ELEPHANT. THE POINT OF VIEW WOULD BE THE POINT OF SPIRITUAL EVOLUTION, AWARENESS OF THE LIFE THAT ALLOWS THE COSMOS TO BE. ONE ASPECT OF LIFE BROUGHT TO THE ATTENTION OF SAY A THOUSAND INDIVIDUALS WOULD BRING FORTH A THOUSAND DIFFERENT OBSERVATIONS, DEFINITIONS AND OPINIONS. BUT THE THOUSAND POINTS OF VIEW EXPRESSED WOULD NOT BE THAT ASPECT OF LIFE. WERE THEY TO (EXPERIENCE) THAT OBSERVED ASPECT OF LIFE, THE VARIABLES MIGHT BE LESS, BUT SOME OF THE VIEWS COULD BE SEEMINGLY OPPOSITE, WHETHER OBSERVED OR EXPERIENCED. (WERE THE THOUSAND TO EXPRESS "EXACTLY" THE SAME, THEY WOULD NOT BE EXPRESSING THEIR INDIVIDUALITY.) AS THE FIVE FINGERS ON YOUR HAND ARE ATTACHED TO THAT ONE HAND, EACH FINGER DOES HAVE A DIFFERENT EXPERIENCE IN RELATIONSHIP TO EACH OTHER, AND ONE FINGER MAY HAVE A VERY DIFFERENT EXPERIENCE INDEED.

LIKewise THEN, WITH SO MANY COMMUNICATIONS COMING TO EARTH FROM SO MANY "SOURCES" THERE MAY SEEM TO BE CONTRADICTORY VIEWS EXPRESSED ABOUT THE "SAME" CONDITION OR THING. THE INDIVIDUAL BRINGING THE COMMUNICATION MAY BE LOOKING/DESCRIBING FROM AN ENTIRELY DIFFERENT UNDERSTANDING AWARENESS.

ONE SPEAKING FROM A PLANET WHOSE CHEMISTRY AND SOCIETY IS ALIEN TO THAT OF EARTH WOULD OF COURSE LOOK AT EARTH AND ITS CONDITIONS DIFFERENTLY THAN ONE LIVING ON EARTH. WHEREAS MUCH OF HUMANITY STILL IDENTIFIES WITH WITH CERTAIN FRAMES OF REFERENCE, ONE NOT SO CONDITIONED WOULD NOT EXPRESS

IN THE SAME MANNER. IT COULD BE LIKENED TO THE COMMON TERM, THAT THE "SUN" IS SETTING BECAUSE IT IS "BEYOND" THE HORIZON OF PHYSICAL SIGHT. IN REALITY THE SUN IS NOT SETTING AND MOST PEOPLE ARE AWARE OF THIS, BUT THE "FRAME OF REFERENCE" PERSISTS IN THE CONSCIOUSNESS, AND IT BLOCKS BROADER VIEWS OF LIFE IN GENERAL. "THINGS" ARE NOT NECESSARILY AS THEY SEEM TO APPEAR. APPEARANCES CAN BE "DECEIVING." THAT IS WHY IT HAS BEEN STATED, THE DESCRIPTIVE WORD IS NOT THE THING BEING DESCRIBED.

EACH INDIVIDUAL HEARING OR READING, "INTERPRETS" USING THEIR PREVIOUS FRAMES OF REFERENCE. FRAMES OF REFERENCE ARE STATIC, THEY DO NOT ALLOW MOVEMENT, CHANGE, OR GROWTH IN UNDERSTANDING. FRAMES OF REFERENCE HAVE BEEN USED FOR AGES TO KEEP PEOPLE IGNORANT OF THEIR POTENTIAL. HUMANITY HAS DEVELOPED MANY OF THEIR OWN "COMMANDMENTS" WHICH ARE CONTRARY TO COSMIC LAW. THE ONE MOST INGRAINED IS: "THIS IS THE WAY IT IS, DO NOT QUESTION IT!" THIS COMMANDMENT IS COMMONLY PRACTICED IN GOVERNMENT, ECONOMY, EDUCATION, BUSINESS AND IN MAN-MADE RELIGIONS; COINED IN THE TERMS OF INTELLECTUALISM AND RELIGIOUS DOGMA; IT IS LIKE ROPES BINDING THE FEET, HANDS AND THROATS OF THE PEOPLE.

IT COULD BE SAID, THAT FOR EVERY INDIVIDUAL ON EARTH WITH THEIR INDIVIDUAL POINT OF VIEW, THERE IS A PLANET WITH A DIFFERENT FORM OF SOCIETY AND AWARENESS OF ITS RELATIONSHIP WITH THE SOURCE OF ALL. IT ALSO CAN NOT BE IGNORED THAT THERE ARE THOSE ENTITIES FOR REASONS OF THEIR OWN, THAT DO, ON PURPOSE, WEAVE DECEPTION INTO COMMUNICATIONS. BE IT AN IMPOSTOR FROM THE LOWER ASTRAL REALMS OF EARTH, OR THE EXPRESSED GOVERNMENTAL CONSCIOUSNESS OF A PLANET THAT IS MIS-USING THE CREATIVE FORCE. COMMUNICATIONS FROM THE LEGIONS OF LIGHT HAVE NOT DWELLED ON SUCH THINGS EXTENSIVELY, FOR WHAT VALUE WOULD IT BE TO ADD TO THE KNOWLEDGE OF MISUSED ENERGY ALREADY SO PREVALENT ON EARTH? WE COME TO HELP, NOT BURDEN YOU WITH MORE OF THAT WHICH YOU DO NOT NEED AND ARE ATTEMPTING TO CHANGE FOR THE BETTER.

EACH INDIVIDUAL, HAVING THE CHOICE TO EXERCISE THEIR PREROGATIVE IN BE-LIEVING AS THEY WISH, ARE THEN IN A POSITION OF EXERCISING ALSO THEIR ABILITY TO (DISCRIMINATE) BETWEEN THE HIGHER AND LOWER ASPECTS. THIS THEN IS THE "CHALLENGE," WHETHER AN INDIVIDUAL IS WILLING AND ABLE TO IGNORE PAST FRAMES OF REFERENCE AND THINK FOR THEMSELVES, ALLOWING THEIR HIGHER "INSTINCTS" TO MAKE DECISIONS IN A WORLD OF CHAOTIC CHANGE. TO CONTINUE TO CLING TO OLD NORMS, CAN NOT BE SATISFACTORY, FOR IT IS LIKE CLINGING TO A LEAKING BOAT. THE CHOICE THEN FOR HUMANITY IS TO SINK, OR SWIM INTO A DIFFERENT FREQUENCY OF THOUGHT AND AWARENESS, NO LONGER USING AN UNDEPENDABLE BOAT, BUT BEING ABLE TO WALK ON WATER, SO TO SPEAK, IS THAT IMPOSSIBLE? ONLY TO THOSE THAT INSIST THAT IT IS!

HUMANITY HAS NOT GIVEN LIFE A CHANCE. (IT HAS NOT REALLY PARTICIPATED IN LIFE AS IT ACTUALLY IS.) THAT OPPORTUNITY IS NOW COMING INTO VIEW, FOR ALL THAT ARE WILLING TO PUT ASIDE FORMER FRAMES OF REFERENCE, FORMER MANNERS OF IDENTIFICATION, FORMER CONCEPTS, AND POINTS OF VIEW. TO BE FREE OF THE "PAST" WHICH HAS SERVED ITS "PURPOSE." THE OLD GARMENTS OF THOUGHT NEED TO BE REMOVED THAT NEW GARMENTS OF THOUGHT CAN SERVE EACH AND EVERYONE REMAINING ON EARTH IN THE DAYS TO COME, THAT THE SOULS COMING INTO FORM SHALL FEEL AT "HOME" ON THE PLANET AND EVOLVE WITHOUT THE HINDERANCES OF THAT WHICH HAS BEEN. LET HISTORY CLAIM ITS OWN, THE FUTURE IS NOW!

MAY YOUR RADIANCE REFLECT THE LIGHT OF THAT RADIANT SOURCE OF ALL. WE HAVE SPOKEN AS ONE AND FOR MANY - - SOLTEC AND MONKA - - / B.L.

SOME POINTS BROUGHT FORTH BY REV. JUNE YOUNG, MILWAUKEE, WISCONSIN, U.S.A.

- (1) MANY STEPS ON THE DEVELOPING SCALE.
- (2) ALL ARE NOT ON THE SAME LEVEL OF LEARNING, BUT EACH IS IMPORTANT TO THE WHOLE PROJECT.
- (3) PARTICIPATING ENTITIES KNOW JUST SO MUCH ABOUT A PROJECT. (NO ONE BUT "GOD" KNOWS THE TIME AND THE HOUR.)
- (4) PEOPLE READ BOOKS, (MEDIUMS - SENSITIVES) AND THEIR BIBLICAL TRAINING SOMEHOW SEEMS TO SEEP INTO THEIR CHANNELING, ESPECIALLY WHEN IT HAS BEEN EDITED.

.....AN EXPANSION OF THE FOREGOING VIA B.L.

A DEFINITIVE OBSERVER WOULD TEND TO ASK WHY THE DIVERSITY OF VIEWS IN "TEACHINGS" AND COMMUNICATIONS, MESSAGES, ETC. WHATEVER THE LEVEL OF DEVELOPMENT AND EDUCATION OF A "PSYCHIC/SENSITIVE/CHANNEL/INSTRUMENT, THEIR "OUTPUT" WOULD FIND SOME RECEPTIVE INDIVIDUALS INTERESTED IN THE MANNER, OR CONTENT OF THE PRESENTATION. THIS IS THE LAW OF LIKE ATTRACTS LIKE. OTHER INDIVIDUALS COULD BE "REPELLED" BY THE SAME PRESENTATION FOR A NUMBER OF REASONS. EXAMPLE: IF AN INDIVIDUAL BELIEVES STRONGLY THERE IS ONLY JESUS AND "GOD" TO BE CONSIDERED, OR, ANY SUCH COMBINATION OF WAYSHOWER AND GODHEAD REFERENCE IN ANY OF THE WORLD'S RELIGIONS, THEN THE NAME SANANDA, OR ANOTHER, WOULD HAVE NO MEANING, AND IF IT WAS MENTIONED THAT THE TWO NAMES INDICATE TWO ASPECTS OF THE SAME SOURCE OF PROJECTION, THERE COULD BE INTENSE RESENTMENT, OR...ON THE OTHER HAND, CURIOSITY. A BASIC TRUTH THEN, COULD BE MOST UNCOMFORTABLE TO ONE, AND QUITE ORDINARY OR NORMAL TO ANOTHER. BUT THE DENIAL BY ONE WOULD NOT DETRACT FROM THE BASIC FACTS OF TRUTH. IN PROGRESSION OF THE SOUL, THE ONE RESISTING MAY COME TO FEEL COMFORTABLE WITH THAT REJECTED PREVIOUSLY. THERE ARE SO MANY "HELPERS" OPERATING, FROM SO MANY "LEVELS" OF COMMUNICATIONS, THAT NO ONE SET OF NAMES USED, NOR "RELIGIOUS" OR "SCIENTIFIC" REFERENCES, COULD FIT EVERYONE'S STATE OF AWARENESS AND SOUL PROGRESSION. THUS THE MANY APPROACHES USED. INDIVIDUALS AND GROUPS ARE ASSIGNED WORKERS AND IT IS FOR THEM TO DISCERN THE MOST USEFUL METHODS AND TERMINOLOGIES TO USE WITH THE ONES INVOLVED.

IT IS NOT SUITABLE TO COMPARE BOOKS OF THE PAST WITH THE PRESENT WITHOUT TEMPERING THE VIEW WITH COMPENSATING FACTORS OF THE INTENTIONS AND MOTIVES BEHIND THE COMMUNICATIONS. EACH PERIOD OF HUMAN EVOLUTION REQUIRES AN (ADAPTION) OF THE TRUTH TEACHINGS TO THE MASS CONSCIOUSNESS AND ITS NUMEROUS LEVELS OF AWARENESS AND UNDERSTANDING. IT IS NOT WISE TO BASE DEFINITE CONCLUSIONS ABOUT THE "NOW" ON THE CONTENTS OF BOOKS AND TEACHINGS BROUGHT FORTH IN A PREVIOUS PERIOD OF EARTH. THOSE OF THE PAST WERE MEANT FOR THAT PAST, AND TO BE REFINED, (ADAPTED), AND WOVEN INTO THE FUTURE, THUS THERE IS A COMMON STRAIN OF FAMILIAR TRUTHS AND UNCHANGING BASIC LAWS AS CAUSE AND EFFECT, BUT AN (EXPANSION) IS NECESSARY, EACH SUCCEEDING PERIOD, A SIMPLIFICATION, AND REMOVING OF SO CALLED MYSTERY. IN THE PAST IT WAS NECESSARY FOR A CERTAIN AMOUNT OF HIDDEN TRUTH, BUT NOT NOW. ALL MUST COME FORTH THAT THOSE THAT ARE (READY) MAY SUP, AND FULFILL DIVINE PLAN. THERE SHALL BE THOSE CONTINUING TO RESIST AND DENY THAT WHICH IS FREELY AVAILABLE, BECAUSE IT DOES NOT MEET THEIR PERSONAL CRITERIA OF

"TRUTH." THAT IS THEIR "PRIVILEGE", AND <sup>it</sup> SHALL JUST DELAY THEIR SOUL'S GROWTH. TO A DISCRIMINATING AND DISCERNING PERSON, IT MATTERS NOT HOW MANY "VERSIONS" THERE ARE, FOR THEY SHALL FEEL WHAT IS "RIGHT" FOR THEM, AND IGNORE THE REST AS USEFUL FOR OTHERS ATTRACTED. A LESS BROAD-MINDED INDIVIDUAL MIGHT CONSIDER ALL BUT THEIR OWN VIEW AS A THREAT TO THEM BY THEIR VERY EXISTENCE, BEING FEARFUL OF SOMETHING "DIFFERENT." SIFTING, SCREENING, WINNOWING, IS A CONSTANT PROCESS. SOME INDIVIDUALS MAKE A BIG FUSS, OTHERS GO ABOUT THEIR BUSINESS, QUIETLY ABSORBING, REFINING, CLEANSING, BALANCING.

ALL BEINGS CAN NOT KNOW "ALL" THINGS. THEREFORE EACH ONE IN THE PROJECT WITH THEIR WORK ASSIGNMENTS DO THE BEST THEY CAN WITH THE ONES IN THEIR CHARGE ON EARTH. THEIR ANSWERS TO QUESTIONS MAY BE DIFFERENT, DEPENDING UPON THEIR OWN WORKING KNOWLEDGE. [THUS IN HONESTY, THEY SHALL SAY SO WHEN THEY DO NOT HAVE AN ANSWER, AND REFER TO ONE THAT DOES.]

AS ABOVE, SO BELOW. NO PARTICULAR PERSON ON EARTH HAS ALL THE ANSWERS EITHER, IN WORLD-WIDE CONSIDERATIONS. EACH IS TRAINED IN THEIR "FIELD." AN ADULT SCANNING THE ACTIVITIES OF ALL "GRADES" OF EDUCATION FROM "KINDERGARTEN" TO UNIVERSITY LEVEL, COULD MAKE MANY COMMENTS ABOUT WHAT THEY SEE AND HEAR. BUT DOES NOT EACH "GRADE" OF EDUCATION SERVE ITS PURPOSE, IN A PROGRESSIVE MANNER?

EARTHWISE, AN ITALIAN, SPANIARD, FRENCHMAN, GERMAN, ENGLISH, AMERICAN, ETC., COULD ALL DESCRIBE THEIR FAVORITE "NATIONAL" AUTOMOBILE AND THERE WOULD BE SIMILARITIES, BUT ALSO "DIFFERENCES." ONE NOT TOO WELL ACQUAINTED WITH AUTOMOTIVE ENGINEERING MIGHT BE CONFUSED BY THE DIVERSITY OF DESCRIPTION AND OPINIONS EXPRESSED. BUT THE LACK OF AWARENESS WOULD NOT "CHANGE" THE DIFFERENCES BETWEEN THE TYPES OF AUTOS, BASICALLY THE SAME, BUT DIFFERENT FOR A VARIETY OF SERVICE.

IN CONCLUSION: EACH TEACHER, HAILING FROM WHEREVER, HAS HAD SIMILAR BUT DIFFERENT EXPERIENCES TO COME TO THE POINT OF BEING A RESPONSIBLE TEACHER. THE POINT OF VIEW EXPRESSED COULD WELL SEEM TO SOME TO BE DIVERGENT FROM OTHERS.

IN CHANNELING, WHATEVER THE METHOD OF TRANSMISSION IN OPERATION, THERE IS THE POSSIBILITY OF "CONTAMINATION" BY THE CHANNEL SELF, BOTH FROM THE INNER AND THE OUTER. BACKGROUNDS, PERSONAL BELIEFS, CAN ALL BE A SOURCE OF COLORING THE TRANSMISSION, WITH OF COURSE THE VOCABULARY PLAYING A PART ALSO.

NO ONE TEACHER HAS ALL THE ANSWERS. THE WISE INDIVIDUAL TAKES-IN AND "FILTERS", LETTING AWARENESS AND DEVELOPING UNDERSTANDING DETERMINE THAT WHICH SHALL REMAIN AS COMMON SENSE TRUTH. NO SLEEP SHOULD BE LOST OVER INCONSISTENCIES. IN DUE "TIME" THE WINNOWING SHALL REVEAL THE "FALSE" FROM THE SIMPLE TRUTH. IT IS THROUGH THE EXPERIENCING OF BOTH THAT THERE CAN COME THE REFINED DISCRIMINATION AND DISCERNMENT IN LOOKING, OBSERVING AND UNDERSTANDING. ALL THESE PRELIMINARY TO BALANCED FEELING AND THOUGHT IN ENERGY DIRECTION.

GREETINGS, DEAR BROTHER:

HAVE YOU HAD A GOOD LAUGH TODAY? HAVE YOU SMILED AND CHUCKLED AT THE SEEMING SERIOUSNESS OF "LIFE?" BLESS YOU.

THANK YOU FOR YOUR TWO (2) RECENT MAILINGS RECEIVED HERE MARCH 15 AND 17. THANK YOU FOR THE LISTS, PICTURE OF SANANDA, HERALDS OF THE NEW AGE, AND OTHER MATERIAL. YES, WE ARE FAMILIAR WITH THE SANANDA PICTURE, THE HNA, AND UNARIUS. WE FIND IT INTERESTING HOW OVER THE YEARS YOU HAVE MADE "CONTACT" WITH SO MANY "OUTLETS" OF "INFORMATION." IT OF COURSE BRINGS ONE TO THE QUESTION THEN ASKED: WHAT IS REALLY GOING ON AND WHO IS TO BE BELIEVED? DEAR BROTHER, IT IS NOT WHO OR WHAT IS TO BE BELIEVED, BUT WHAT MAKES SENSE IN THE "HEART;" BECAUSE AT SOME MOMENT IN LIFE ONE MAY AGREE WITH SOMETHING READ OR HEARD DOES NOT NECESSARILY MEAN THAT WHICH IS AGREED WITH IS ACCURATE OR "CORRECT," BUT IT DOES FEED THE "WEIGHING DEVICE" AND ALLOWS SOMETHING TO "FILTER." IN "TIME" SOME OF THOSE THINGS BELIEVED MAY BE PUT ASIDE WITH OR WITHOUT COMMENT. THERE NEED BE NO EMOTIONAL TRAUMA ABOUT "CHANGING" ONE'S MIND. WERE ONE TO DIS-BELIEVE THE APPEARANCE OF A PLANT IN ITS CHANGE FROM MONTH TO MONTH GROWTH? WHEN TWO INDIVIDUALS DESCRIBE THE PLANT AT DIFFERENT PERIODS OF GROWTH AND DO NOT COINCIDE, IS ONE THEN A LIAR?

YES, IT BECOMES WEARISOME TO SEE ALL THE SEEMING CONTRADICTIONS, BUT ONE SHOULD NOT BE GULLIBLE OR NAIVE EITHER. ENERGY IS MANIPULATED IN MANY WAYS THROUGHOUT THE COSMOS. WE COULD NOT BEGIN TO ASCERTAIN ALL THE REASONS FOR OTHERS DOING SO. NO MORE THAN COULD BE EXPLAINED WHY FOUR BILLION SOULS ON EARTH DO WHAT THEY DO. WE ALL NEED MORE FLEXIBILITY IN LOOKING AND RELAX, REALIZING THERE IS NO ONE ANSWER TO ALL THINGS AND CONDITIONS MANIFESTING. ALL IS IN DIVINE ORDER, WHETHER IT SEEMS SO, OR NOT

WE WOULD BRING TO THE ATTENTION SOME CHANGES THAT HAVE OCCURED IN REGARD TO YOUR LATEST LIST OF OUTLETS. THE FEW THAT WE ARE AWARE OF AS CHANGES. --- MAGNIFICENT CONSUMMATION, INC. SEDONA, ARIZONA, U.S.A. - EVANGELINE HAS BEEN OUT OF THE BODY FOR A FEW YEARS, AND GARMAN WENT OUT LAST OCTOBER.

--- MARY BETHANY SCHOOL; PATRICIA JEPSON. SHE AND HER GROUP WERE "EXILED" TO HAWAII FOR ATTEMPTING TO TAKE-OVER THE ABOVE CENTER.

--- REV. JUNE YOUNG, MILWAUKEE, WISCONSIN, U.S.A. - HAS HAD TO STOP PUBLISHING FOR THE TIME BEING FOR LACK OF SUPPORT AND INTEREST.

YOUR NEW LIST SURELY COVERS A WIDE SPECTRUM OF VIEWS EARTHY AND OTHERWISE. BETWEEN TRUTH AND LIES, THERE IS ALWAYS A WIDE CHOICE FOR PEOPLE TO FEED UPON. THEY DO NOT SEEM TO PAY ANYMORE ATTENTION TO WHAT THEY PUT INTO THEIR MINDS AS INTO THEIR MOUTHS. BUT IN EITHER PLACE, WE ALL CAN LEARN THROUGH EXPERIENCE AND DETERMINE THAT WHICH SERVES OUR OWN GROWTH PATTERN THE BEST FOR OUR IMMEDIATE UNDERSTANDING. FOR A GIVEN PERIOD OF EVOLUTION. LET US RESPECT THE PRIVILEGE OF ANOTHER TO LIE TO OUR FACE. IT IS NOT FOREVER.

WE DO HOPE THAT MANY SHALL RESPOND TO YOUR QUESTIONAIRE, IT SHOULD BE VERY INTERESTING AND EDUCATIONAL. BLESS YOU DEAR BROTHER FOR YOUR INTEREST IN SUCH A VAST PROJECT. WE ADORE THE LIGHT THAT YOU MANIFEST ON EARTH.

Dear Friend,

Your letter to hand and the answer to me is relatively simple: Each 'channel' is on a different level AS ARE THOSE ON THE OTHER SIDE. Therefore, as on earth, one will get a multitude of different opinions on the same subject. Levels  
77

May I say that I am not vitally interested in messages from the other side, and I think to begin with it helps a great deal if we have a grounding in Ageless Wisdom so that we can at least understand there are many different levels of intelligence, and evolution on this planet and elsewhere, before we may interpret and understand spiritual messages other than the personal ones which one is able to confirm or deny. L  
p

Do you wonder why a medium give a spiritual message proceeds to relay kinder garten type information to a an evolved group? Such an exercise is totally unnecessary - so why do spiritual contacts do this? Why do they not see or know that the group has long since passed that point of understanding? Is it that they are so eager to contact they do so at the expense of others? X It is an interesting point.

I do not sit in circles, or have little to do with the psychic, save that from time to time in the past I have received work from well known people and once an entire book in 24 hours. But my real work is striving like a million others to move from intellect to intuition.

I accept readily that spiritual communications are of the greatest help in teaching that life is eternal, and that death is fallacy, but beyond that it is rather useless to continue to expect personal messages and to expect others to run one's life, better to utilize one's own intelligence, God given, and listen to the voice of the Soul coming from within. TA  
TA

To further your point about contradiction: It is very thing should point to the comparative unreliability of some spiritual contacts, and emphasize that we should as the Master Jesus would have agreed, 'test the spirits'. There are some astounding spiritual mediums and all honour to them, but then there are those who with the best intentions think they are receiving spiritual contacts when they may just be receiving something quite different - their own subconscious, for instance? L

So I cannot agree that every communicator is 'a holy agent', far from it. Some of the spiritual communicators will not know as much as you do. If their views when on earth were preconceived and narrow, it is a fair assumption that they may still hold some of these. We do NOT change over night, death does not reveal ALL in an instance. L

The time is coming when we shall all, as a race, be able to see and hear other realms and contact other MINDS. It is all done thru the mind, I understand, mind linking with mind. The mind being the eternal part that we take with us for use of a better life, we carry forward our mind and 'soul'.

Predictions are rife, and so many fail, we hear of those which are right but seldom about those which have missed. But I believe that we are not ruled by prophets, we have within us the Will of God, if we would use it and therefore are capable of overcoming all things should we set our minds to the exercise. Certain karmic conditions must be lived through, for our won good not for the good of any prophet! Beyond this we should be the captain of our Souls with reverence for God uppermost in our minds. TA

With every good wish from N.Z. and the Heralds of the New Age,

My God go with you,

SPIRITUAL "INDIGESTION" & SPIRITUAL DISCRIMINATION

①

received: February 21, 1980  
Channel- : Illiana

78

Suns of LIGHT, there is a matter of great concern which needs to be discussed at this time: SPIRITUAL INDIGESTION.

Your Planet is besieged with numerous groups, with various philosophical views, with countless beings serving as Receiving Channels. For some of you this becomes somewhat confusing and you remind Us of the one who attends an Earth banquet indulging in ALL the foods until a severe attack of indigestion occurs!! Too often one treading a Spiritual Path becomes 'gluttonous' and finds his satisfaction only when he or she 'tastes' every Path available. Since each Path offers a different 'flavor' there is a great danger that TOTAL DISATISFACTION will be experienced by that one who is 'experimenting'!! This, My Beloved, is very dangerous for the Soul. Do not misunderstand: We are not suggesting that you become narrow-minded, refusing to learn about other's ways, but it is NOT necessary to become in the least ATTACHED to that way in order to learn about it! You must always remember that ATTACHMENT is the gravest error you can make if you wish to evolve Spiritually. My Suns, once you affirm your I AM Self you also recognize that NO organized Path is necessary since you are aware that TRUTH AND LIGHT IS WITHIN YOU.

Yet there are those among you who do feel insecurities and so seek a guided Path to follow in order to gain some measure of Self-confidence. Well and good, My Beloved, but you must be alert and discriminating! Do not go 'blindly' into a Group experience - investigate thoroughly the TRUE motives of the group you are drawn to. If the group meets the standards your Higher Self seeks then move in that direction, but we strongly advise that you become one-pointed, not going hither and yon while pursuing that Path. We are speaking specifically now of the legally ORGANIZED SPIRITUAL PROGRAMS and not of the more universal non-organized New Age programs. The latter are 'open groups' which act as 'stabilizers' and sometimes 'neutralizers' on your Planet. We will speak more of them at a later moment.

As you are aware, presently MANY beings are Receiving Channels with a sizable portion of them being COSMICALLY Ordained Channels of Truth. Among you, who reads these words, are those who have been recipients of MANY Channels' Receptions and you have found some seeming discrepancies which troubles you greatly. First of all you must realize that when the Realm of LIGHT acts in behalf of Earth's Redemption there is also an activity going on by the opposite Force. The Force of Darkness brings on confusion and so there will be conflicting reports which confuses many people. So again that word: DISCRIMINATION. You see, My Suns, on your planet of Duality it is important that you have choices in order to grow in Spirit. So be alert to the 'signs' of a Channel of Light vs. a Channel of Darkness.

Secondly you must also remember that your planet is made up of millions of differing personalities and intellectual make-up, so it is necessary that the Realm of Light selects Channels of different expressive qualities therefore you may read the same Message expressed in hundreds

of ways! It is not that they contradict each other - but the expressed manner of delivery differs and since each one's intellect may understand it differently it APPEARS to some of you as contradictions. Do you see, My Beloved? For instance when reading a Message in a language foreign to your own, it is possible, due to your limited vocabulary in that language, that you innocently mis-interpret the Message. Ah! once again We are confronted with the subject of semantics. Your word language is SO inadequate for relaying Spiritual Truths. But since it is the best method for general communication at this time in your history it must be used. Therefore BE CAUTIOUS AND GENTLE IN YOUR JUDGMENTS. ② 79

In the instances when Messages are contradictory seek to know HOW to determine which is the Message of LIGHT. Suns of Light, there are certain Guide-lines you can use:

- 1) A Channel of LIGHT will receive the Message in plain language understandable by all who read it.
- 2) NEVER will the Realm of LIGHT issue public messages which reflect on ego personality...
- 3) Prophetic Messages Channelled by LIGHT Channels will perhaps describe a tragic event, but it will never be fatalistic, instead pointing to the methods that can be used to reverse the event
- 4) Channels of LIGHT will not materialize on their Work. When demands are made for material support you can be certain that Messenger is not Cosmically Ordained. (ALL Channels of LIGHT are supported physically and personally by their own labor, and the Spiritual Work they do is supported by FREE-WILL donations, not by fees, and so forth).
- 5) The Realm of LIGHT ordains its Workers COSMICALLY and no titles are used by the Earth Channels. Neither is there encouraged 'legal' organization since the Realm of LIGHT is Universal and therefore encourages detachment from ANY governmental system. When being issued a NON PROFIT ORGANIZATION status the group is legally bound to the Country it receives its permit from. When serving Universally, asking NO special courtesies, the Group is able to retain its Universal freedom, moving, if desired or necessary, from one country to another without difficulty.

My Suns, these are just a few guide lines to assist you in making wise decisions about the many Channels and/or Groups you encounter and read. We repeat again the importance of DISCRIMINATION. We are not stating that any one should be judgemental, but neither must you be wishy-washy or gullible! Jesus once said to His Disciples: "Why do you not judge for yourselves what is right?" (Luke 12:57) Also He said to them: "Do not judge by appearance, but judge with RIGHT JUDGMENT" (John 7:24).

Beloved, as the 'days shorten' on your Planet you will be faced with more and more intense Spiritual decisions. If you retain a firm hold on LIGHT and TRUTH you will always be guided rightly in all your decisions. BLESSINGS!!!

I...AM....THAT.....I.....AM Light-Love-Life of the UNIVERSE.

**NEW AGE GROUPS & CENTERS ARE STABILIZERS**

③

Earlier we remarked briefly about the 'open' New Age Groups and/or Centers which act as 'stabilizers' in this latter part of the age. These Groups serve a different function from the strictly structured group which abounds on your planet, whether they be main-line church groups or New Age groups built on certain dogmas and rules and governed by the legal system of a Nation. The OPEN New Age Groups are Cosmically ordained to serve the needs of ALL people directed to them, and are to remain FREE from the general 'structure' found within the other organizations.

An Open New Age Center requires no 'membership' and serves as a 'launching pad' in many ways. Light Seekers are free to come to such a Center and there explore their Mind through Silent Contemplation, or perhaps through discussions, also through diverse other ways available there. The Leader of such a Center is ordained to be honest and forthright yet permitting all who enter in the freedom to explore their own Soul.

An Open New Age Center is a STABILIZER - an area where the Spiritually troubled and perplexed may come to free themselves of narrow, binding views - and it is a place where the Spiritually content Suns of Light may come to gain MORE strength and to extend their Positive Energies for the benefit of the Spiritually troubled.

An Open New Age Center is a Teaching Center --- here can be found volumes of books on the different philosophical views; also discussion classes in various fields pertaining to Balance and Evolving Growth. All Spiritual 'Avenues' are wide open and discussed with the 'pros' and 'cons' of each one examined.

Though the Spiritual is emphasized, there is also some concern given the physical-moral-emotional life of the human family --- so class groups are available to discuss nutrition, body balancing, emotional stability, through various means such as through music therapy and other practices.

More and more of the Open New Age Centers are appearing on the Planet in these 'times'. People are scurrying everywhere seeking a 'stabilizer' in a world so filled with diversity! As they seek their 'independence' they look for a group to relate to which demands no allegiance from them! So the Open New Age Center serves this need. Each Seeker is a STAR - the Open Group is the 'testing' station - the launching pad - from which the Star can travel again after its rest and finding its Pure Purpose in the Divine Plan!

I indeed the Realm of LIGHT totally Blesses all Open New Age Centers world-wide!! I AM, THAT I AM who speaks to you with LOVE, Beloved!

TOO MANY MANSIONS?  
(Through God's Grace)

81

DR. LORI MILLER      MAY 1980

A good friend of mine has asked a MOST INTERESTING questions. If it is God who enlightens us, why ARE we not all inspired with SIMILAR understandings? Why are there SO MANY DIFFERENT religions, beliefs, philosophies and enlightenments. If all are received as inspired truths, why do these truths SEEM TO BE in conflict with each other? What should one believe?

Jesus said, "My Father has MANY MANSIONS. If it were not so, I would have told you." God is no respecter of PERSONS. He does not love me MORE than you or give me inspirations He would not give you. But He DOES reveal DIFFERENT VIEWS, of His (many different) MANSIONS, on the level of understanding you can accept.

The different truths taught by the great religions and leaders are not in conflict when the whole spiritual picture is understood. Perhaps I can give you an example of how truths might appear to be in conflict when they really are not. Suppose seven persons from a planet that had no plant life, were each shown one of these seven different truths.

1. An apple seed and how it sprouts.
2. The apple tree ROOTED and a partially grown young tree.
3. The larger TREE forming LEAVES.
4. The full grown TREE FULL OF BLOSSOMS.
5. The tree with SMALL GREEN APPLES.
6. The tree with EATABLE APPLES.

7. The knowledge ONE SEED can produce a tree with many seeds; which can produce many trees; which when continually replanted can produce enough APPLES TO FEED THE WORLD.

The above paragraph contains many different truths. To one who had only beheld the seed when it FIRST SPROUTED, it might be difficult to believe the person who claims a seed can grow into a tree. One more enlightened might wish to share the MARVEL of the TREE FULL OF BLOSSOMS with one who thought it was a miracle when it sprouted. One who could PICK THE FRUIT and eat may believe their discovery was the GREATEST ENLIGHTENMENT of all. Certainly, the truth that ONE SEED could FEED an ENTIRE WORLD would seem like the absolute ultimate truth, and, yet, the truths go on and on. With each truth, the picture becomes fuller, until the LITTLE TRUTHS, we once knew, SEEM almost FALSE. But can we say they were false? They were true, and are true.

Some truths are only true for those who believe in them. Each individual sees a different world, with different levels and varieties of truths, that SEEM RIGHT for THEM. Examining the TRUTHS of OTHERS can give you a fuller understanding of the ultimate truth. But only God can reveal the full picture to you. Perhaps God wishes mankind to share, compare and grow with our brothers also.

You have probably heard the fable of the three BLIND MEN who were exploring the elephant. One ~~felt~~ the tail and thought an elephant must be very

thin. Another felt the trunk and thought the elephant to be hollow, long and able to bend. The third examining the leg, knew they were both wrong.

We are often like the three blind men. We accept our glimpse of God and forget others have been given another, different view. TOGETHER, we can HAVE a FULLER PICTURE, by sharing and comparing.

One day ALL RELIGIONS will JOIN TOGETHER, sharing their knowledges and enlightenments. Then a new FULLNESS OF BEAUTY, peace and love will emerge. This is the PURPOSE of U.B.B.. To HELP ALL religions, beliefs and philosophies share and compare their peace of the UNIVERSAL PUZZLE so a COMPLETE PICTURE can be seen and understood by all. This new understanding LEADS to UNIVERSAL BENEVOLENCE and is the FIRST STEP TO WORLD PEACE and BROTHERHOOD.

Within God's MANY MANSIONS there are worlds within worlds, life within life, universes within universes, many lifetimes or many different experiences. \*  
 \* → No two souls experience exactly the same path. There are far too numerous forms of life to describe; from the infinitely small to infinitely large.

Each creation is UNIQUE and must be inspired by the FATHER WITHIN, who understands that uniqueness. Only He knows YOUR PART of the UNIVERSAL PUZZLE. All answers are given to you if you KNOCK, SEEK and ASK. Others

T.A.

can only give you the view that was right for them. You must SEEK within the door of your OWN CONSCIOUSNESS for the COMPLETE PICTURE that will COMPLETELY SATISFY you.

It is God's GREAT PLEASURE to reveal these GREAT TRUTHS to you, once you have CONQUERED (FALSE PRIDE and EGO). God created each PERFECT and with a SPECIAL PURPOSE. He cannot lead us to that purpose until we are SUFFICIENTLY HUMBLE. We must LISTEN as a CHILD LISTENS. How else can we be INSTRUCTED? If we already KNOW IT ALL, God cannot teach us. He will NEVER interfere with our FREE WILL to do what WE WISH. Until we use our free will, to insist that HIS WILL be done, we will not progress very fast.

To know God is to know INFINITE PATIENCE, FORGIVENESS and LOVE; far beyond OUR ABILITY to fully understand. His love for EACH of HIS CREATIONS is unchanging, no matter WHAT they may have DONE IN THE PAST. When one TRUTHFULLY asks His forgiveness, the LOVE you are FILLED WITH will remove ANY DOUBT you may have had.

Why doesn't God JUST REVEAL all things to us NOW? We must GROW INTO KNOWLEDGE, before we can comprehend the GREATEST TRUTHS. Would it be reasonable for God to GIVE CAVEMAN a missile, computer, atom power or a high speed automobile? He NEVER reveals a knowledge impossible for the individual to understand. \*  
\*  
i →

Each seeks according to their OWN LEVEL of understanding, and are drawn to those on a SIMILAR LEVEL. We are such COMPLEX BEINGS that we may be on a very HIGH level on some things, and a LOW level on others. None of us, therefore, has cause to get too puffed up.

God did NOT STOP INSPIRING after the Bible was written and His disciples were gone. He is ALWAYS CREATING and INSPIRING NEW WORKS through new people. Jesus, Buddha, Joseph Smith, Mary Baker Eddy, and thousands and thousands of other individuals HAVE BEEN and ARE BEING inspired to write, speak, sing, paint and inspire others EVERY DAY. NONE of these beliefs are really IN CONFLICT. ALL are talking of the SAME SUPREME BEING by different names. The only differences are in LEVELS OF AWARENESS, the numerous ways of EXPRESSING similar THOUGHTS and DEGREES OF UNDERSTANDING.

ALL have truths. Those truths will BECOME broader and broader as the group or individual GROWS and even SEEM like NEW TRUTHS.

\* The Bible is a good example of the MANY LEVELS of understanding that are derived from the SAME TEXT.

Let us examine ONE SENTENCE in the Bible and explore some of the <sup>MANY</sup> MEANINGS that HAVE BEEN derived. "AN EYE FOR AN EYE AND A TOOTH FOR A TOOTH", is a fair example. Here are only a FEW of the DIFFERENT INTERPRETATIONS:

1. If you put out my eye, God wants me to put out your eye.

2. If I put out your eye, my eye will one day be taken.
3. Any action taken by me will draw to me a similar reaction.
4. That which you do returns to you in kind.
5. Universal law brings back to you that which you give.
6. Give what you wish to receive, for it will surely be returned.
7. Be Master of your life by (thinking thoughts and doing deeds which you wish returned to you.)
8. Your surroundings are created by your thoughts, deeds and choices. ←  
You are a creator in the image of your Heavenly Father. What you give to your brother is returned by Universal law, multiplied.
9. You draw to you vibrations similar to those you release. All of life is vibration, which can be sensed although it is seldom understood. Fill each thought and word with love, and even your enemy's will surprise you with their goodness.

It is not my desire that you seek MY INSPIRATIONS. They (may not be exactly right for you.) My purpose is to INSPIRE YOU to SEEK WITHIN and KNOW GOD directly. Only He KNOWS your level of awareness, and only He Can REVEAL the FULLNESS of HIS GLORIOUS TRUTHS.

No one can put into words the GLORY, LOVE and PEACE you will feel when experiencing God FOR YOURSELF. He makes ALL the crooked places straight.

T. M.

{ REST in HIS PEACE when all seems to be going against you. Find a place where you can be ALONE. Take a few deep breaths and slowly release them.  
 Then quiet the mind and concentrate on God's light and peace. Be AWARE

of thoughts that enter your mind that are of a STRONGER VIBRATION. You will find them to be ALMOST LIKE A VOICE, for they are of a FREQUENCY DIFFERENT than your thoughts.

It is important to go within OFTEN. Just as a MUSCLE grows stronger with use, so does YOUR ABILITY TO COMMUNICATE with your Father within, WITH PRACTICE.

There is no thing you cannot do WITH HIS HELP, but He is NOT YOUR SLAVE. You must DO HIS WILL. He is the WISE ONE who will LEAD you to accomplishments greater than you can possibly perceive. Learn to LOVE YOURSELF by doing that which MAKES YOU FEEL GOOD. Then you can LOVE YOUR BROTHER as yourself. When you have progressed to where this comes naturally for you, the next commandment will be quite natural. LOVE GOD WITH ALL YOUR HEART, SOUL AND MIND.

God bless you and keep you safe.

Thank you for your letter.

Most people need to find the kind of meditation which suits them most through experiencing. I cannot recommend any of the book since I am not familiar with them.

We received an answer to your inquiry to us about the variance of channelings. It was received from the Heavenly Father and printed in our February newsletter and sent to you, but we did not receive a reply.

We would be interested to know your reaction to this channeling since it was directed to you in particular from the Heavenly Father through us.

Thank you for the enclosures. They show much research, interest and study. Thank you for listing our book in your powder keg.

*Blessings*

Dear Ignacio Darnaude

In reply to your letter and question "Why do revealed data from diverse reliable sources contradict each other?"

White Dove has channeled and answer from the Heavenly Father, and we have just printed it in our current February newsletter. Copy enclosed.

*Hope it will be of help to you*

My Dearly Beloved, My precious ones. You have served Me so well. I come to you, to help you with the questions in your hearts, the questions being raised pertaining to certain circumstances, which are deemed to be a bit controversial among all of the channels of the world and among the Light Centers all over the world at this time.

I feel that I should come to you today, to answer these questions, because I know the answers and I think it is now time for Me to explain to all of you lovely people, (My children of Light, wherever you are) what actually is the reason for this discrepancy causing the questions which are in your hearts and minds today. I am "YOUR HEAVENLY FATHER", and I speak also for your 'DIVINE

These are conditions and qualities that the Heavenly Father wants for all peoples all over the world. The country's trials and testings will continue, but you must never forget these guiding principles, which will always keep you in the forefront, of living here upon planet earth.

The American Eagle, the symbol of America, is emblematic of its principles. It flies high and it flies alone. It is a reminder that You should seek the highest within your own self and being. The American Flag is now being looked down upon in some sections of the globe, but do not let this happen within your own shores. Keep it flying brightly and clearly at all times.

In passing, it is interesting to note that the American pennies which bear my likeness, have come into their own as far as value is concerned, like many of your other metals it is increasing in value. It should be a lesson to you, significant worth of anything is the value which you place upon it, and one of the highest values which you should place upon your life and activities is that you are living in these United States, which has been and will be a leader in showing the world how to live as the Heavenly Father designed it.

Blessings to you as each day passes by.

This is Abraham Lincoln speaking.

(Channeled by Samuel George Partridge on January 19, 1980, in Universal Mother Mary's Garden.)

HEAVENLY MOTHER'.

Because of the times there have been many messages received through earth channels, coming from every degree of evolution that can possibly be described. Now to begin with, in the ancient days, in the beginning of TIME on planet earth and of course beyond that, I as 'God The Creator' have contacted the prophets upon your planet, the earth people, and I have used those who are open and prepared to receive My word. I have had you help Me to bring forth the Truth and messages which I have wished to portray to the people of the world. It is true there have been errors, even in the scriptures of Divine antiquity, and they have also been deleted or distorted through the process of interpretation of the different languages and by those who were interpreters. I must explain to you, that it is not uncommon for you to find something of error in some of the scriptures, and I am now referring to all writings that have been Divinely directed by Me. There have been many, and there will be many more to be discovered, and also there will be many more received and written, and they are to be considered Divine Scripture for the Future World!

Again I repeat, because of the Times in which you are living at this moment, there is a great urgency to receive as much Truth and as much information as you possibly can, and I need not tell you, you know it by now, the Time is truly short. Everyone must awaken, be alert and hope to have yourselves Divinely prepared to receive My messages. I have told you before, you are all potentially My channels, My Prophets and Prophetesses, because this is the way I can desinate the Truth which must come upon the earth at different times of existence.

You have heard it reported recently from a fine young man who is a world traveler (Alex Langhof) that within the past year there have been hundreds and hundreds of new channels, those who are bringing forth messages, those who are acting as channels, and it was reported that this is a true condition upon your planet earth. Among the channels, and among the Light Centers, so many of them coming in, (and I will verify it now, it is True,) are so anxious to help, to Help Me, (and I appreciate that, but they are so eager to become channels and help, that some have overlooked certain conditions within their own being which

would qualify them to become Clear, Pure Channels of Light.

We of the Hierarchy know who you are, and we are willing to help you, but you must remember we cannot give you the Stewardship of certain messages, unless you are Pure and Clear and UNLESS YOU HAVE PREPARED YOUR PHYSICAL BEING, your Vehicles, to be a channel for Light and Truth, which I am most anxious to bring through you.

This has caused a lot of questions to be asked and has caused confusion to those who are sincerely seeking. They hear a message, or read a message from someone who will bring forth the statement that is called Truth and they want to believe it, because it comes through a channel; and then from another part of the world, a country a distance away, or it may be close by, another message comes through on the same subject, but it is changed, it is not clear, and it does not coincide with the other messages.

This is what is happening now, and of course people are concerned. I do not say that the ones who receive the messages do not coordinate. I do not say they do this deliberately. It is true that this can be done deliberately but it is not always so. This is not necessarily so.

Many people receive messages, and they are very sincere and they are very happy to feel that they can be channels and bring forth a great message. However, I have to add, and this is a very, very unhappy condition for Me, many people are stimulated by Ego and they are eager to bring forth THE MESSAGE that is DIFFERENT, THAT IS NEW, THAT IS STARTLING, THAT IS PHENOMENA! This excites their beings to bring out certain messages which are motivated through the EGO, and perhaps it could also be motivated through some ENTITY who would wish to penetrate the beauty of Truth and distort it. Ruin it, and cause people to be confused. This is why it is happening. I do not criticize anyone, but again I say to you, "TEST THE SPIRIT". Be sure that you are a CLEAR channel, be sure that you are worthy to receive the words from the Masters. If you are not, this could cause you not to bring forth the Truth, as it emanates from ME.

After you test the Spirit, then use your own discernment. This is the most important thing in your lives, to be able to discern TRUTH when you receive it, because this is a great responsibility all of you

## JESUS

And after all, this is the most important thing for you, the average one who is seeking, but those who have been chosen as leaders, it is different. You must have teachers, and leaders to help, but do not rely upon them entirely, because you, as I say again, you can get this just for yourselves, if you call upon the Holy Spirit and come before the Eternal Father with a clean heart in purity; you shall be given the correct answers of Truth.

It is right that you should question that which you do not understand, that which you have not yet realized to be the absolute truth, and I want you to. I have always recommended that you *test the spirit*, because there are lying spirits, if you have not yet discovered this. I will tell you they do exist. You must be guarded and keep yourself in such a state of being, that you can always rebuke anything that will hold you back or deter you on your pathway of Light, and this coveted goal of victory leading you unto your Ascension.

My children of Light, carry on into your work and your searching and with your Love, and your petitions and in prayers you shall be given answers to your problems. You are the only ones, you as an individual, can be the only one to work out your own salvation. And that is why you must concentrate on your own salvation first, before you are too concerned about anyone else. Although you must lead your loved ones into the Light if they are not yet there, but they are the only ones who can master their own souls. It is good to be together, learn together, and study, but be individualistic because you are after all, working out your own salvation.

In the coming days of this new decade I would hope that you would all look to a bright future. I know there are many who may have cause to think it could not be bright. But remember that there is a plan, God's plan for you in His world, and it has to work out according to his plan, and whatever way it must go to complete this plan, it has to be, children, but be sure that you keep yourselves free of anything that would hold you back. Keep yourselves in a state of being where you can be hopeful and be happy, and shed Light and shed Love and Harmony, for this is

## Heavenly Father

have, to bring forth these messages. I know each and everyone of you are trying to help Me. We all need you so much at this time. There cannot be too many PURE CHANNELS in the world at this time to help us bring forth the messages, the TRUTH, and the INFORMATION, ILLUMINATION that the people of the world will receive from them. This is why it is so important that you heed My words today, because I NEED YOU, and with Love I ask you to try to bring in the clear, true messages, as I send them down through those who bring you the messages. In this way we will fill the world with more Light and more Illumination, which is now in a very vital, and important time of the world to do so.

I would also mention today the dear soul, a spiritual seeker of Truth, who comes from another country and wrote a letter from the distant land of Spain. He formulated a letter and asked that someone help Him to find the answers to these problems which I have listed, and he has also contained within this packet of letters a list of all of the known Light Centers, Light Beings and channels, known to him through the planet earth. He did not point out any one group or group of individuals, but he sincerely wanted to know why there are so many discrepancies in the messages received? Why they cannot all be the same, as they supposedly come from the same Masters, the Higher Beings? He is absolutely right on this question. I admire Him, and I thank you dear Son of Light! This is why I have

after all, your very best assurance, insurance, for your future life into the New Golden Age of Aquarius.

I just wished to speak to you tonight because I felt and knew that some of these controversial questions were going about, and I would like to clear it up for you, so that you can go on and drop it away, not to be encumbered by anything extra to think of at this time.

Choose those whom you will associate with. Be with those who do put out Love and Light. Your Light joined with their Light will garner together more Light to shine throughout the world.

Good evening Beloved Ones, I bid you good evening again with Love and Compassion for all. I am, JESUS THE CHRIST.

(Channeled by White Dove in Universal Mother Mary's Garden on Sunday evening, January 27, 1980.)

91  
prompted My Channel today, to receive from Me these answers, because they are such vital questions to be answered. ②

May you all seek more illumination and try to find the understanding and the formula which you must really have, to become a PURE CHANNEL OF LIGHT. I will help you, and The Beloved Masters will help you. Call upon them. Prepare yourselves. Then I know you will receive more messages which contain the Truth.

91 Usually when people are channeling messages in different parts of the world, the answers to the Truth, the answers which they are seeking are already in the atmosphere, and this is why I know many of you have already experienced this. I know that My Channel has, and they who are sending out the letter today, the News From The Mountain Top. They have received the same messages from a different part of the world, a continent, a state or another Light Center, and it gives the greatest joy to their hearts, because they know then that they are receiving these vibrations telepathically that are coming down for them to receive. There is nothing more rewarding for any Channel, than to receive the same message in essence, they may not be exactly the same words, but in essence. There is nothing more rewarding for them to have a confirmation, from a Light Brother or Light Sister in another part of the world.

Now, this is what you must look for. Try to coordinate and above everything, **DO NOT ACCEPT ANYTHING THAT IS NOT OF LIGHT AND TRUTH!** Refuse it! Rebuke it. As you prepare yourselves, pray earnestly for this ability and ask for the Beloved Ones to protect you from anything that would cause a disturbance, or cause a message to come down through the atmosphere and be deferred or deleted from what it was originally intended; as it came from "MY DIVINE THRONE OF LOVE AND TRUTH".

Blessed Ones, do not be discouraged with My message today. Let it cause you to think and to seek more understanding and to try to eliminate anything which would cause you to be imperfect in your channeling, in any way. It is My desire and wish, that all of you try to prepare to be My channels. I NEED YOU! THE WORLD NEEDS YOU! THIS IS THE TIME! YOU ARE ALL MY BEAUTIFUL, POTENTIAL CHANNELS, PROPHETS, whatever you may be called, and I wish you well. Sending Great Love along with My loving message today!

I am, your HEAVENLY FATHER speaking.

Dear Ignacio,

It is well known to esotericists that a not small percentage of occult works purporting to be revelatory in character and purpose find their source not in the Light but from sources the Masters sometimes refer to as the mischievous ones, the dark or negative powers who have as their central concern the perpetuation of confusion and ignorance among the people of Earth. This fact, I would say, accounts for the greater proportion of the contradictions that become apparent to those who have embarked on their search for truth in the many spiritual works readily available to men in this Age. It is a "popular" stratagem by these powers to mix the true and the false, some with a significant percentage of the former in relation to the latter, others (as in the Satanic Bible) with more of the latter—yet even such as these contain more than a few occult truths.

The only answer to resolving this dilemma, is to ask inwardly for the truth to be shown to one, and to ask sincerely until the answer comes.

In addition to these contradictions that have their basis in mischief, there are, too, the apparent contradictions and many paradoxes that seemingly even the most highly regarded and established channels sometimes present for us; and these can have their solution only in our gradual elevation of understanding to where these seeming contradictions and apparently opposed truths find their equilibrium in the newer and greater perspective with which we regard them.

I hope this answers your question regarding this sometimes difficult and often perplexing circumstance. But I feel that it is difficult and perplexing only to the extent that we allow it to be so. The Truth is simple, such that a child can understand it. All else that we entertain as perplexing and which throws us from skepticism to non-understanding and occasionally into cynicism, are "adult" trademarks which the innocent child seldom expresses—and, with regard to the Biblical injunction "unless ye become as children.." I have to believe that the simple and uncomplicated truths are best.

I will enclose a brief story from one of the books we make available, produced in London (I'll enclose also the British address) titled "The Cobbler", which for me contains all of the Law one needs to know. This in addition to some of our own materials, I hope, will in some way meet the needs you expressed in your letter.

Take care, and God be with you.

Muy estimado Amigo,

Le agradezco en nombre de Eugenio Siragusa el envío de su interesante carta a la cual me apresuro de contestar esperando que tenga la gentileza de perdonar mis errores de castellano.

Me permito indicarle que el Señor Siragusa esta en contacto con estas maravillosas creaturas del cosmos desde hace mas de treinta años, y que durante estos largos años, ha aprendido a conocerlas profundamente. Antetodo, querido Amigo, estas creaturas provenientes de los espacios externos poseen una logica no siempre comprensible para nosotros. Esta es una de las razones por la cual las informaciones mal interpretadas se contradicen unas con las otras. Su metodologíaxa debe ser entendida como la que es y no segun nuestra logica terrestre u como nos gustaria que fuera.

Por otra parte, no ignorara que el tema "extraterrestre" es un tema de actualidad; se escribe mucho, se habla aunmas, y generalmente con proposito de lucro sin respecto para la verdad. Muchas personas dicen de recibir comunicaciones de seres extraterrestres quando, en realidad, comunican bien sia con el propio ego superior, bien sia con entidades desencarnadas, dando lugar a informaciones completamente o parcialmente falsas.

Por fin, caro amigo, las informaciones divulgadas al publico vienen muy amenudo "manipuladas" por ciertos institutos que tienen interes a disminuir la importancia de una realidad que al ser conocida en su integridad, podria nuocer a ciertas estructuras economicas, politicas y sociales instauradas por una minoria y para una mayoria. Le puedo asegurar, estimado amigo, que estas creaturas tienen por UNICA meta el ayudarnos a sobrevivir, instaurando una nueva sociedad de Paz, Igualdad, Justicia y Amor entre los hombres, sin mas privilegios, sin mas odios, sin mas delirios de muerte.

Estimado Amigo, espero que esta contestacion le sea de alguna utilidad. Sigo a su entera disposicion para cuanto Usted pueda desear y que sea en mis posibilidades ofrecerle. En nombre de todos nosotros, la saludo con Cristico Amor e infinita fraterna devocion .

Dear Mr. Rojas-Marcos,

There are several reasons for what you see as apparent contradictions. First, what often appears as contradiction is simply a different way of expressing the same thing. It is difficult to put into words concepts of other levels of consciousness for which we have no conscious point of reference. Reincarnation, for example, on one level is a succession of lives and on another is a concurrent spiral. Neither is entirely accurate. Both are attempts to put into words concepts for which our languages are inadequate.

Another cause for apparent contradictions is that all channeled material must be filtered through the belief system of the channel. Thus you find some who express in the terms of fundamentalist Christianity and another with a more Eastern or scientific slant. These may seem to contradict, but often are saying the same thing in different terms.

In addition, there are different levels of channeling and just because a person is 'channeling' does not mean that he is getting information from a level that is more intelligent or knowledgeable than himself. A good test for this is to find what the channel invokes when he is doing a reading. If he asks for information that is from the Christ, you have a good basis to believe that is where he will get his information. In addition, if his life is working for him, his channeling probably is also. You cannot live in chaos on the outer and express perfection on the inner. The outer is a reflection of the inner and vice-versa.

The most important thing to remember, however, is that in all channeling, in fact in all communication, there is something to be learned. You can listen to it all and discriminate inside yourself what is truth. I believe it is important to try to hear what a person is saying and to what he is trying to express behind the words, and then to filter out the gold from the tin, always trying to be open to new beliefs and to change.

I hope this helps.

Sincerely,

Paul Solomon

Dear Ignacio,

Many thanks for your letter and all the enclosures. What an important work you do in listing, circulating, & translating all this very useful reference material! The UMMO material is quite amazing -

When I said "Thousands" of worldwide Light Centres, I'm sure, I gave a wrong impression - I did not mean large, established centres such as you list, sending out their own literature, having their own mailing lists. I was thinking of the little groups of 2 or 3 people, (sometimes <sup>even</sup> one alone - sometimes, as in our little meditation & healing group here, up to 9) who meet in their own homes regularly to tune in to the light, & send healing & love to the world. From the "other side" they appear like a myriad candle-flames, but each invaluable in so far as they provide a light-point where new eye energy can be earthed. If we think of the mailing lists of the big centres, & how the majority of the "readers" will follow suggestions to make their own little points of light, then indeed there are thousands. The establishment of such small centres is described in Gildas Communicates and (still more fully) in my best book to date: The Healing Spectrum which <sup>also</sup> has a chapter bringing teaching on the changes more up to date. If you have any difficulty getting these books through a bookseller, they can be ordered direct from Spearman, & this is often quicker. I think I sent you the leaflet about The Healing Spectrum?

Your question (and detailed paper) about the conflicting messages received. Yes, this has bothered us,

too, especially with regard to the Changes. We have already asked Gildas about this matter, and are at present hoping (when I see Ruth which is not very often!) to get more detail about future conditions of consciousness. I think I sent you a copy of the enclosed blue paper? Anyway, here is another copy, & it does attempt to answer your question directly, followed up by the messages on the yellow papers I sent.

As I (personally) understand it, having been in teaching and counselling all my life, each individual and each group needs a different approach, a different idiom. Moreover, people are on different levels of understanding, & at a low level "truths" can even be seen in diametrical opposition. A useful image is that of an Eastern Teacher: at the lowest level imagine people around the base of a conical mountain. They all look at the peak, seeing it as Truth. Those <sup>at</sup> the south, say "truth is to the north"; those <sup>at</sup> the north say it lies to the south; both are right. Similarly with east and west. But as each soul journeys up the valleys towards the mountain top, whilst yet finding it difficult to communicate with those in other valleys, at least they come closer. At the peak they all see that "Truth is one," whatever the idiom.

(I enclose a simple but profound little article written for The New Humanity by a friend of mine on these lines.)

Also, as Gildas ~~says~~ <sup>implies</sup> at the end of the yellow paper, part of the exercise is that we must not follow a guru blindly but discriminate, think & judge for ourselves. Do you agree? I don't know whether this helps at all.

All best wishes,  
Love & peace,

Further, I would not rule out mischiefs & even evil spirits, not to deceive -

Dear "patient and dedicated consumer of channeled writings", Ignacio,

The secretary of the City of the Sun Foundation has passed your eloquent and positively stimulating letter to me today. It will be delightful to have a "rap" session with you about the questions you have raised. I will cover as many points as possible. Since I desire to answer thoroughly I can in no wise do so briefly. Please bear with my many words.

It is so wonderful from time to time, to experience those little miracles of blessings which witness so strongly to the nearness of our beloved heavenly contacts. Last night about 8:00 Pm, in my usual sitting with my Master's and Teachers a dictation came through on a subject on which I had not sought information or counsel. It (the page) still remained in my typewriter this morning when I was given your letter. You will be interested in the dictation received which was as follows:

"There is no greater joy than the pursuit of wisdom to the thirsty soul. Rivers of wisdom flow from higher realms to satisfy the thirsty soul. The thirst can be satisfied but never quenched, and souls return again and again to drink at the fountain of wisdom.

I desire to explain tonight to whomsoever may read my words in the future, that the messages, as they are descending from the highest realms, are subject to much coding and differing interpretations, as they are passed from level to level, until finally breaking through in this final appearance. And in each case, each instrument, in the various levels, is interpreting or finding their own version of the thought form that originally started on its descent to earth for manifestation. Therefore, naturally there are those occasions which present somewhat of a differentiation from the original thought. But as our recorders become more and more accustomed to our methods and our various vibrations, these differentiations, and the final conception, comes closer to the original transmission.

Unfortunately, there are those times when the intermediate processes do tend to bring in such a deformity of an interpretation that an outright error of statement slips through. This is through no fault of the recorder, or the one from whom it descends. With this in mind consider then the multitude of channels now operating in various stages of evolvement upon the planet, and the tremendous hosts or heavenly contacts active in this way, and you can readily see why occasionally discrepancies appear. We who participate in this work greatly regret these things, but until the majority of the souls on terra are living on higher levels of thought and experience, we will have to continue to accept this risk of imperfection in transmissions to earth.

When it is possible to compare facts with those of another, do so. If it is not possible, reread material again and again with a discerning spirit, to ascertain if possible where any unconscious human reasoning may have interfered with pure intuitive reception at soul level. We are cooperating here on the Space A<sup>m</sup>ada level in an attempt to better coordinate all of the channeling that is being beamed to earth. We recognize that discrepancies and differences are too often a source of hindrance to the new initiate, and an effort is being made through collaboration in upper realms to establish greater unity in the information sent forth.) Terminology of course also goes far toward disrupting a thought form of truth. We realize and accept this problem and we are striving together to overcome it." (March 17 80) So you see Ignacio, "someone" was looking over your shoulder!

I have another pertinent paragraph to share with you, which was given to me several years ago when I was in training with my Masters, "The soul receiving must become a mental bystander, then the sender is freer to work. We have many obstacles to overcome. WE also have interferences over here. We have conflicting currents and vibrations that break into our thought waves also, as the thought wave of another person might cut into your own. Nevertheless, a goodly trained and disciplined receiver will become expert at tuning out the static and tuning in clearly the material to be received."

Here is another quotation that may interest you and your Light Group. I had asked my Master, "What is the lesson of illusion?" The answer: Illusion is an aura of error self-created, and accepted as it appears. The deceived soul is enmeshed in a web of erroneous

thought which has been created by the subconscious mind. This is a common trap of the beginner in spiritual awareness. The mind has not learned to STEP ASIDE, AND THEREFORE INVOLVES ITSELF in the messages that are received. Strictest discipline is required to acquire perfect concentration and purity of contact. The Masters do NOT send forth error, but truth may be distorted and clouded by a channel. Whenever there is the slightest inclination to race ahead in thought, or to respond into that which is being transmitted, clouding may result.

Human reaction and human response must be laid aside as well as maintaining desirelessness regarding the subject under discussion. The words come clear to the trained disciple and clouding is only present whenever self feelings or personal emotion enters the communication. NEVER assume that you know the direction the message is taking or anticipate details of the subject. For then the thinking mind has become entangled and the contact is weakened. Let the comment be completed without any mental judgement on the part of the channel. This is a hindrance to the work of the one transmitting the message.

Think of a channel as a telephone, through which a message is passed to another. Inanimate, impartial, impersonal. It is quite allright to pause and wait for a word to be repeated, rather than racing off with it to some distant conclusion. Time is always a problem in messages. Avoid ~~time~~ questions involving time if possible, and delete refernces to specific time from material for higher accuracy."

→ So you can readily see this entire question is of great concern to the planetary Guardians as it is to us here. The Master's and chela's would eliminate all such if possible, and in my opinion, eventually it will be. In the meantime it is nice to know they are actively involved in trying to do something about the problem.

Then of course we must ever be alerted to the actual interferences of the Dark Ones in all activities of Light. You are obviously well read and well informed and I will not get into that phase of effect upon communication, but it must never be overlooked.

Just as all of us in embodiment are evolving on different soul rays, with different favorite approaches to the heavenly subjects, likewise the Great Ones work from different Rays. While this does not necessarily alter truth, it certainly does bring them on from a lot of different angles. Perhaps we could illustrate this thought in the idea of 5 different persons who are giving eye witness accounts of the same accident. One a mechanic, one a lawyer, one a little child, one a teen ager, and one a senior citizen. They would all be talking about the same thing, but how different the presentations would be.

Or suppose that a group from Spain, encountered a group from America, and asked them to describe employmnet, housing and terrain of America. If one American was from Alaska, and a fisherman from hot Miami, and a farmer from flat Kansas, and a coal miner from the appalachian mountains, what a set of "intrinsically controvert revelations" the group from Spain would receive.

There are certain vital facts of truth to be stressed here that do apply to the questions. While we do recognize and honor the Christ Presence in all men, we ARE here to learn that ALL LIVING BEINGS ARE AT A DIFFERENT STAGE ALONG THE PATHWAY OF DEVELOPMENT

Likewise, all communicants from upper levels are themselves traversing heavenly Pathway at different levels of attainment. The goal of all - the highest possible attainment (through initiation, both human and solar) to acheive the highest possible level of usefullness to the kingdom of God on earth. Therefore, realize, that all "holy agents" will give forth on the level of their attainment, and all channels will filter mental channeling generally on about the same level of attainment of their mentors. The universal law, "Like attracts Like" comes into action here. Therefore, the higher evolved the channel, the higher and purer the revelation. For the highly evolved rise themselves to the upper levels, and their vibrations above astral levels so much that in many cases the vibrational "stepping down process" is virtually eliminated. Remember the teachings of Jesus to be a fruit inspector. Avoid channelings that feed the human ego. A true disciple will appeal to the very highest and best in your nature and call forth the soul of you.

YOU ARE HERE TO LEARN DISCRIMINATION, ONE OF LIFE'S LESSONS

When two diametrically opposed positions are presented to you, it could be a measure of your

own spiritual integrity. GO WITHIN! Your own beautiful Christ Presence is an infallible source of all universal Light and Wisdom. If we were continually spoon-fed so to speak, by the higher spheres, we would never ~~xxx~~ develop the (discernment) so needed farther along the Pathway. It is not cruelty that impels the mother eagle to thrust the young from out the nest. those young muscles must be exercised for flight!

Truth is truth to you when you know it within yourself. Knowing is an inner level conviction, projected by your own Christ Presence. You mentioned one specific contradiction, reincarnation. Let us use that example. If you KNOW deep within your inner being that you have lived before (GO WITHIN) (you have) - no amount of "ultradimensional statements" to the contrary will disturb you AT ALL. By the same token, if an embodied person attempted to change your conviction simply by an opposite assertion, inwardly you would sigh, recognizing that persons location on the Pathway as "just not there yet." So Ignacio, do the same with an disembodied person, they, too, will be taught differently, farther along the Pathway. But if they took that negation with them into transition, then it will remain with them in thought concept, until they ascend higher and receive higher teachings. The fact of being discarnate is not any sudden bestower of wisdom. W<sup>d</sup> simply begin over there where we left off here, educationally speaking. It is unfortunate that these negating Teachers (?) do not sometimes qualify their assertions with "as far as I know" or, "in my opinion" I have been told to avoid the overly emphatic and dogmatic, also to avoid the guidance of rushing and hurry hurry nature. For where God is leading, there is no need for haste. Before we lay this paragraph to rest, I do want to mention the Universal law, ..it picks on no man, it has no favorites or is no reflector of persons, it is totally impersonal, but like the mills of the Gods, it grinds exceedingly small...and that law is the law of cause and effect, that what is sown is reaped, somehow, sometime, somewhere. Reincarnation IS AN ACTUAL UNIVERSAL PHENOMENON IN WHOLE CREATION, and I feel within me that you KNOW THIS within yourself. Bless you. Another point:

PLANETARY REVELATION IS PROGRESSIVE

So Madame Blavatsky introduced us to a Hierarchy in Heaven in (about 1875). Later the Masters sent the Spiritualism movement, which was intended to be only a stepping stone by the Masters, but souls bogged down in it and crystalized, and the Masters had to start all over again. Like the momentum of the locomotive gradually building speed..progressing through revelation as it comes to Guatama Buddha, then through great Tibetan teachers, China and on and on, each new petal unfolding like the lotus. But now in the cusp of the Aquarian age of expression, newer revelations of our day virtually speeding ahead...breath-takingly so...here you will most certainly find contradictions of today's revelations with those of past steps of older revelation because this is Planetary progression and Plan. Some statements made by the Tibetan through Alice Bailey in the 20's, Edgar Cayce in the 30's etc., have now been superceded by newer revelations in our day. Yes even Mighty ARchangels will sometimes change their plans under order of the Saturn Tribunal - the Great Karmic Board! Many prophecied cataclysmic events are being held back at this very hour by Michael's angels. But with all this I have yet one more point to make:

YOU ARE HERE TO LEARN - FOR - LIFE ITSELF IS A SCHOOL

A school necessitates many classrooms. If you have children (?), unless they are twins, likely they are instructed in different grade classrooms. That's the way growth works. Since all souls are at different stages in their spiritual evolution, I would agree with your statement that "institutional contradictions in modern revelation IS deliberate, complex and (yes) important."

For the sincere seeking soul, truly hungry, truly thirsting, will wend their way, in and out, in and out, in and out, of these "institutional" schoolrooms, until that high plateau of heavenly breezes of soul freedom is attained. The stalwart pilgrim, ever climbing will use institutional contradictions as stepping stones to higher realms. Hallelujah!

If you desire any further correspondence I would be happy to deal with some of the specific contradictions that have troubled your sincere inner quest. God bless you and yours,

I have enjoyed our session immensely!

As one who has taken upon himself the task of trying to make sense of what is happening in the U.S.A., I am constantly confronted with the myriad of secret conspiracy theories which are now in circulation. I myself am open to believing in a certain amount of conspiracy taking place behind the surface appearance of things. I personally do not believe that Lee Harvey Oswald acted alone in the assassination of John Kennedy.

However, I also do not believe that President Bush and his cohorts, themselves orchestrated September 11, or consciously colluded with those who did. I believe that Bush and his cohorts have taken tremendous advantage of the fear generated by the events of that day to implement their own agenda.

I am amazed how many people I meet continually, however, who earnestly believe in a One World Government conspiracy which is manipulating everything for their own ends. To these people I often ask the question:  If Bush and the CIA actually orchestrated 9/11 then why haven't they just  found  weapons of mass destruction in Iraq by now? Why haven't they just placed them in some remote site of discovery?  Even I am capable of believing in that level of conspiracy.

Now, if weapons of mass destruction are discovered a week before the election when Bush is trailing in the polls, I may have to rethink everything I am about to say.

The US with its Sagittarian Ascendant which can see itself as honest upright and morally strong, whether true or not, and its Ninth House Neptune in tension with Mars in Gemini, making us prone to illusion and confusion in our belief systems, makes us particularly prone to these kinds of Conspiracy theories. In my experience, Americans will believe in things which most people in other countries would never believe in.

I personally think the promoters of many of these conspiracy theories are themselves being influenced by what the Ascended Master Hilarion calls  The Dark

Forces.□

Those who know my work know that I work extensively with the Karmic Astrological information channeled from the Master Hilarion, as well as with other information coming from this same source. Of all the sources of information available out there, this is the source I trust the most.

Hilarion has a book called: □Dark Robes, Dark Brothers.□ In it he says that the dark forces exist and that they are part of God's plan, because God created everything, the dark and the light. The truth is, without darkness there is no concept or possible experience of light. It is this opposing darkness which tests us in our growth towards the light.

There is a very interesting chapter in this book in which Hilarion discusses how the dark forces attack those who are already on the path of spiritual development. He says that they do it through different teachers, or gurus, or channeled entities, who have a lot of truth, who have a lot of wisdom. Carefully interwoven with that truth and wisdom, however, consciously or unconsciously, are things which are not true. This holds the seeker back because they buy the whole package.

This is what I personally feel is taking place with many of the conspiracy theorists, for the most part, unconsciously. They have enough truth and wisdom to make the rest of what they say believable. The purpose and effect of this activity of the Dark Forces is to marginalize people. If you really believe many of those theories, that the One World Government or the Reptilian Aliens are really in control of everything, then you are not even going to bother to vote for a Democrat. Why bother?

You are also not going to be giving a very coherent argument to your cousin who thinks he should vote for Bush as to why he should reconsider.

Hilarion goes on to say that they, the Spiritual Hierarchy, cannot tell us who is good and who is bad, because this very situation serves a purpose. It is for us to develop our own powers of discrimination. Our own, what I call, □bullshit detector.□

Elsewhere, Hilarion says that if anything doesn't seem right to you, then you should reject it, because either it means that it isn't right, or it is simply information which you at this time are not capable of benefitting from. In either regard you are totally justified in rejecting it. That, however, is the kind of clear wise wisdom that tends to make me appreciate and trust Hilarion.

Hilarion has said that the Anti-Christ energy does exist on this planet today. He has said that just as the Christ is really an energy and not limited to the expression of one historical person, so too the Anti-Christ is an energy, and it exists now within elements of Politics, Business, and Military.

Nonetheless, I have a hard time with people who have more compassion for Osama Bin Laden than for George Bush. To me there is too great a temptation to want things to be black and white. To always have a bad guy, either George Bush, or Bin Laden, or the Reptilian Aliens, instead of accepting that we are all just frightened little girls and boys doing the best that we can.

Personally, I am glad that I have faith in the Ascended Masters and the Spiritual Hierarchy in service of God/Goddess/All that is as being the true ultimate power behind the orchestration of events and the evolution of life on this planet. That

behind all of the darkness and pain and suffering there is a higher plan of karmic evolution and the ultimate spiritual liberation of the human family.

For a further discussion of the unique experiment of evolution taking place on this planet and the hidden reason for the great toll of human suffering taking place on this otherwise glorious planet I refer you to the last chapter in my book on the US:

□The Experiment of Oceania.□

Blessings to you all, SteffanVanel
