

next lecture engagement, with Lois Jessop's New York Saucer Information Bureau. We were glad to get out of the Police State, too!

At this point in time we wonder how many promising UFO researchers have been bought off in this or similar ways. Capt. Bruce Cathie had an offer from American scientists in New Zealand to join their group, at a lucrative salary. He refused, of course. Others have actually become government propagandists. The heavily negative, hopeless tone of their research conclusions is one key to their duplicity. In the case of the late Clara Louise John, our Washington hostess, we wondered for whom she was "listening" and for how much?

NEW CLASSES IN THE WESTERN MYSTERY TRADITION

Sunday afternoon, 1:30 p.m., Nov. 25, 1973 we start a new series of lectures on the Kabala at the METAPHYSICAL CENTER, 758 West Highland Ave., San Bernardino, California. The Center is the service project of Ben and Barbara Hankins. We expect to present one lecture a month there on the study and practice of occult science. Opening talk title is: "The Three Great Occult Traditions". They represent the triune Power, Wisdom and Love of the Solar Logos. They stemmed from Atlantis. We see them today in the Pagan power practiced in Indo China, the Wisdom religions of the Orient (Buddhism, for instance), and in the Love and Brotherhood principles developed by the Essenes and the Gnostics in the early beginnings of Christianity in Antioch and in Alexandria. The talk is illustrated. There will be some Workshop practices in concentration, relaxation, rhythmic breathing, etc. Donation has been set at \$3 per person.

LETTERS FROM CHRISTOPHER - An English schoolboy, drowned at sea in April 1943, tells his mother of rebirth out of the flesh, and of the birth of the Christ-child in his heart as he takes up the service of rapping with English, Russian and German soldiers who have suffered similar, violent rebirths. Most important is Christopher's description of learning to use color keys and color rays to heal the wounded, shattered emotions and minds of those he tries to help. It takes an expert blending of positive colors to neutralize the fear and hate in the auras of victims of war. Christopher's interplanetary trips to Mars and to the Sun behind the sun, Sirius, are of especial interest. On Mars Etheria, Chris and his younger brother Lancelot, observe development and use of Color-Ray Keys in Etherian laboratories. These ideas were brought back to use in their own Color Therapy here on Earth Astral. Book is illustrated with picture of Chris, drawings, indexed, 110pp. . . \$4.95

"ROUND ROBIN",

RR,

TULKUS, A TIBETAN INITIATION - The only way to get out of the world alive is to construct a Solar Body or Body of Light with the mind and use that as an immortal vehicle of consciousness. Tibetan Lamas perverted this doctrine, this "thirst-quenching beverage of immortality", as Blavatsky called it, into a self-reincarnating maintenance of power and wealth as heads of their monasteries for hundreds of years, thus stifling all growth in that tragic nation. This makes fascinating and instructive reading to students of the borderland. This is the Way of the Yogin, in our Kabbalistic Lesson Series. Illustrated. \$2.00
